SECRETARY'S ORDER

[Secretary's Order No. 2016-WH-0011](#) Approving Final Regulations to Amend 7 DE Admin. Code 1302: Delaware Regulations Governing Hazardous Waste

UPCOMING AIR, WASTE, & WATER-RELATED HEARINGS, MEETINGS, & EVENTS

BOARD OF CERTIFICATION FOR WASTEWATER OPERATORS MONTHLY MEETING

– This is a regular monthly meeting of the Board of Certification for Wastewater Operators. Meeting will take place on **April 5** from 9am to 11am at the Richardson and Robbins Building, Conference Room B172: 89 Kings Highway, Dover, DE, 19901. For additional information, contact Faye Wheeler at (302) 739-9946 or visit: <https://egov.delaware.gov/pmc/Event/Details/32993>

ON-SITE SYSTEMS ADVISORY BOARD MEETING – will be held on **April 6** from 9:15am to 11:30am at the Richardson and Robbins Building, Conference Room B228: 89 Kings Highway, Dover, DE, 19901. For additional information, contact Dryden 302-739-9948 or visit: <https://egov.delaware.gov/pmc/Event/Details/34423>

PUBLIC WORKSHOP FOR PROPOSED REVISIONS TO THE REGULATIONS GOVERNING UNDERGROUND INJECTION CONTROL

- All proposed changes will be discussed during the workshop on **April 12** from 9:30am to 10:30am at DNREC Auditorium, located at 89 Kings Highway, Dover, DE, 19901. You are invited to send in written comments prior to the public workshop and/or at any time throughout the regulatory process. For more information or directions, please contact: Kathy Potter at (302) 739-9948 or visit: <https://egov.delaware.gov/pmc/Event/Details/34474>

BOARD OF CERTIFICATION FOR WASTEWATER OPERATORS MONTHLY MEETING

– This is a regular monthly meeting of the Board of Certification for Wastewater Operators. Meeting will take place on **May 3** from 9am to 11am at the Richardson and Robbins Building, Conference Room B172: 89 Kings Highway, Dover, DE, 19901. For additional information, contact Faye Wheeler at (302) 739-9946 or visit: <https://egov.delaware.gov/pmc/Event/Details/32995>

SOURCE WATER PROTECTION CITIZEN TECHNICAL ADVISORY COMMITTEE

MEETING - The Committee will hold a meeting on **May 4** from 9am to 12pm at the Kent County Administration Complex, Conference Rooms 220 A&B, 555 Bay Road, Dover, DE, 19901. For additional information, please contact Kimberly Burris at (302) 739-9945; or visit: <https://egov.delaware.gov/pmc/Event/Details/30825>

AIR QUALITY PERMITTING PROGRAM – Notice has been given that the facilities listed below have submitted applications for air quality management permits. The applications, the "draft/proposed" permits, all materials that the applicant has submitted (other than those granted confidential treatment under DNREC rules), and a copy of summary of other materials, if any, considered in preparing the

“draft/proposed” permit, may be inspected at the offices of the Division of Air Quality, 655 S. Bay Road, Dover and 715 Grantham Lane, New Castle. **All comments and public hearing requests** should be mailed to the following address: DIVISION OF AIR QUALITY, 655 S. Bay Road, Suite 5 N, Dover, DE 19901. To submit comments, for additional information, or for an appointment to inspect the application, please contact Penny Gentry at (302) 739-9402.

NOTICE HAS BEEN GIVEN THAT NORAMCO, requests a construction permit to replace an existing reactor and install a new condenser at their facility located at 500 Swedes Landing Road, New Castle County, Delaware. Emissions from the process will not exceed 0.39 TPY of VOCs and 0.36 TPY of HAPs. The existing facility-wide emission limits will remain unchanged. APC-2016/0083-CONSTRUCTION. A public hearing on any of the above application will NOT be held unless our agency Secretary receives a request for a hearing regarding that application by **March 28**. A request for a hearing shall be in writing. The request must also show a familiarity with the application and a reasoned statement of the permit’s probable impact. For additional information visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3169&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

WHS - SITE INVESTIGATION AND RESTORATION SECTION is responsible for the identification, evaluation and remediation of sites in Delaware that have had past releases of hazardous substances. The section manages the contaminated sites under three major programs in accordance with the Hazardous Substance Cleanup Act (HSCA). The three programs are the **Brownfields Development Program, the Voluntary Cleanup Program (VCP) and the HSCA Enforcement Program** (for sites requiring enforcement action).

