UPCOMING AIR, WASTE, & WATER-RELATED HEARINGS, MEETINGS, & EVENTS

Public Meeting on proposed repeal of the federal Clean Power Plan (Updated)

DNREC Division of Air Quality / Air Quality / Natural Resources and Environmental Control

The Department of Natural Resources and Environmental Control will hold a public meeting and listening session on Monday, **Jan. 8, 2018** at the Chase Center on the Riverfront, Wilmington, DE, to allow Delawareans to voice their views on the EPAs proposal to REPEAL the current plan to reduce carbon pollution from power plants. We anticipate limiting each speaker to five minutes but may adjust the time depending on the number of people who register to speak. Please register no later than **January 5, 2018**, by sending an email to: valerie.gray@state.de.us.

January 08, 2018 10:00 AM, Chase Center on the Riverfront, 815 Justison St, Wilmington DE 19801

For more information visit: <https://publicmeetings.delaware.gov/Meeting/56556>

DNREC Division of Water / Water / Natural Resources and Environmental Control

Regular Monthly Meeting of the Board of Certification for Wastewater Operators.

January 12, 2018 09:00 AM

Delaware Technical & Community College - Terry Campus - Corporate Training Center
100 E Campus Dr, Dover DE 19904. For more information contact Faye

Wheeler, Faye.Wheeler@state.de.us or visit: <https://publicmeetings.delaware.gov/Meeting/39388>

DNREC Division of Water / Water / Natural Resources and Environmental Control Meeting

January 25, 2018 10:00 AM

Kent County Administration Building, 555 S Bay Rd, Dover DE 19901. For more information contact Kimberly Burris, Kimberly.Burris@state.de.us or visit:

<https://publicmeetings.delaware.gov/Meeting/55885>

OPT-IN! THE DELAWARE DIVISION OF AIR QUALITY (DAQ) is committed to working with citizens to continuously optimize Delaware's air quality and protect public health, welfare, and the environment. To determine that the DAQ is meeting the air quality needs of the citizens across the state, we encourage you to participate in our opt-in list. In the future you will receive surveys that will allow us to analyze our performance. You can access the opt-in list by clicking:

https://survey.co1.qualtrics.com/jfe/form/SV_1RGZGUYt8fSuqkB

AIR QUALITY PERMITTING PROGRAM – Notice has been given that the facilities listed below have submitted applications for air quality management permits. The applications, the "draft/proposed" permits, all materials that the applicant has submitted (other than those granted confidential treatment under DNREC rules), and a copy of summary of other materials, if any, considered in preparing the "draft/proposed" permit, may be inspected at the offices of the Division of Air Quality, 100 W. Water Street, Suite 6A, Dover, 19904. **All comments and public**

hearing requests should be mailed to the following address: DIVISION OF AIR QUALITY, 100 W. Water Street, Suite 6A, Dover 19904. To submit comments, for additional information, or for an appointment to inspect the application, please contact Tracy Mattson at (302) 739-9402

LEGAL NOTICE - 7 DE Admin. Code 1102 NATURAL MINOR PERMIT APPLICATIONS

Notice has been given that:

Diamond State Port Corporation requests a construction permit for a new bulk material truck loading hopper equipped with baghouse at the Port of Wilmington. Actual emissions from the new hopper will not exceed 1.53 tons/year of PM. Permit # APC-2018/0047-C

The application for this permit may be reviewed at the offices of the Division of Air Quality, State Street Commons, 100 W. Water Street, Suite 6A, Dover, Delaware or 715 Grantham Lane, New Castle, Delaware. For additional information or for an appointment to review the application, please contact Tracy Mattson at (302) 7399402.

A public hearing on any of the above applications will NOT be held unless the Secretary of DNREC receives a request for a hearing regarding that application within 15 days from the date of this notice, ending **January 2, 2018**. A request for a hearing shall be in writing. The request must also show a familiarity with the application and a reasoned statement of the permit's probable impact.

All comments and public hearing requests should be mailed to the following address: DIVISION OF AIR QUALITY, STATE STREET COMMONS 100 W. WATER STREET, SUITE 6A, DOVER, DE 19904, (302) 739-9402. For more information

Title V Permit Renewal Application

Notice is hereby given that Printpack Inc., U.S. Flexible Division, located at 600 Grantham Lane, New Castle, Delaware, has submitted a request for a permit renewal pursuant to 7 DE Admin. Code 1130, Section 7 for operating permit: AQM-003/00093. Based on the data and certifications contained in the application, the Division of Air Quality concludes that the applicant meets all applicable requirements promulgated by the Environmental Protection Agency (EPA) and the Department of Natural Resources and Environmental Control (DNREC). Therefore a "draft/proposed" permit renewal has been prepared.

The application, the "draft/proposed" permit renewal (AQM-003/00093) all materials that the applicant has submitted (other than those granted confidential treatment under DNREC rules), and a copy of summary of other materials, if any, considered in preparing the "draft/proposed" permit renewal may be inspected at the offices of the Division of Air Quality, State Street Commons, 100 W. Water Street, Suite 6A, Dover, Delaware and 715 Grantham Lane, New Castle, Delaware. To submit comments, for additional information or for an appointment to inspect the application, please contact Tracy Mattson at the Dover Office at 739 - 9402.

The "draft/proposed" permit renewal is being submitted to EPA for concurrent processing. If there are no significant comments, the "draft/proposed" permit renewal will be issued as a final permit after expiration of the EPA review period.

A public hearing concerning the permitting action will not be held unless the Secretary of the Department of Natural Resources and Environmental Control receives a request for such hearing within thirty (30) days from the date of this notice, ending **January 8, 2018**. A request for a hearing shall be in writing and must show a familiarity with the application and a reasoned statement of the permit renewal's probable impact.

DIVISION OF AIR QUALITY STATE STREET COMMONS 100 W. WATER STREET, SUITE 6A DOVER, DE 19904 (302) 739-9402. For more information visit:

LEGAL NOTICE - 7 DE Admin. Code 1102 NATURAL MINOR PERMIT APPLICATIONS

Notice has been given that:

Verizon Wireless requests two (2) construction permits to install two (2) emergency generators, each rated at 2,500 kW. These emergency generators will replace two (2) old 1,000 kW emergency generators at their 41 Southgate Boulevard, New Castle, County of New Castle facility. The engines (3,634 BHP) used in these new generators comply with U.S. EPA regulations under the provisions of 40 CFR 89, Non-Road Tier II emissions limits. The new units are required to provide emergency back up support for additional communications equipment infrastructure. Permit Nos. APC- 2018/0048 & 0049-CONSTRUCTION.

The application for this permit may be reviewed at the offices of the Division of Air Quality, State Street Commons, 100 W. Water Street, Suite 6A, Dover, Delaware or 715 Grantham Lane, New Castle, Delaware. For additional information or for an appointment to review the application, please contact Tracy Mattson at (302) 739-9402.

A public hearing on any of the above applications will NOT be held unless the Secretary of DNREC receives a request for a hearing regarding that application within 15 days from the date of this notice, ending **January 8, 2018**. A request for a hearing shall be in writing. The request must also show a familiarity with the application and a reasoned statement of the permit's probable impact.

All comments and public hearing requests should be mailed to the following address: DIVISION OF AIR QUALITY, STATE STREET COMMONS, 100 W. WATER STREET, SUITE 6A, DOVER, DE 19904. For more information visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=4039&Source=http%3A%2F%2Fwww.dnrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeId=0x010034FD6D348B0CF04392485E93FC15AB3A>

LEGAL NOTICE - Federally Enforceable 7 DE Admin. Code 1102 PERMIT APPLICATIONS

Notice is hereby given that Siemens Healthcare Diagnostics Inc. requests a federally enforceable 7 DE Admin. Code 1102 construction permit APC-2018/0052-CONSTRUCTION (NSPS)(GACT)(FE) for the installation of one (1) natural gas fired emergency generator, rated 100 kW (162.7 HP) at Route 896 & Corporate Blvd, Newark, New Castle County, Delaware. The generator complies with the emission limitations of 40 CFR Part 60 Subpart JJJJ. Permitted emissions based on 150 hours per year are 0.05 TPY NO_x, 0.00 7TPY HC, 0.02 TPY CO, 0.001 TPY PM, and 0.0015 TPY SO₂. Upon completion of construction, the Department will incorporate the operating conditions and limits of 7 DE Admin. Code 1102 Construction permit into the facility's existing Synthetic Minor permit (Permit: APC-83/0397-OPERATION (Amendment 7)(SM)) via an Administrative Amendment.

