REQUEST FOR PROPOSALS FOR PROFESSIONAL SERVICES
TO PROVIDE __BIOLOGICAL SURVEY PILOT AND AIRCRAFT____
ISSUED BY __DNREC – DIVISION OF FISH AND WILDLIFE____

I. Overview

The State of Delaware __DNREC Division of Fish and Wildlife__ seeks __Biological Survey Pilot and Aircraft__. This request for proposals (“RFP”) is issued pursuant to 29 Del. C. §§ 6981 and 6982.

The proposed schedule of events subject to the RFP is outlined below:

Public Notice
Date: __9/30/2010__________

Deadline for Receipt of Proposals
Date: __10/15/2010__________

Notification of Award
Date: __11/1/2010__________

Each proposal must be accompanied by a transmittal letter which briefly summarizes the proposing firm’s interest in providing the required professional services. The transmittal letter must also clearly state and justify any exceptions to the requirements of the RFP which the applicant may have taken in presenting the proposal. Furthermore, the transmittal letter must attest to the fact that no activity related to this proposal contract will take place outside of the United States. The State of Delaware reserves the right to deny any and all exceptions taken to the RFP requirements.
II. Scope of Services

Bald Eagle Nest Monitoring: The purpose of this survey is to monitor nest success at all known Bald Eagle nest sites, and to locate new nest sites statewide. In 2009, there were approximately 57 active nest sites. At least one Zoologist (Observer) will accompany the pilot on low-level aerial monitoring of Bald Eagle nests monthly from Jan through May, preferably during the third week of each month. The survey will require approximately 1-2 flights (either full day or half day flights) during each month, for a total of 4-8 hours of flight time per month (subject to weather and data collection needs) to complete coverage statewide; each flight will last approximately 2-4 hours. Pilots must have the ability to navigate to all known nest sites using Global Positioning System (GPS) technology (nest coordinates will be provided once contract is awarded). Pilot must be able to circle the nest, providing the Zoologist with clear views into the nest bowl to assess nesting activity and chick development while limiting disturbance to nesting eagles. The ability to recognize and identify Bald Eagle nests from the air is highly desirable; this ability will reduce flight time over nest sites and minimize disturbance to adults and vulnerable nestlings. Invoices for payment may be submitted upon completion of each month’s survey.

Waterfowl Surveys: The purpose of the waterfowl surveys is to determine waterfowl numbers and concentrations over time for use in evaluating season timing, potential agricultural damage and disease outbreak sites, and to document population trends. Survey data are used by the State and by the U.S. Fish and Wildlife Service. For this contractual period, approximately 115 hours of flight time will be needed from November 2010 to October 2011 (dates are tentative and subject to change pending weather, etc):

The Waterfowl Biologist (Observer) will accompany the pilot and will conduct the identification and counts of waterfowl. Low-level flight is critical for these surveys, and as with the Bald Eagle surveys, the pilot must be skilled at providing the Biologist with clear views of waterfowl on the ground and in low-level flight. Invoices for payment may be submitted upon completion of each month’s survey.
III. Required Information

The following information shall be provided in each proposal in the order listed below. Failure to respond to any request for information within this proposal may result in rejection of the proposal at the sole discretion of the State.

A. Minimum Requirements

1. Delaware business license:
   Provide evidence of a Delaware business license or evidence of an application to obtain the business license.

2. Professional liability insurance:
   Provide evidence of professional liability insurance in the amount of $1,000,000.00.

Due to variations in the availability of aviation insurance coverage and limits, exception to the above specified AVIATION insurance coverage or limit requirements can be taken if written documentation from the bidder’s insurance company(ies) is provided stating that the required insurance coverage is not practically available. **BID PROPOSALS WILL NOT BE CONSIDERED UNTIL ANY EXCEPTION TO THE ABOVE-SPECIFIED AVIATION INSURANCE REQUIREMENTS HAS BEEN SUBMITTED IN WRITING.**

3. Primary and back-up pilot(s):
   Contractor must supply a primary pilot and at least one back-up pilot. Provide the name of the primary and back-up pilot(s) qualified to do the work.

4. Flight Instructor Certificate:
   Each pilot must possess a flight instructor certificate with at least two years at that rating. Provide documentation for instructor rating requirements for each pilot.

5. Instrument Rating
   Each pilot must have an "instrument" rating with at least three years at that rating. Provide documentation for instrument rating requirements for each pilot.

6. Contractor must be willing and able to obtain a Certificate of Waiver or Authorization from the FAA for minimum safe altitudes. Each pilot must follow current FAA rules for low-level flight; it is the pilot’s responsibility to ensure scope of work can be accomplished under FAA rules.

B. General Evaluation Requirements

1. Experience and Reputation
Each pilot must have at least two years (or 400 hours) experience doing low-level (150 ft and below) wildlife survey work. For each pilot, describe work experience (including years or experience and/or hours of experience) related to conducting low-elevation surveys for waterfowl, eagles, and other wildlife. Please also describe non-wildlife low-elevation flight experience as well (e.g. crop spraying, etc.)

2. Expertise (for the particular project under consideration)

Refer to General Evaluation Requirement #1

3. Capacity to meet requirements (size, financial condition, etc.)

Contractor must provide one high-wing primary survey aircraft and have access to at least one high-wing backup aircraft. Both aircraft must be instrument rated. The primary aircraft must be a Cessna 172 or larger (strongly prefer Cessna 172 for primary and back-up), with high-wing position suitable for viewing and counting bald eagles and waterfowl. Please list the primary and back-up aircraft available for this job.

Each aircraft must be equipped with a GPS system compatible for use on the survey plane. The GPS can be a portable unit, but the unit should be redundant differential or WAAS-capable for precise position finding. Please indicate whether or not the primary and back-up airplanes are equipped with GPS.

4. Location (geographical)

Aircraft must be available to Observer at a central Delaware location to facilitate survey work. For waterfowl surveys, it is preferable that aircraft and airstrip be accessible to Observer in the Smyrna-Dover area to facilitate consistency in running the survey routes. Do you have access to an airfield(s) in the Smyrna-Dover area? If so, where?

5. Demonstrated ability

6. Familiarity with public work and its requirements

7. Distribution of work to individuals and firms or economic considerations

8. Other criteria necessary for a quality cost-effective project

The contents of any proposal shall not be disclosed as to be made available to competing entities during the negotiation process.

   Upon receipt of vendor proposals, each vendor shall be presumed to be thoroughly familiar with all specifications and requirements of this RFP. The failure or omission to examine any form, instrument or document shall in no way relieve vendors from any obligation in respect to this RFP.
3. **Proposal Modifications**
   Any changes, amendments or modifications to a proposal must be made in writing, submitted in the same manner as the original response and conspicuously labeled as a change, amendment or modification to a previously submitted proposal. Changes, amendments or modifications to proposals shall not be accepted or considered after the hour and date specified as the deadline for submission of proposals.

4. **Proposal Costs and Expenses**
   The State of Delaware will not pay any costs incurred by any Vendor associated with any aspect of responding to this solicitation, including proposal preparation, printing or delivery, attendance at vendor's conference, system demonstrations or negotiation process.

5. **Proposal Expiration Date**
   Prices quoted in the proposal shall remain fixed and binding on the bidder at least through __12/30/2010________________. The State of Delaware reserves the right to ask for an extension of time if needed.

6. **Late Proposals**
   Proposals received after the specified date and time will not be accepted or considered. To guard against premature opening, sealed proposals shall be submitted, plainly marked with the proposal title, vendor name, and time and date of the proposal opening. Evaluation of the proposals is expected to begin shortly after the proposal due date. To document compliance with the deadline, the proposal will be date and time stamped upon receipt.

7. **Proposal Opening**
   The State of Delaware will receive proposals until the date and time shown in this RFP. Proposals will be opened only in the presence of the State of Delaware personnel. Any unopened proposals will be returned to Vendor.

   There will be no public opening of proposals but a public log will be kept of the names of all vendor organizations that submitted proposals. The contents of any proposal shall not be disclosed to competing vendors prior to contract award.

8. **Non-Conforming Proposals**
   Non-conforming proposals will not be considered. Non-conforming proposals are defined as those that do not meet the requirements of this RFP. The determination of whether an RFP requirement is substantive or a mere formality shall reside solely within the State of Delaware.
9. **Concise Proposals**

The State of Delaware discourages overly lengthy and costly proposals. It is the desire that proposals be prepared in a straightforward and concise manner. Unnecessarily elaborate brochures or other promotional materials beyond those sufficient to present a complete and effective proposal are not desired. The State of Delaware’s interest is in the quality and responsiveness of the proposal.

10. **Realistic Proposals**

It is the expectation of the State of Delaware that vendors can fully satisfy the obligations of the proposal in the manner and timeframe defined within the proposal. Proposals must be realistic and must represent the best estimate of time, materials and other costs including the impact of inflation and any economic or other factors that are reasonably predictable.

The State of Delaware shall bear no responsibility or increase obligation for a vendor’s failure to accurately estimate the costs or resources required to meet the obligations defined in the proposal.

11. **Confidentiality of Documents**

All documents submitted as part of the vendor’s proposal will be deemed confidential during the evaluation process. Vendor proposals will not be available for review by anyone other than the State of Delaware/Proposal Evaluation Team or its designated agents. There shall be no disclosure of any vendor’s information to a competing vendor prior to award of the contract.

The State of Delaware is a public agency as defined by state law, and as such, it is subject to the Delaware Freedom of Information Act, 29 Del. C. Ch. 100. Under the law, all the State of Delaware’s records are public records (unless otherwise declared by law to be confidential) and are subject to inspection and copying by any person. Vendor(s) are advised that once a proposal is received by the State of Delaware and a decision on contract award is made, its contents will become public record and nothing contained in the proposal will be deemed to be confidential except proprietary information.
Vendor(s) shall not include any information in their proposal that is proprietary in nature or that they would not want to be released to the public. Proposals must contain sufficient information to be evaluated and a contract written without reference to any proprietary information. If a vendor feels that they cannot submit their proposal without including proprietary information, they must adhere to the following procedure or their proposal may be deemed unresponsive and will not be recommended for selection. Vendor(s) must submit such information in a separate, sealed envelope labeled “Proprietary Information” with the RFP number. The envelope must contain a letter from the Vendor’s legal counsel describing the documents in the envelope, representing in good faith that the information in each document is not “public record” as defined by 29 Del. C. § 10002(d), and briefly stating the reasons that each document meets the said definitions.

Upon receipt of a proposal accompanied by such a separate, sealed envelope, the State of Delaware will open the envelope to determine whether the procedure described above has been followed.

12. Multi-Vendor Solutions (Joint Ventures)
Multi-vendor solutions (joint ventures) will be allowed only if one of the venture partners is designated as the “prime contractor”. The “prime contractor” must be the joint venture’s contact point for the State of Delaware and be responsible for the joint venture’s performance under the contract, including all project management, legal and financial responsibility for the implementation of all vendor’s systems. If a joint venture is proposed, a copy of the joint venture agreement clearly describing the responsibilities of the partners must be submitted with the proposal. Services specified in the proposal shall not be subcontracted without prior written approval by the State of Delaware, and approval of a request to subcontract shall not in any way relieve Vendor of responsibility for the professional and technical accuracy and adequacy of the work. Further, vendor shall be and remain liable for all damages to the State of Delaware caused by negligent performance or non-performance of work by its subcontractor or its sub-subcontractor.

