REQUEST FOR MODIFICATIONS TO HAZARDOUS WASTE STORAGE PERMIT – The Solid and Hazardous Waste Management Section (SHWMS) has received a request from DuPont to modify the hazardous waste storage permit (HW04A22) issued to the DuPont Experimental Station located at the intersection of Route 141 and Henry Clay Road in Wilmington. These permit modifications are requested to:

Allow the Experimental Station hazardous waste storage facility to continue to manage hazardous waste, currently generated at the Experimental Station by the DuPont Performance Coatings (DPC) business, after ownership of DPC is transferred to its successor.

Incorporate container storage of the Experimental Station Thermal Waste Treatment process residues (ash and dust) into the permit. Currently, the process residues are managed as “in-process materials” not included in the scope of the permit. The existing in-process storage areas will be re-designated as permitted storage areas D, E, and F. The existing storage area prior to shipment off-site will be re-designated as Pad G. The requested modifications do not change the type or amount of waste currently being managed at the Experimental Station. As such, the requested modifications are categorized as Class 2 modifications in accordance with Delaware’s Regulations Governing Hazardous Waste (DRGHW), Section 122.42(b).

DuPont will hold a public meeting on this application on January 10, 2013 at 6:00 PM at the DuPont Country Club, Blackgates Room, on Rockland Road, Wilmington as required by DRGHW, Section 122.42. The purpose of the public meeting is to provide information and discuss issues related to the application. The applicant's contact person is Ms. Susan K. PERMITS PENDING & REVOCATION OF WASTE TRANSPORTER PERMITS – The Solid and Hazardous Waste Management Section (SHWMS) hereby gives notice that a permit application has been received from the following companies to transport regulated RCRA hazardous and/or non-hazardous solid wastes in, out of, or through the State of Delaware:

Charles C. Connell Co.; Heritage-Crystal Clean, LLC; Holland Mulch; Lewis Environmental Inc.

A public hearing concerning these applications will NOT be held unless the Secretary of DNREC receives a request for a hearing by January 31, 2013,

For additional information, please contact Ken Green at (302) 739-94063.

Pursuant to authorities granted by 7 Del. C., Chapters 60 and 63, Delaware's Regulations Governing Solid Waste, and Delaware's Regulations Governing Hazardous Waste, the DNREC is also providing notice of its intent to revoke the permits for the waste transporters identified below. Basis for the decision to revoke the permits identified is for failure of the transporter to comply with the terms of their permits requiring submission of an annual permit fee during the term of permit issuance or for failure to submit a solid waste transporter annual report. The transporters identified below have failed to respond to attempts by the SHWMS to collect the annual fee or annual report, and for failure to comply with the requirements of their permits.

JAG Expansion Group and LVI Demolition Services.

Revocation of the permits identified above shall become effective 30 days from the date of the publication of this Notice. A written request for a public hearing must be received by DNREC on or before February 15, 2013. If DNREC does not receive a timely written request for a public hearing, then the revocation will become final without further action, and any person whose interest is substantially affected by the revocation may file an appeal with the Environmental Appeals Board per 7 Del. C. §§ 6008 and 6313. For additional information please contact Karen J'Anthony at (302) 739-9403 or visit:

MIKE DAVIDSON LLC PUBLIC HEARING – The Solid and Hazardous Waste Management Section (SHWMS) will hold a public hearing at the following time and place: DNREC Auditorium, 9:00 a.m., February 11, 2013, 89 Kings Highway, Dover 19901. The public hearing will be to develop a record for an adjudication on whether the Secretary of DNREC should suspend the Department's Resource Recovery Permit No. SW 09/03 issued to Mike Davidson Enterprises, LLC for the operation of the facility located at 3051 Willow Grove Road, Camden. DNREC's Division of Waste and Hazardous Substances, Solid and Hazardous Waste Management Section seeks to suspend the permit issued to Mike Davidson Enterprises, LLC. This public notice is required by 7 Del. C. Chapter 60, but members of the public may only observe the hearing. All evidence to be considered must be presented by the parties through their attorneys. Any questions on this hearing should be directed to the Hearing Officer at 302-739-9000 or visit:

PUBLIC NOTICE INTENT TO REVOKE WASTE TRANSPORTER PERMIT – The Solid and Hazardous Waste Management Section (SHWMS) is providing notice of its intent to revoke the hazardous waste transporter permit issued to Horwith Trucks, Inc. located in Northampton, Pennsylvania. The decision to revoke the permit is based on information submitted by Horwith Trucks, Inc. indicating that it has incurred no less than 14 violations of failing to contain regulated waste, including hazardous waste, within the transport vehicle in the last five (5) years. While the

violations were not incurred in Delaware, the SHWMS has concerns about Horwith Truck's ability to comply with its Delaware permit and prevent releases in the state. This is particularly true, as the company has incurred increasing monetary penalties following each incidence of release, yet has not successfully implemented an effective program to ensure waste is contained in the vehicle, as the three (3) most recent violations occurred in September, October, and November of this year. Revocation of the permit shall become effective 30 days from the date of the publication of this Notice, unless a written request for a public hearing is received by DNREC on or before February 22, 2013. If DNREC does not receive a timely written request for a public hearing, the revocation will become final without further action. For additional information, please contact Melissa Ferree at (302) 739-9403 or visit:

PUBLIC NOTICE PERMITS PENDING - The Solid and Hazardous Waste Management Section (SHWMS) hereby gives notice that a permit application has been received from the following companies to transport regulated RCRA hazardous and/or non-hazardous solid wastes in, out of, or through the State of Delaware:

B&E Oil Services, Inc.; Blue Hen Organics; BRT, Inc.; C&H Environmental Services; Delmarva Power and Light Company; Eastern States Construction Services, Inc.; Gateway Construction, Inc.; Geppert Brothers, Inc.; Johnny Janosik, Inc.; Kroft Materials Reprocessing, Inc.; Tri-State Solid Solutions.

A public hearing concerning these applications will NOT be held unless the Secretary of DNREC receives a request for a hearing by February 7, 2013. For additional information please contact Kenneth F. Green at (302) 739-9403 or visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=1733&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

SITE INVESTIGATION AND RESTORATION SECTION – The Division's Site Investigation and Restoration Section (SIRS) is responsible for the identification, evaluation and remediation of sites in Delaware that have had past releases of hazardous substances. The Section manages the contaminated sites under three major programs in accordance with the Hazardous Substance Cleanup Act (HSCA). The three programs are the Brownfields Development Program, the Voluntary Cleanup Program (VCP) and the HSCA Enforcement Program (for sites requiring enforcement action). The Brownfields Development Program encourages the cleanup and redevelopment of vacant, abandoned or underutilized properties, which may be contaminated. A party seeking to develop such a property negotiates with SIRS for a Brownfields Development Agreement (BDA) to perform an investigation and, if necessary, a remedial action or remedy, for the purpose of addressing the risks posed by past releases of hazardous substances at these sites. However, a BDA is only available to parties that are not current site owners. The Voluntary Cleanup Program (VCP) Agreement is available to site owners, who want to clean up their sites and are already liable as a potentially responsible party for the site. For site-specific information on the following sites, please see SIRS's superfund site files database at:

<http://docs.dnrec.delaware.gov/sirbsitefiles.cfm>. Proposed and final plans of remedial action are available online at: <http://www.dnrec.delaware.gov/whs/awm/SIRB/Pages/SIRBPlans.aspx> under "Announcements."

NOTIFICATION OF NEGOTIATIONS AND THE PUBLIC COMMENT PERIOD FOR A BROWNFIELDS DEVELOPMENT AGREEMENT FOR THE 217 NEW ROAD SITE (DE-1535) –

The Site Investigation and Restoration Section (SIRS) negotiated a Brownfields Development Agreement (BDA) with the Unique Image Holdings, LLC regarding the 217 New Road Site (Site), located at 217 New Road in Wilmington. Identified by New Castle County as tax parcel numbers 19-002.00-273, the 0.42 acre Site may have had a release of hazardous substances from past

industrial use including storing above ground storage tanks at the Site. For additional information, please contact Chelsea Halley at (302) 395-2600 or visit:

FINAL PLAN OF REMEDIAL ACTION FOR THE FORMER DELMARVA RURAL MINISTRIES SITE (DE-1523)

The Site Investigation and Restoration Section (SIRS) has adopted a plan regarding the clean-up of the Former Delmarva Rural Ministries Site in Dover. The 0.5 acre Site is located at 26 Wyoming Avenue, Dover. Future development of the Site is as a parking lot. The proposed cleanup includes restricting the Site to commercial use, prohibiting land-disturbing activities, prohibiting the installation of groundwater wells without DNREC approval, and restricting building on Site prior to a vapor intrusion evaluation. DNREC issued public notice of the Proposed Plan of Remedial Action for the Former Delmarva Rural Ministries Site on December 12, 2012. There were no comments or questions from the public regarding the Proposed Plan. The public may appeal this Final Plan until January 29, 2013. For additional information, please contact Wendy March or Robert Newsome at (302) 395-2600 or visit:

PROPOSED PLAN OF REMEDIAL ACTION FOR THE 2110 NORTHEAST BOULEVARD SITE (DE-1528)

The Site Investigation and Restoration Section (SIRS) invites public comment on a proposal to clean up the 2110 Northeast Boulevard Site located in Wilmington. The 0.22-acre Site consists of an unoccupied building with a parking area and a small grassy back lot in a mixed residential/commercial area. The proposed cleanup includes preventing exposure to the contaminated surface soil by capping the Site, removing the heating oil underground storage tank, removing the asbestos-containing materials, and prohibiting the use of groundwater as drinking water. The comment period ends on February 13, 2013. For additional information, please contact Stephanie Scholl or Robert Newsome at (302) 395-2600 or visit:
