

DNREC – Division of Air Quality

**LEGAL NOTICE
PUBLIC HEARING**

The Department of Natural Resources and Environmental Control (DNREC), Division of Air Quality (DAQ) will conduct a public hearing on proposed amendments to Section 1.0 "Architectural and Industrial Maintenance Coatings" of Delaware air regulation 7 **DE Admin Code 1141 "Limiting Emissions of Volatile Organic Compounds from Consumer and Commercial Products."** The public hearing will be held on Tuesday, July 26, 2016, beginning at 6:00 PM at DNREC's Division of Air Quality, State Street Commons, 100 W. Water Street, Suite 6A, Dover, DE 19904.

The purpose of these amendments is to reduce volatile organic compounds (VOC), a contributor to the formation of ground-level ozone. Delaware currently does not meet the Federal air quality standard for ozone.

For more information on this proposed action, visit <http://www.dnrec.delaware.gov/air/Pages/reg1141sec1.aspx>.

The proposed amendments are available for public review at the Department's office at 715 Grantham Lane in New Castle and 100 W. Water Street, Suite 6A, Dover. They also will be available at the website identified above, and in the July 1, 2016 edition of the Delaware Register of Regulations at <http://regulations.delaware.gov/services/register.shtml>. Please contact David Fees at (302) 739-9402 to make an appointment to inspect the proposed amendments.

Statements and testimony may be presented either orally or in writing at the July public hearing. If you are unable to attend or wish to submit your comments in advance of the public hearing, please send your comments to the address below. Interested parties also may submit written comments to the Department, to the same address below, up until the end of the comment period, which will extend through August 11, 2016, unless a longer comment period is designated by the hearing officer at the public hearing.