NOTIFICATION OF NEGOTIATIONS CONCERNING A VOLUNTARY CLEANUP PROGRAM AGREEMENT FOR THE FORMER BRANDYWINE COUNTRY CLUB (DE-1631) - The Site Investigation and Restoration Section (SIRS), on behalf of DNREC, initiated the VCP in February 1995 in an effort to lessen the time and cost required in cleaning up contaminated sites by reducing litigation. VCP Agreements are available, upon application to DNREC, to potentially responsible parties or prospective purchasers who may be liable for the contamination of a property, but who wish to settle their liabilities with DNREC under HSCA. DNREC is negotiating a VCP Agreement with the regarding the Brandywine Country Club Site (Site) located at 2822 Shipley Road in Wilmington. The approximate 111.79 acre Site is identified on the maps of New Castle County tax parcel number 06-040.00-004. The Site may have had a release of hazardous substances as a result of historical use of pesticides and herbicides at the Site. This notice expires **March 29**. For additional information, please contact the project officer, Lindsay Hall at (302) 395-2600; or visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3164&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

The Brownfields Development Program encourages the cleanup and redevelopment of vacant, abandoned or underutilized properties, which may be contaminated. A party seeking to develop such a property negotiates with SIRS for a **Brownfields Development Agreement (BDA)** to perform an investigation and, if necessary, a remedial action or remedy, for the purpose of addressing the risks posed by past releases of hazardous substances at these sites. However, a BDA is only available to parties that are not current site owners. The **Voluntary Cleanup Program (VCP) Agreement** is available to site owners, who want to clean up their sites and are already liable as a potentially responsible party for the site.

NOTIFICATION OF PUBLIC COMMENT FOR A BROWNFIELD DEVELOPMENT AGREEMENT FOR THE SEAFORD POWER PLANT SITE (DE-1031) – the Site

Investigation and Restoration Section (SIRS) negotiated a BDA with The Galleria at Riverwalk, LLC regarding the Seaford Power Plant Site located at 200 South Pine Street in Seaford. Identified on the tax maps of Sussex County as parcel number 431-5.00-291, the 1.86 acre Site may have had a release of hazardous substances from past use as a former power plant. The public comment period began on March 14 and will close on **April 4**. Please submit written comments to the Project Manager, Krystal Stanley at DNREC-SIRS, 391 Lukens Drive, New Castle, DE 19720. For additional information visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3168&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

The Proposed and Final Plans of Remedial Action listed below outline site cleanup activities and covenants and are available online at:

<http://www.dnrec.delaware.gov/whs/awm/SIRB/Pages/SIRBPlans.aspx> under “Announcements.” For site-specific information, please see DNREC’s Environmental Navigator at: <http://www.nav.dnrec.delaware.gov/DEN3>

FINAL PLAN OF REMEDIAL ACTION FOR THE VEI DOVER CROSSROADS SITE

(DE-1611) The Department has adopted a plan regarding the clean-up of the VEI Dover Crossroads Site located in Dover. The plan includes an Environmental Covenant that will restrict the use of groundwater at the Site. The Site is currently owned by Rojan DD 15, LLC. Redevelopment plans include using the Site for commercial and/or residential purposes. Our agency issued public notice of the Proposed Plan for the VEI Dover Crossroads Site on February 3. There were no comments or questions from the public regarding the Proposed Plan. The public has until **March 22** to appeal this Final Plan. For additional information, please contact Eileen Capitoli, Project Manager, or Robert Newsome, Public Information Officer, at (302) 395-2600; or visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3157&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

FINAL PLAN OF REMEDIAL ACTION FOR THE FORMER COMMUNICATIONS

PRINTERS SITE (DE-1599) The Department has adopted a plan regarding the clean-up of the Former Communications Printers Site located in Newark. The Site remedy includes an environmental covenant which restricts the property to non-residential (commercial/industrial) use. Our agency issued public notice of the Proposed Plan for the Former Communications Printers Site on February 7. There were no comments or questions from the public regarding the Proposed Plan. The public has until **March 22** to appeal this Final Plan. For additional information, please contact Stephanie Gordon, Project Manager, or Robert Newsome, Public Information Officer, at (302) 395-2600; or visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3155&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

PROPOSED PLAN OF REMEDIAL ACTION FOR THE LIQUID ALCHEMY SITE DE-

1605- The Department invites public comment on a proposal to clean up a portion of the Liquid Alchemy Site in Wilmington. The Site will be used for the production of mead. The comment period ends on **April 8**. For additional information, please contact Kristen Thornton, Project Manager, or Robert Newsome, Public Information Officer, at (302)395-2600; or visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3176&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

