Re: Discharge 002, 003

Dear Mr. McCloskey:

This letter is to follow up the 24 hour phone verification with your office that occurred on 9-6-06 concerning a Storm Water discharge grab sample result for 8-24-06. Per the notification requirements of Part II, Section A.2.(b.)of the above referenced permit, we report the following:

Allen's – Harbeson Stormwater 002 Grab

Total Susp. Solids	830 mg/L
Oil & Grease	15.9 mg/L

Allen's – Harbeson Stormwater 003 Grab

BOD5	79.5 mg/L
Total Susp. Solids	2130 mg/L
Oil & Grease	36.3 mg/L

The high concentration in the grab samples are a result of solids being flushed from the yard area. We are currently investigating this situation and will inform you of our findings.

If you have any questions or need further information, please do not hesitate to contact me at (302) 684-1640.

Respectfully submitted,
ALLEN FAMLY FOODS, INC.

Michael Sause
Environmental Manager
