

DELAWARE DIVISION OF MOTOR VEHICLES

VEHICLE EMISSION REPAIR REPORT FORM

IF YOUR VEHICLE FAILED THE EMISSIONS INSPECTION

Vehicle Driver: You are required to have those repairs performed which will permit your vehicle to pass the emissions inspection. Regardless of who performs the repairs, this form must be completed in order for you to receive more than one reinspection. A vehicle which is unable to pass a reinspection after attempting repairs may be eligible for a waiver. Starting January 2, 1997, in order to be considered for a waiver, emissions repairs must be performed by a Certified Emissions Repair Technician (CERT). All repair receipts must accompany a waiver application. Warranty repairs and repairs made to tampered emissions system control components will not count toward a waiver. Refer to your "Vehicle Inspection Program Brochure" for details on the waiver process.

Repair Technician: This form is to be completed only after emissions related repairs are performed and is not to be used as a repair estimate form. If you are a Certified Emissions Repair Technician (CERT), you are required to complete this form. Other repair technicians or vehicle owners must complete this form as a service to the customer who are required to have a completed form in order to get their vehicle reinspected.

PLEASE PRINT NEATLY

Repair Facility Name (Print owner if repairs were NOT performed at a repair facility)	Repair Facility Address	Repair Facility Telephone Number
Repair Technician	(CERT) ID Number (If Applicable)	Vehicle Tag Number
