CERTIFICATION STATEMENT

I, _____ (Fire Chief) certify that all refuse and other non-building components have been removed from all buildings that are to be demolished by burning. The building(s) have been inspected by a Delaware licensed professional service firm certifying there are **zero quantities** of known or suspect asbestos containing materials present in the aforementioned structures to affect the instructional burn. (See attached documentation).

Signature of Fire Chief: _____ Date:

Name of Official: _____ Title:

Please be aware your training exercise may be terminated if it causes any unreasonable interference with a person's health, safety, comfort, or use or enjoyment of his or her real property. (See Reg. No. 1113, Section 4.4 & 4.9.)

EPA requires all facilities that are to be demolished provide DNREC-DAQ with a notification a minimum of 10 working days prior to commencing demolition (40 CFR 61.145(b) – Notification Requirements). EPA defines demolition to include the intentional burning of a structure. (40 CFR 61.141). ALL Delaware notifications can be viewed electronically via DELAWARE's ONLINE ASBESTOS NOTIFICATION SYSTEM (see <https://egov.dnrec.state.de.us/egovpublic/>)

Submit application and all attachments to the Air Quality Management Section at the address or fax number listed below.
