

To see data and other associated SIRS documents:

1. Go to Delaware Environmental Navigator (DEN) at:
<http://www.nav.dnrec.delaware.gov/DEN3/>
2. Once you are in DEN click on “Search Facility” (located toward the top of the left hand column, once you are in DEN. Note that this is one of several ways to search for info on a site.)
3. Click on the “ID Search” tab.
4. Use ID Number 1399. (Just the numbers.)
5. You will see “Burton Island Ash Landfill” in the results. Select the “View” box next to it. Once selected, scroll down on the left-hand side column, under “DETAILS” and click on “Documents.” There will be a list of documents that SIRS has for the site. You can sort them to see the latest, by clicking on the “Document Date” twice at the top of the far right column.
6. Some of the documents you may be looking for include:
 - Response to Comments 2011
 - Draft Comments on the RI Report
 - Remedial Investigation Report for OU-2
 - Remedial Investigation Report for OU-2, Part 2