The application, the "draft/proposed" construction permit, all materials that the applicant has submitted (other than those granted confidential treatment under DNREC rules), and a copy or summary of other materials, if any, considered in preparing the "draft/proposed" permit may be inspected at the office of the Division of Air Quality, State Street Commons, 100 W. Water Street, Suite 6A, Dover, DE 19904. To submit comments, for additional information or for an appointment to inspect the public file, please contact Tracy Mattson in the Dover office at (302) 739-9402.

The "draft/proposed" construction permit is being submitted to EPA for concurrent processing. If there are no significant comments, the "draft/proposed" construction permit will be issued as a final permit after the expiration of the EPA review period.

A public hearing on any of the above applications will NOT be held unless the Secretary of DNREC receives a request for a hearing regarding that application within 30 days from the date of this notice, ending **January 9, 2018**. A request for a hearing shall be in writing. The request must also show a familiarity with the application and a reasoned statement of the permit's probable impact. All comments and public hearing requests should be mailed to the following address:

Title V Permit Renewal Applications

Notice is hereby given that Calpine Mid-Atlantic Generation, LLC (Calpine) having three Peaking Stations (Christiana energy center, located at Christiana Avenue & Lobdell Street, Wilmington; West Energy Center, located at 1508 Newport Gap Pike, Wilmington; and Delaware City Energy Center, located on Route 9 at the Delaware City Refinery), in New Castle County, Delaware, has submitted a request for permit renewal pursuant to 7 DE Admin. Code 1130, Section 7 for Permits AQM-003/00317-Renewal 3, AQM-003/00006-Renewal 3, and AQM-003/00005-Renewal 3. Based on the data and certifications contained in the application, the Division of Air Quality concludes that the applicant meets all applicable requirements promulgated by the Environmental Protection Agency (EPA) and the Department of Natural Resources and Environmental Control (DNREC). Therefore, a "draft/proposed" Permits: AQM-003/00317-Renewal 4, AQM-003/00006-Renewal 4, and AQM-003/00005-Renewal 4 have been prepared. This "draft/proposed" permit renewal incorporate all applications and applicable requirements for all regulated air pollutants and require the facilities to comply with the terms and conditions of the permits and be liable for all violations of the permit conditions and applicable federal and state rules.

The application, the "draft/proposed" permit renewals, all materials that the applicant has submitted (other than those granted confidential treatment under DNREC rules), and a copy of summary of other materials, if any, considered in preparing the "draft/proposed" permit renewals may be inspected at the offices of the Division of Air Quality, State Street Commons, 100 W. Water Street, Suite 6A, Dover, Delaware and 715 Grantham Lane, New Castle, Delaware. To submit comments, for additional information or for an appointment to inspect the application, please contact Tracy Mattson at the Dover Office at (302) 739-9402.

The "draft/proposed" permit renewal is being submitted to EPA for concurrent processing. If there are no significant comments, the "draft/proposed" permit renewal will be issued as a final permit after expiration of the EPA review period.

A public hearing concerning the permitting action will not be held unless the Secretary of the Department of Natural Resources and Environmental Control receives a request for such hearing within thirty (30) days from the date of this notice, ending **January 16, 2018**. A request for a hearing shall be in writing and must show a familiarity with the application and a reasoned statement of the permit renewal's probable impact.

DIVISION OF AIR QUALITY

LEGAL NOTICE

DNREC to host public meeting Monday, **Jan. 8, 2018** in Wilmington as listening session on EPA's proposed repeal of federal Clean Power Plan Agency to provide opportunity for public input on EPA proposal Delaware's Department of Natural Resources and Environmental Control will host a public meeting Monday, Jan. 8, 2018 to provide an opportunity for Delawareans and citizens of other East Coast states to comment on the US Environmental Protection Agency's proposal to repeal the federal Clean Power Plan (CPP). The DNREC-sponsored listening session will begin at 10 a.m. at the Chase Center on the Riverfront, 815 Justison Street, Wilmington, DE 19801.

