

Delaware's Clean Power Plan Listening Session

November 10, 2015

Questions for stakeholders:

1. ***How do YOU want to be engaged...?***

- a. Short term
- b. Long term

2. ***State plan approaches...?***

- a. Seeking comments and feedback on using the CPP mass-based goals.
- b. Comments on the potential advantages of different state plan pathways.

3. ***CO₂ Emission Reductions...?***

- a. Comments on the state emission goals post-2020.

4. ***Flexibility Mechanisms...?***

- a. Cost Containment Reserve
 - i. Comments and feedback on how the CCR has worked to date and the current design of the CCR.
 - ii. Comments on whether any of the CCR design elements should be reviewed and how the CCR and RGGI cap should work together when developing a CPP compliance pathway.
- b. Offsets
 - i. Comments and feedback on the RGGI offsets program including potential improvements, additional offset categories, acceptance of offsets allowances not generated from projects located in the RGGI states or listed on offset registries, and the continuation of the offsets program within the bounds of the CPP.

c. Compliance Periods

- i. Comments and feedback on the compliance process, including the interim control periods and possible improvements to the compliance process.
- ii. Comments on possibly amending the non-compliance penalty from surrendering CO₂ allowances equal to three times the number of a source's excess emissions to a CO₂ allowance penalty that may better align with the CPP's requirements, or other alternatives.
- iii. Comments on whether the RGGI control periods should align with the CPP interim step periods. If so, what are your suggestions for aligning with the CPP (e.g. extend the RGGI fourth control period to 2018-2021)?

5. ***RGGI Applicability...?***

- a. Comments on how best to address the fact that the RGGI cap includes emissions from more regulated sources than the CPP for compliance.

6. ***Broadening the RGGI Trading Market...?***

- a. Seeking comments and suggestions on the possibility of increasing the size of the current RGGI market/RGGI participating states. The RGGI states are seeking comments on possible advantages and how the RGGI states could best pursue this option.

7. ***Other***

- a. Given the fact that the Delaware auctions 100% of the CO₂ allowances, Delaware is seeking comments on whether we should participate in the CEIP program.
