<html> <P>Dear Mr Vickers,</P> <P>   We always seem to lose sight of the big picture and believe that we own things. We are given them as gifts to respect while our stay on this planet and we are supposed to honor them. We as a human race are not respecting nature's gifts and it would be nice to give her back something that truly belongs to her in the first place. If we dont create some sort of balance between nature and the planet's peoples, she will forcebly take it back thru the four forces air, wind, rain, or fire. A kind gesture is always respected. Please give her one.

God Bless<IMG height=12 src="http://graphics.hotmail.com/emrose.gif" width=12></P> <DIV> <P><FONT face="Times New Roman, Times, Serif">Rosie</FONT></P></DIV> </html>