The goal of the Clean Power Plan is to reduce carbon pollution from coal-, oil-, and natural gas-burning power plants, all of which have been scientifically-proven as contributing to climate change. As the lowest lying state in the nation, Delaware already is experiencing the detrimental effects of climate change, and both Delaware and the nation will be further impacted by EPA's proposed repeal of the plan. Because

EPA has refused to provide a reasonable venue for Delawareans and others along the East Coast to voice their opinions on the proposed CPP repeal, DNREC has chosen to conduct a listening session enabling that opportunity. The EPA has held a public hearing only in Charleston, W. Va., and though additional hearings are planned for the Midwest and California, none are to take place on the East Coast. Comments from the Delaware public meeting will be submitted in the form of a transcript on behalf of all who speak on the proposed repeal to EPA's federal docket EPA-HQ-OAR-2017-0355.

"EPA should not take action to repeal this important rule without first hearing from our citizens – and Delaware has stepped up to host this public meeting because EPA is not offering a reasonable venue for citizens' voices to be heard," said DNREC Secretary Shawn M. Garvin. "The Clean Power Plan offers the states a vital and flexible tool to reduce greenhouse gas emissions from the nation's fossil-fuel burning power plants. We are hosting the meeting to afford the public the opportunity to participate in the EPA's decision-making process that will directly impact their lives and environment."

The federal Clean Power Plan – formally known by its EPA title "Carbon Pollution Emission Guidelines for Existing Stationary Sources: Electric Utility Generating Units (EGUs)" – was promulgated on Oct. 23, 2015. On Oct. 16, 2017 the EPA proposed repealing it. More details about the Clean Power Plan can be found on EPA's website, including the final rule, technical analyses, and other supporting information. DNREC's Division of Air Quality, which is hosting the listening session for comment on the CPP, anticipates limiting each speaker to five minutes, but time may be adjusted, depending on the number of people who register to speak. Speakers are asked to register no later than **Jan. 5** by emailing Valerie Gray (Valerie.Gray@state.de.us).

For more information on DNREC's climate and greenhouse gas mitigation programs, please visit the Clean Power Plan webpage on the DNREC website. More information about the meeting and listening session is available on the Delaware Public Meeting Calendar. DNREC – Division of Air Quality, 100 W. Water Street, Suite 6A, Dover, DE 19904. For more information

WHS - SITE INVESTIGATION AND RESTORATION SECTION (SIRS) is responsible for the identification, evaluation, and remediation of sites in Delaware that have had past releases of hazardous substances. The section manages the contaminated sites under three major programs in accordance with the Hazardous Substance Cleanup Act (HSCA). The three programs are the **Brownfields Development Program, the Voluntary Cleanup Program (VCP), and the HSCA Enforcement Program** (for sites requiring enforcement action).

The Brownfields Development Program encourages the cleanup and redevelopment of either the entire property, the expansion of the property, or the reuse of the property which may be hindered by the reasonable held belief that the property may be contaminated. A party seeking to develop such a property negotiates with SIRS for a **Brownfields Development Agreement (BDA)** to perform an investigation and, if necessary, a remedy, for the purpose of addressing the risks posed by past releases of hazardous substances at these sites. However, a BDA is only available to parties that are not current owners or operators of the site. The **Voluntary Cleanup Program (VCP) Agreement** is available to site owners who want to clean up their sites and are already liable as a potentially responsible party for the site.

NOTIFICATION OF NEGOTIATIONS FOR A BROWNFIELDS DEVELOPMENT AGREEMENT FOR THE SUSSEX LUMBER SITE (DE-0118)

Pursuant to the Hazardous Substance Cleanup Act (HSCA), 7 Del. C. Chapter 91, §9126, the Department of Natural Resources and Environmental Control (DNREC) is required to issue a public notice within twenty days after entering into negotiations for a Brownfields Development Agreement (BDA). A BDA is an agreement between DNREC and a Brownfields developer with respect to a Certified Brownfield Site that sets forth a scope of work and schedule of remedial activities during the development of the Site.

DNREC's Site Investigation and Restoration Section (DNREC-SIRS) is negotiating a BDA with Meris Properties, LLC regarding the Sussex Lumber Site (Site), located at Tract 1B, Robinsonville Road in Lewes. Identified by Sussex County as tax parcel number 234-6.00-90.00, the 8.8 acre

Site may have had a release of hazardous substances as a result of past use as an a lumber yard. For more information, please see DNREC's navigator at <http://www.nav.dnrec.delaware.gov/DEN3>.

