Dear Shawn:

Thank you for your letter of January 4, outlining the site work you propose to accomplish and permit approvals you are seeking in advance of a Coastal Zone permit.

DNREC does not object to the ground-disturbing activities you detailed since you clearly state that you will not be installing Bloom Boxes or energizing related electrical equipment such as switch gear and transformers. You also noted that permitting such activities does not imply a guarantee that Bloom will receive a Coastal Zone permit.

Please contact me at 739-9006 if you need any further clarification.

Sincerely,

Lee Ann Walling
Chief of Planning
