

DELAWARE
COASTAL ZONE ACT
PERMIT

NUMBER: 397

ISSUED TO: Millville Organic Center

TO PERMIT: The construction and operation of an organic yard waste composting facility.

SITE LOCATION: West side of Whites Neck Road, approximately 1,850 feet south of Old Mill Road, Millville, DE.

Conditions Incorporated and Made Part of this Permit:

1. This permit is conditional upon the Permittee's compliance with all other applicable permit requirements, regulations and laws of the State of Delaware.
2. Issuance of this permit does not relieve the Permittee of the legal obligation of complying with all building permits, subdivision and other applicable code requirements of the county or municipality wherein the permitted project is located.
3. If there are significant deviations from the plan and operations approved by the Secretary, the Permittee shall notify the Secretary as soon as possible. This permit may be revoked and a new permit application required if the Secretary deems the deviation to substantially change the nature of scale of the project and to be of actually or probably harm to the purposes of the Coastal Zone Act.
4. The use of the facility shall be limited to organic yard waste only. No poultry manure, sludge, or other agricultural or solid or liquid wastes shall be accepted at the site. No lumber, stumps, or construction waste shall be accepted at the site.
5. The Permittee shall install a 20-foot landscaped buffer between the roadway and the common boundary between the site and lots 12 through 18 of the Squirrel's Run subdivision. The Permittee shall also install a 50-foot landscaped buffer along the rear of the site. Buffers shall be retained for the duration of the composting operation.
