

# **Instruction for use of “Initial Notification” Form**

(Applicable to **new** motor vehicle or mobile equipment surface coating operations)

## **General**

This form may be used by facilities that operate **new** motor vehicle or mobile equipment surface coating operations to comply with the initial notification requirements in 15.7.1 of Regulation 1138. The use of this form is optional. However, other means of notification must contain the information required under 15.7.1.1 through 15.7.1.8 of Regulation 1138.

“New source” means a motor vehicle or mobile equipment surface coating operation that was not actively engaged in motor vehicle or mobile equipment surface coating operations prior to September 17, 2007.

## **Required Submittal Date**

The owner or operator shall submit an “Initial Notification” to the Department (with copy to the U.S Environmental Protection Agency) no later than 180 days after initial startup or October 11, 2010, whichever is later.

The addresses for this submittal are provided below and in Item 8 of the “Initial Notification” form.

## **Items 1 and 2**

Provide the name of the affected motor vehicle or mobile equipment surface coating operation, its physical location, and the address where compliance records are kept, if different than the physical location of the facility.

## **Items 3**

Identify the owner or operator of the affected motor vehicle or mobile equipment surface coating operation, identified in Items 1 and 2, and provide the owner or operator’s mailing address.

## **Item 4**

The owner or operator of the affected motor vehicle or mobile equipment surface coating operation indicates (checks appropriate box) whether the facility is subject to the provisions of Section 15 of Regulation 1138. The facility is subject to Section 15, if both of the following statements are applicable.

### **1. The facility is an area source.**

“Area source” means any stationary source or group of stationary sources located within a contiguous area and under common control that does not emit nor have the potential to emit considering controls, in the aggregate, 10 tons per year or more of any hazardous air pollutant (HAP) and 25 tons per year or more of any combination of hazardous air pollutants (HAPs).

## **Instruction for use of “Initial Notification” Form**

(Continued)

### **2. The facility performs spray application of coatings that contain target HAPs to any motor vehicle or mobile equipment having plastic, metal, or combination of plastic and metal components.**

“Target HAPs” are compounds of cadmium, chromium, lead, manganese, or nickel.

#### **Item 5**

The owner or operator of the affected motor vehicle or mobile equipment surface coating operation identifies (checks appropriate box) whether the motor vehicle or mobile equipment surface coating operation at the facility is a new affected source or an existing affected source.

- An affected source is **new**, if the facility was not actively engaged in motor vehicle or mobile equipment surface coating operations prior to September 17, 2007.
- An affected source is **existing**, if the facility was actively engaged in motor vehicle or mobile equipment surface coating operations prior to September 17, 2007.

#### **Item 6**

The owner or operator of the affected motor vehicle or mobile equipment surface coating operation provides a brief description of the motor vehicle or mobile equipment surface coating operation. The description must include the number of spray booths and preparations stations and the number of painters usually employed at the operations. The owner or operator should continue on blank sheet of paper and attach it to this notification, if additional space is needed.

#### **Item 7a**

Requirement 15.4 of Regulation 1138 provides the requirements that the owner or operator of an affected motor vehicle or mobile equipment surface coating operations must be in compliance with to satisfactorily demonstrate initial compliance with Section 15 of Regulation 1138.

For this form, the owner or operator would certify initial compliance with Section 15 of Regulation 1138 by checking the boxes listed under Item 7a.

#### **Item 7b**

The owner or operator of the affected motor vehicle or mobile equipment surface coating operations certifies that the “Initial Notification” is true, accurate, and complete as demonstrated by the completion of Item 7c.

#### **Item 7c**

The owner or operator of the affected motor vehicle or mobile equipment surface coating operations provides the information needed and signs the form to certify the truth, accuracy, and completeness of the notification.