Multi-vendor proposals must be a consolidated response with all cost included in the cost summary. Where necessary, RFP response pages are to be duplicated for each vendor.

a. Primary Vendor
The State of Delaware expects to negotiate and contract with only one “prime vendor”. The State of Delaware will not accept any proposals that reflect an equal teaming arrangement or from vendors who are co-bidding on this RFP. The prime vendor will be responsible for the management of all subcontractors.
Any contract that may result from this RFP shall specify that the prime vendor is solely responsible for fulfillment of any contract with the State as a result of this procurement. The State will make contract payments only to the awarded vendor. Payments to any subcontractors are the sole responsibility of the prime vendor (awarded vendor).

Nothing in this section shall prohibit the State of Delaware from the full exercise of its options under Section IV.B.16 regarding multiple source contracting.

b. **Sub-Contracting**

The vendor selected shall be solely responsible for contractual performance and management of all subcontract relationships. This contract allows subcontracting assignments; however, vendors assume all responsibility for work quality, delivery, installation, maintenance, and any supporting services required by a subcontractor.

Use of subcontractors must be clearly explained in the proposal, and major subcontractors must be identified by name. **The prime vendor shall be wholly responsible for the entire contract performance whether or not subcontractors are used.** Any sub-contractors must be approved by State of Delaware.

c. **Multiple Proposals**

A primary vendor may not participate in more than one proposal in any form. Sub-contracting vendors may participate in multiple joint venture proposals.

13. **Sub-Contracting**

The vendor selected shall be solely responsible for contractual performance and management of all subcontract relationships. This contract allows subcontracting assignments; however, vendors assume all responsibility for work quality, delivery, installation, maintenance, and any supporting services required by a subcontractor.

Use of subcontractors must be clearly explained in the proposal, and subcontractors must be identified by name. **Any sub-contractors must be approved by State of Delaware.**
14. **Discrepancies and Omissions**

Vendor is fully responsible for the completeness and accuracy of their proposal, and for examining this RFP and all addenda. Failure to do so will be at the sole risk of vendor. Should vendor find discrepancies, omissions, unclear or ambiguous intent or meaning, or should any questions arise concerning this RFP, vendor shall notify the State of Delaware’s Designated Contact, in writing, of such findings at least ten (10) days before the proposal opening. This will allow issuance of any necessary addenda. It will also help prevent the opening of a defective proposal and exposure of vendor’s proposal upon which award could not be made. All unresolved issues should be addressed in the proposal.

Protests based on any omission or error, or on the content of the solicitation, will be disallowed if these faults have not been brought to the attention of the Designated Contact, in writing, no later than ten (10) calendar days prior to the time set for opening of the proposals.

**a. RFP Question and Answer Process**

The State of Delaware will allow written requests for clarification of the RFP. All questions will be consolidated into a single set of responses and posted on the State’s website at [http://www.bids.delaware.gov/](http://www.bids.delaware.gov/) and [http://www.dnrec.delaware.gov/Admin/Pages/RFPsAndRFQs.aspx](http://www.dnrec.delaware.gov/Admin/Pages/RFPsAndRFQs.aspx) by 12:00 PM each Friday. Vendors’ names will be removed from questions in the responses released. Questions should be submitted in the following format. Deviations from this format will not be accepted.

- Section number
- Paragraph number
- Page number
- Text of passage being questioned
- Question

Questions not submitted electronically shall be accompanied by a CD and questions shall be formatted in Microsoft Word.

15. **State’s Right to Reject Proposals**

The State of Delaware reserves the right to accept or reject any or all proposals or any part of any proposal, to waive defects, technicalities or any specifications (whether they be in the State of Delaware’s specifications or vendor’s response), to sit and act as sole judge of the merit and qualifications of each product offered, or to solicit new proposals on the same project or on a modified project which may include...
portions of the originally proposed project as the State of Delaware may
decide necessary in the best interest of the State of Delaware.

16. **State’s Right to Cancel Solicitation**
The State of Delaware reserves the right to cancel this solicitation at any
time during the procurement process, for any reason or for no reason.
The State of Delaware makes no commitments expressed or implied, that
this process will result in a business transaction with any vendor.

