SUBJECT: Incomplete Application Notification

Dear Mr. Bhadsavle:

This letter is to notify Walan Specialty Construction Materials that during the technical review of the above mentioned permit application dated December 7, 2017, it was discovered that the application was incomplete due to the lack of appropriate proof of local zoning for the proposed project. The Zoning Letter included in the application references 601 Christiana Avenue. It is the Division of Air Quality's (DAQ) understanding that the proposed project will be located a 501 Christiana Avenue. Due to the lack of proper local zoning approval, the application is currently deemed incomplete. The incomplete application was legal-noticed on January 28, 2018 ending February 12, 2018. DAQ must re-advertise the permit application once the correct proof of local zoning has been provided. In addition to providing DAQ with the proper proof of local zoning, this will require Walan Specialty Construction Materials, LLC to submit the advertisement fee in the amount of \$165.00, made payable to The State of Delaware.

Should you have any questions, please feel free to contact me.

Sincerely,
