Comments:

I vehemently oppose the placement of a crematory within the property of Congo Funeral home located on Gray Avenue and West 2nd Streets. I have been a resident of the area for over 60 years. We have many elderly and young children in the area. Toxic chemicals and odor from this type of facility would be detrimental to resident health. I and members of my family have skin and breathing issues which could be exacerbated by the installation of a crematory within our neighborhood. This is not acceptable. I am also deeply disappointed that the immediate neighborhood was not consulted in this change which could negatively affect individuals and property value. Residents have not been properly notified until last steps taken. Claudette and Donald M. Evans