This RFP does not constitute an offer by the State of Delaware. Vendor’s
participation in this process may result in the State of Delaware selecting
your organization to engage in further discussions and negotiations
toward execution of a contract. The commencement of such negotiations
does not, however, signify a commitment by the State of Delaware to
execute a contract nor to continue negotiations. The State of Delaware
may terminate negotiations at any time and for any reason, or for no
reason.

17. **State’s Right to Award Multiple Source Contracting**
Pursuant to 29 Del. C. § 6986, the State of Delaware may award a
contract for a particular professional service to two or more vendors if the
agency head makes a determination that such an award is in the best
interest of the State of Delaware.

18. **Notification of Withdrawal of Proposal**
Vendor may modify or withdraw its proposal by written request, provided
that both proposal and request is received by the State of Delaware prior
to the proposal due date. Proposals may be re-submitted in accordance
with the proposal due date in order to be considered further.

Proposals become the property of the State of Delaware at the proposal
submission deadline. All proposals received are considered firm offers at
that time.

19. **Revisions to the RFP**
If it becomes necessary to revise any part of the RFP, an addendum will
be posted on the State of Delaware’s website at
http://www.bids.delaware.gov/ and
http://www.dnrec.delaware.gov/Admin/Pages/RFPsAndRFQs.aspx. The State
of Delaware is not bound by any statement related to this RFP made by
any State of Delaware employee, contractor or its agents.

20. **Exceptions to the RFP**
Any exceptions to the RFP, or the State of Delaware’s terms and
conditions, must be highlighted and included in writing in the proposal.
Acceptance of exceptions is within the sole discretion of the evaluation
committee.
21. **Award of Contract**

The final award of a contract is subject to approval by the State of Delaware. The State of Delaware has the sole right to select the successful vendor(s) for award, to reject any proposal as unsatisfactory or non-responsive, to award a contract to other than the lowest priced proposal, to award multiple contracts, or not to award a contract, as a result of this RFP.

Notice in writing to a vendor of the acceptance of its proposal by the State of Delaware and the subsequent full execution of a written contract will constitute a contract, and no vendor will acquire any legal or equitable rights or privileges until the occurrence of both such events.

a. **RFP Award Notifications**

After reviews of the evaluation committee report and its recommendation, and once the contract terms and conditions have been finalized, the State of Delaware will award the contract.

The contract shall be awarded to the vendor whose proposal is most advantageous, taking into consideration the evaluation factors set forth in the RFP.

It should be explicitly noted that the State of Delaware is not obligated to award the contract to the vendor who submits the lowest bid of the vendor who receives the highest total point score, rather the contract will be awarded to the vendor whose proposal is the most advantageous to the State of Delaware. The award is subject to the appropriate State of Delaware approvals.

After a final selection is made, the winning vendor will be invited to negotiate a contract with the State of Delaware; remaining vendors will be notified in writing of their selection status.

C. **RFP Evaluation Process**

An evaluation team composed of representatives of the State of Delaware will evaluate proposals on a variety of quantitative criteria. Neither the lowest price nor highest scoring proposal will necessarily be selected.

The State of Delaware reserves full discretion to determine the competence and responsibility, professionally and/or financially, of vendors. Vendors are to provide in a timely manner any and all information that the State of Delaware may deem necessary to make a decision.
1. **Proposal Evaluation Team**

The Proposal Evaluation Team shall be comprised of representatives of the State of Delaware. The Team shall determine which vendors meet the minimum requirements pursuant to selection criteria of the RFP and procedures established in 29 Del. C. §§ 6981 and 6982. **The Team may negotiate with one or more vendors during the same period and may, at its discretion, terminate negotiations with any or all vendors.** The Team shall make a recommendation regarding the award to the __RFP Designated Contact__, who shall have final authority, subject to the provisions of this RFP and 29 Del. C. § 6982, to award a contract to the successful vendor in the best interests of the State of Delaware.

2. **Proposal Selection Criteria**

The Proposal Evaluation Team shall assign up to the maximum number of points for each Evaluation Item to each of the proposing vendor’s proposals. All assignments of points shall be at the sole discretion of the Proposal Evaluation Team.

The proposals all contain the essential information on which the award decision shall be made. The information required to be submitted in response to this RFP has been determined by the State of Delaware to be essential for use by the Team in the bid evaluation and award process. Therefore, all instructions contained in this RFP shall be met in order to qualify as a responsive and responsible contractor and participate in the Proposal Evaluation Team’s consideration for award. Proposals which do not meet or comply with the instructions of this RFP may be considered non-conforming and deemed non-responsive and subject to disqualification at the sole discretion of the Team.

The Team reserves the right to:

- Select for contract or for negotiations a proposal other than that with lowest costs.
- Reject any and all proposals or portions of proposals received in response to this RFP or to make no award or issue a new RFP.
- Waive or modify any information, irregularity, or inconsistency in proposals received.
- Request modification to proposals from any or all vendors during the contract review and negotiation.
- Negotiate any aspect of the proposal with any vendor and negotiate with more than one vendor at the same time.
- Select more than one vendor pursuant to 29 Del. C. §6986. Such selection will be based on the following criteria:
  - (list criteria for multiple vendor award selection)

3. **Proposal Clarification**

The Evaluation Team may contact any vendor in order to clarify uncertainties or eliminate confusion concerning the contents of a proposal. Proposals may not be modified as a result of any such clarification request.

4. **References**

The Evaluation Team may contact any customer of the vendor, whether or not included in the vendor’s reference list, and use such information in the evaluation process. Additionally, the State of Delaware may choose to visit existing installations of comparable systems, which may or may not include vendor personnel. If the vendor is involved in such site visits, the State of Delaware will pay travel costs only for State of Delaware personnel for these visits.

5. **Oral Presentations**

Selected vendors may be invited to make oral presentations to the Evaluation Team. The vendor representative(s) attending the oral presentation shall be technically qualified to respond to questions related to the proposed system and its components.

All of the vendor’s costs associated with participation in oral discussions and system demonstrations conducted for the State of Delaware are the vendor’s responsibility.
D. Contract Terms and Conditions

   a. The term of the contract between the successful bidder and the State shall be for _1_ years with __2__ extensions for a period of _1_ year_ for each extension.

   b. The selected vendor will be required to enter into a written agreement with the State of Delaware. The State of Delaware reserves the right to incorporate standard State contractual provisions into any contract negotiated as a result of a proposal submitted in response to this RFP. Any proposed modifications to the terms and conditions of the standard contract are subject to review and approval by the State of Delaware. Vendors will be required to sign the contract for all services, and may be required to sign additional agreements.

   c. The selected vendor or vendors will be expected to enter negotiations with the State of Delaware, which will result in a formal contract between parties. Procurement will be in accordance with subsequent contracted agreement. This RFP and the selected vendor’s response to this RFP will be incorporated as part of any formal contract.

   d. The State of Delaware’s standard contract will most likely be supplemented with the vendor’s software license, support/maintenance, source code escrow agreements, and any other applicable agreements. The terms and conditions of these agreements will be negotiated with the finalist during actual contract negotiations.

   e. The successful vendor shall promptly execute a contract incorporating the terms of this RFP within twenty (20) days after award of the contract. No vendor is to begin any service prior to receipt a State of Delaware purchase order signed by two authorized representatives of the agency requesting service, properly processed through the State of Delaware Accounting Office and the Department of Finance. The purchase order shall serve as the authorization to proceed in accordance with the bid specifications and the special instructions, once it is received by the successful vendor.

   f. If the vendor to whom the award is made fails to enter into the agreement as herein provided, the award will be annulled, and an award may be made to another vendor. Such vendor shall fulfill every stipulation embraced herein as if they were the party to whom the first award was made.

