P.O. Box 186
Hatboro, PA 19040

Dear Mr. Garner,

Re: CPS 2015 Sea Salt Facility

Thank you for contacting the Wildlife Species Conservation and Research Program about information on rare, threatened and endangered species, unique natural communities, and other significant natural resources as they relate to the above referenced project.

A review of our database indicates that there are currently no records of state-rare or federally listed plants, animals or natural communities at this project site.

We are continually updating our records on Delaware's rare, threatened and endangered species, unique natural communities and other significant natural resources. If the start of the project is delayed more than a year past the date of this letter, please contact us again for the latest information.

Please feel free to contact me with any questions or if you require additional information.

Sincerely,

A handwritten signature in cursive script that reads "Katherine M. Fleming".

Kate Fleming
Wildlife Biologist/Environmental Review Coordinator