Learn more about this Site and other Brownfields sites by accessing DNREC-SIRS' web page at <http://www.awm.delaware.gov/SIRB/Pages/Brownfields.aspx> or

by contacting the DNREC-SIRS Project Manager, Wendy March at (302) 395-2600 or wendy.march@state.de.us. For more information

The Proposed and Final Plans of Remedial Action listed below outline site cleanup activities and covenants and are available online at: <http://www.dnrec.delaware.gov/whs/awm/SIRB/Pages/SIRBPlans.aspx> under "Announcements." For site-specific information, please see DNREC's Environmental Navigator at: <http://www.nav.dnrec.delaware.gov/DEN3>

LEGAL NOTICE - PROPOSED PLAN OF REMEDIAL ACTION FOR THE 200 West 9th Street Site (DE-1637)

The Department invites public comment on a proposal to clean up of the 200 West 9th Street Site located in Wilmington, Delaware. Soil was impacted by metals including antimony, arsenic, barium, iron, lead and vanadium. Low levels of vapor were detected in the basement but do not present a risk. The contamination will be addressed by restricting soil disturbance under the basement slab, requiring a soil management plan during slab disturbance and completing a monitoring plan to monitor vapor in the building. Details of the Proposed Plan are available at the office of DNREC-SIRS (391 Lukens Drive, New Castle, DE, 19720), or online at <http://www.nav.dnrec.delaware.gov/DEN3/>. The comment period ends on **January 3, 2018**. For additional information, please contact Rick Galloway, Project Manager at (302)395-2600 or rick.galloway@state.de.us. For more information

visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=4019&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

SOLID AND HAZARDOUS WASTE MANAGEMENT SECTION - The Solid and Hazardous Waste Management Section (SHWMS) hereby gives notice that a permit application has been received from the following companies to transport regulated RCRA hazardous and/or non-hazardous solid wastes in, out of, or through the State of Delaware. The renewal application and associated documents are available for review during business hours at our agency Solid & Hazardous Waste Management Section office at 89 Kings Highway, Dover and also at our Lukens Drive office at 391 Lukens Drive in Wilmington.

PUBLIC NOTICE - National Paper Recycling of Delaware, LLC Application for Resource Recovery Facility Permit

The Department of Natural Resources and Environmental Control (DNREC) has received a permit application from National Paper Recycling of Delaware, LLC for a resource recovery facility to be located at 100 Amer Road in Wilmington. The applicant seeks to operate a materials recovery facility in order to accept, process, and store source-separated and single stream recyclables, which will be sent for recycling.

The complete application is available for review during business hours at the DNREC's Solid &

Hazardous Waste Management Section office at 89 Kings Highway in Dover and at the DNREC offices at 391 Lukens Drive in New Castle. These documents can also be found on the DNREC website at:

<http://www.dnrec.delaware.gov/dwhs/SHWMB/Pages/SolidWasteFacilities.aspx>

A public hearing concerning the request for a resource recovery facility permit will NOT be held unless the Secretary of DNREC receives a request for such a hearing within fifteen (15) days from the date of this notice, ending **January 1, 2018**. A request for a hearing shall be in writing and must show a familiarity with the application and a reasoned statement of the permit's probable impact. To submit comments, please contact Mindy Anthony, 89 Kings Highway, Dover, DE 19901, 302-739-9403 ext. 8, email mindy.anthony@state.de.us For more information visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=4029&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeId=0x010034FD6D348B0CF04392485E93FC15AB3A>

DIVISION OF WATER – GROUNDWATER DISCHARGES SECTION

LEGAL NOTICE - TEMPORARY HOLDING TANK PERMIT

Coastal Club, LLC has submitted an application for a Temporary Holding Tank Permit to serve Coastal Club – Land Bay 7. The system has been designed to accommodate 10,793 gallons per day of wastewater. The site is located at Marblehead Drive and Beaver Dam Road, tax parcel #3-34-11-5.00.

The above mentioned application may be inspected by contacting:

Kathleen Saunders
Groundwater Discharges
89 Kings Highway, Dover, DE 19901
Kathleen.Saunders@state.de.us
(302) 739-9948

A public hearing on the above application will NOT be held unless the Secretary of DNREC determines that a public hearing is in the public interest or if a written meritorious objection to the application is received within 15 days from this notice. A public hearing request shall be deemed meritorious if it exhibits a familiarity with the application and provides a reasoned statement of the action's probable impact. For more information