2. Collusion or Fraud

   Any evidence of agreement or collusion among vendor(s) and prospective vendor(s) acting to illegally restrain freedom from competition by agreement to offer a fixed price, or otherwise, will render the offers of such vendor(s) void.
By responding, the vendor shall be deemed to have represented and warranted that its proposal is not made in connection with any competing vendor submitting a separate response to this RFP, and is in all respects fair and without collusion or fraud; that the vendor did not participate in the RFP development process and had no knowledge of the specific contents of the RFP prior to its issuance; and that no employee or official of the State of Delaware participated directly or indirectly in the vendor’s proposal preparation.

Advance knowledge of information which gives any particular vendor advantages over any other interested vendor(s), in advance of the opening of proposals, whether in response to advertising or an employee or representative thereof, will potentially void that particular proposal.

3. **Lobbying and Gratuities**

Lobbying or providing gratuities shall be strictly prohibited. Vendors found to be lobbying, providing gratuities to, or in any way attempting to influence a State of Delaware employee or agent of the State of Delaware concerning this RFP or the award of a contract resulting from this RFP shall have their proposal immediately rejected and shall be barred from further participation in this RFP.

The selected vendor will warrant that no person or selling agency has been employed or retained to solicit or secure a contract resulting from this RFP upon agreement or understanding for a commission, or a percentage, brokerage or contingent fee. For breach or violation of this warranty, the State of Delaware shall have the right to annul any contract resulting from this RFP without liability or at its discretion deduct from the contract price or otherwise recover the full amount of such commission, percentage, brokerage or contingent fee.

All contact with State of Delaware employees, contractors or agents of the State of Delaware concerning this RFP shall be conducted in strict accordance with the manner, forum and conditions set forth in this RFP.

4. **Solicitation of State Employees**

Until contract award, vendors shall not, directly or indirectly, solicit any employee of the State of Delaware to leave the State of Delaware’s employ in order to accept employment with the vendor, its affiliates, actual or prospective contractors, or any person acting in concert with vendor, without prior written approval of the State of Delaware’s contracting officer. Solicitation of State of Delaware employees by a vendor may result in rejection of the vendor’s proposal.

This paragraph does not prevent the employment by a vendor of a State of Delaware employee who has initiated contact with the vendor. However, State of Delaware employees may be legally prohibited from accepting employment with the contractor or subcontractor under certain circumstances. Vendors may not knowingly employ a person who cannot legally accept employment under state or federal law. If a vendor discovers that they have done so, they must terminate that employment immediately.
5. **General Contract Terms**

   a. **Independent contractors**
      The parties to the contract shall be independent contractors to one another, and nothing herein shall be deemed to cause this agreement to create an agency, partnership, joint venture or employment relationship between parties. Each party shall be responsible for compliance with all applicable workers compensation, unemployment, disability insurance, social security withholding and all other similar matters. Neither party shall be liable for any debts, accounts, obligations or other liability whatsoever of the other party, or any other obligation of the other party to pay on the behalf of its employees or to withhold from any compensation paid to such employees any social benefits, workers compensation insurance premiums or any income or other similar taxes.

      It may be at the State of Delaware’s discretion as to the location of work for the contractual support personnel during the project period. The State of Delaware shall provide working space and sufficient supplies and material to augment the Contractor’s services.

   b. **Non-Appropriation**
      In the event the General Assembly fails to appropriate the specific funds necessary to enter into or continue the contractual agreement, in whole or part, the agreement shall be terminated as to any obligation of the State requiring the expenditure of money for which no specific appropriation is available at the end of the last fiscal year for which no appropriation is available or upon the exhaustion of funds.

   c. **Licenses and Permits**
      In performance of the contract, the vendor will be required to comply with all applicable federal, state and local laws, ordinances, codes, and regulations. The cost of permits and other relevant costs required in the performance of the contract shall be borne by the successful vendor. The vendor shall be properly licensed and authorized to transact business in the State of Delaware as provided in 30 Del. C. § 2502.

