WHS - SITE INVESTIGATION AND RESTORATION SECTION is responsible for the identification, evaluation and remediation of sites in Delaware that have had past releases of hazardous substances. The section manages the contaminated sites under three major programs in accordance with the Hazardous Substance Cleanup Act (HSCA). The three programs are the **Brownfields Development Program, the Voluntary Cleanup Program (VCP) and the HSCA Enforcement Program** (for sites requiring enforcement action).

NOTIFICATION OF NEGOTIATIONS CONCERNING A VOLUNTARY CLEANUP PROGRAM AGREEMENT FOR THE PORT OF WILMINGTON SITE (DE-1630) The Site Investigation and Restoration Section (SIRS), on behalf of DNREC, is negotiating a VCP Agreement with the Diamond State Port Corporation regarding the Port of Wilmington Site (Site) located at 1 Hausel Road in Wilmington. The approximate 284.14 acre Site is identified on the maps of New Castle County as eight (8) tax parcel numbers: 26-064-00-003, 26-067.00-001 through -005, 26-070.00-003 and 26-073.00-002. The Site may have had a release of hazardous substances as a result of being the location for fill material at the Site. This notice expires **February 8**. For additional information, please contact the project officer, Stephen Johnson at (302) 395-2600; or visit:
<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3099&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

The Brownfields Development Program encourages the cleanup and redevelopment of vacant, abandoned or underutilized properties, which may be contaminated. A party seeking to develop such a property negotiates with SIRS for a **Brownfields Development Agreement (BDA)** to perform an investigation and, if necessary, a remedial action or remedy, for the purpose of addressing the risks posed by past releases of hazardous substances at these sites. However, a BDA is only available to parties that are not current site owners. The **Voluntary Cleanup Program (VCP) Agreement** is available to site owners, who want to clean up their sites and are already liable as a potentially responsible party for the site.

NOTIFICATION OF PUBLIC COMMENT FOR A BROWNFIELD DEVELOPMENT AGREEMENT FOR THE FORMER MIKE'S MINI MART SITE (DE-1578) the Site Investigation and Restoration Section (SIRS) negotiated a BDA with DR Holdings, LLC regarding the Former Mike's Mini Mart Site (Site), located at 1454 Frederica Road in Frederica. Identified by Kent County as tax parcel number 8-08-141.70-01-07.01, the 0.3 acre Site may have had a release of hazardous substances as a result of past use as a gas station. The public comment period began on January 11 and will close on **February 1**. Please submit written comments to the SIRS Project Manager, Rick Galloway at DNREC-SIRS, 391 Lukens Drive, New Castle, DE 19720.
