**Subject:** RE: Proposed Revision to Stage II Rule and hearing

Based on discussions at the final meeting and additional internal discussions about decommissioning, the significant changes made from the draft that was circulated at the last committee meeting are:

- 1) We are allowing decommissioning of existing Stage 2 systems for any GDF on and after the effective date of the revised regulation,
- 2) We are allowing decommissioning of existing Stage 2 systems per the PEI Procedures, and
- 3) All decommissioned Stage 2 GDFs must comply with all applicable requirements established for new stations.

Regards,

Dave

**Subject:** Proposed Revision to Stage II Rule and hearing

Committee members,

Attached hereto is our proposed revision to the Stage II rule. The proposal will be published in August 1, 2014 issue of Delaware Register of Regulations. The link to it, after August 1, will be <http://regulations.delaware.gov/register/august2014/>. A public hearing has been scheduled on August 28, 2014, starting from 6 PM, at DNREC Auditorium, 89 Kings Highway, Dover, DE 19901. We are accepting comments on the proposal, from now till 15 days after the hearing.

The proposed revision has been developed based on the committee's hard work in the past 10 months or so. I want to thank all of you for your inputs and supports in the past, and anticipate your continuous supports in the future.

Regards,

Frank