      Prior to receiving an award, the successful vendor shall either furnish the State of Delaware with proof of State of Delaware Business Licensure or initiate the process of application where required. An application may be requested in writing to: Division of Revenue, Carvel State Building, P.O. Box 8750, 820 N. French Street, Wilmington, DE 19899 or by telephone to one of the following numbers: (302) 577-8200—Public Service, (302) 577-8205—Licensing Department.

      Information regarding the award of the contract will be given to the Division of Revenue. Failure to comply with the State of Delaware licensing requirements may subject vendor to applicable fines and/or interest penalties.

2. **Proprietary Rights Indemnification**

Vendor shall warrant that all elements of its solution, including all equipment, software, documentation, services and deliverables, do not and will not infringe upon or violate any patent, copyright, trade secret or other proprietary rights of any third party. In the event of any claim, suit or action by any third party against the State of Delaware, the State of Delaware shall promptly notify the vendor in writing and vendor shall defend such claim, suit or action at vendor's expense, and vendor shall indemnify the State of Delaware against any loss, cost, damage, expense or liability arising out of such claim, suit or action (including, without limitation, litigation costs, lost employee time, and counsel fees) whether or not such claim, suit or action is successful.

If any equipment, software, services (including methods) products or other intellectual property used or furnished by the vendor (collectively "Products") is or in vendor's reasonable judgment is likely to be, held to constitute an infringing product, vendor shall at its expense and option either:

(a) Procure the right for the State of Delaware to continue using the Product(s);

(b) Replace the product with a non-infringing equivalent that satisfies all the requirements of the contract; or
(c) Modify the Product(s) to make it or them non-infringing, provided that the modification does not materially alter the functionality or efficacy of the product or cause the Product(s) or any part of the work to fail to conform to the requirements of the Contract, or only alters the Product(s) to a degree that the State of Delaware agrees to and accepts in writing.

f. Insurance

1. Vendor recognizes that it is operating as an independent contractor and that it is liable for any and all losses, penalties, damages, expenses, attorney’s fees, judgments, and/or settlements incurred by reason of injury to or death of any and all persons, or injury to any and all property, of any nature, arising out of the vendor’s negligent performance under this contract, and particularly without limiting the foregoing, caused by, resulting from, or arising out of any act of omission on the part of the vendor in their negligent performance under this contract.

2. The vendor shall maintain such insurance as will protect against claims under Worker’s Compensation Act and from any other claims for damages for personal injury, including death, which may arise from operations under this contract. The vendor is an independent contractor and is not an employee of the State of Delaware.

j. **Penalties**
The State of Delaware may include in the final contract penalty provisions for non-performance, such as liquidated damages.
k. **Termination for Cause.**

If for any reasons, or through any cause, the Vendor fails to fulfill in timely and proper manner his obligations under the contract, or if the Vendor violates any of the covenants, agreements or stipulations of the contract, the State of Delaware shall thereupon have the right to terminate the contract by giving written notice to the Vendor of such termination and specifying the effective date thereof, at least twenty (20) days before the effective date of such termination. In that event, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs and reports or other material prepared by the Vendor under the contract shall, at the option of the State of Delaware, become its property, and the Vendor shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents and other materials which is useable to the State of Delaware.

If the contract is terminated by the State of Delaware as so provided, the Vendor will be paid an amount which bears the same ratio to the total compensation as the services actually performed bear to the total services of the Vendor as covered by the contract, less payments of compensation previously made. Provided however, that if less than 60 percent of the services covered by the contract have been performed upon the effective date of termination, the Vendor shall be reimbursed (in addition to the above payment) for that portion of actual out of pocket expenses (not otherwise reimbursed under the contract) incurred by the Vendor during the contract period which are directly attributable to the uncompleted portion of the services covered by the contract.

m. **Non-discrimination**

In performing the services subject to this RFP the vendor will agree that it will not discriminate against any employee or applicant for employment because of race, creed, color, sex or national origin. The successful vendor shall comply with all federal and state laws, regulations and policies pertaining to the prevention of discriminatory employment practice. Failure to perform under this provision constitutes a material breach of contract.