[es%2FAAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A](http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3175&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A)

PROPOSED PLAN OF REMEDIAL ACTION FOR THE FORMER MORHEAT SITE- The Department invites public comment on a proposal to clean up a portion of the Former Morheat Site in Wilmington. The Site will be used as temporary container storage. The comment period ends on **April 8**. For additional information, please contact Kristen Thornton, Project Manager, or Robert Newsome, Public Information Officer, at (302)395-2600; or visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3175&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

PROPOSED PLAN OF REMEDIAL ACTION FOR THE FORMER GREENWOOD SERVICE CENTER, DE-1619- The Department invites public comment on a proposal to clean up Former Greenwood located in Greenwood, Delaware. Subsurface soil is impacted by ethylbenzene, xylenes, 2-methylnaphthalene, and cyanide but does not present a risk under residential, construction or commercial use scenarios. Groundwater is impacted by benzene, ethylbenzene, isopropylbenzene, tetrachloroethene, toluene, xylenes, 1,1'-biphenyl, 2-methylnaphthalene, naphthalene, iron and manganese. Drinking the Site groundwater does present a risk for a potential resident. However the on-Site drinking water well is screened in a confined drinking water aquifer which is not contaminated so there is no risk to drinking this well water. The comment period ends on **April 8**. For additional information, please contact Rick Galloway, Project Manager, or Robert Newsome, Public Information Officer, at (302)395-2600; or visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3174&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

Proposed Plan of Remedial Action for the Stevenson Lane Site, DE-0224- The Department invites public comment on a Proposed Plan for the Stevenson Lane Site located in Georgetown, Delaware. The Site is an open area with piles of soil, rubble and solid debris randomly distributed on the surface of approximately 2.02 acres, with dirt access roads to Stevenson Lane. The comment period ends on **April 8**. For additional information, please contact Meghan Crystall, Project Manager, or Robert Newsome, Public Information Officer, at (302) 395-2600; or visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3172&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

DIVISION OF WATER - GROUND WATER DISCHARGES -The Division of Water hereby gives notice that the applications below are available for inspection or copies may be obtained by contacting: Kathleen Saunders, Ground Water Discharges, 89 Kings Highway, Dover – 19901, or by calling (302) 739-9948.

Non-Hazardous Liquid Waste Transporters Permit

Clark's Environmental Services, LLC has applied to the Ground Water Discharges Section for an amendment to their Non-Hazardous Liquid Waste Transporters Permit WH-213 to include the New Castle County Sewer System as a disposal site for Dissolved Air Flotation (DAF) material and grease trap waste. A public hearing will NOT be held unless our agency Secretary determines that a public hearing is in the public interest, or if a written meritorious objection to the application is received by **March 28**. A public hearing request shall be deemed meritorious if it exhibits a familiarity with the application and provides a reasoned statement of the action's probable impact. For additional information visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3170&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

Burns and McBride, Inc. has applied to the Ground Water Discharges Section for a Non-Hazardous Liquid Waste Transporters Permit to transport other non-hazardous liquid waste (trash/recycle cart wash water) to be disposed of at the New Castle County Sewer System. A public hearing will NOT be held unless our agency Secretary determines that a public hearing is in the public interest, or if a written meritorious objection to the application is received by **March 28**. A public hearing request shall be deemed meritorious if it exhibits a familiarity with the application and provides a reasoned statement of the action's probable impact. For additional information visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3170&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

Queen Bee's Septic LLC has applied to the Ground Water Discharges Section for a Non-Hazardous Liquid Waste Transporters Permit to transport septage and holding tank waste to be disposed of at the New Castle County Sewer System. A public hearing will NOT be held unless our agency Secretary determines that a public hearing is in the public interest, or if a written meritorious objection to the application is received by **April 14**. A public hearing request shall be deemed meritorious if it exhibits a familiarity with the application and provides a reasoned statement of the action's probable impact. For additional information visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3177&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

On-Site Wastewater Treatment and Disposal System

Captain's Way Development, LLC has submitted an application for a construction permit for an on-site wastewater treatment and disposal system for the Captain's Way Subdivision. The system has been designed to accommodate 57,491 gallons per day of wastewater. The site is located approximately 2,500 feet from the intersection of Holly Tree Road and SR 16, Sussex County, tax parcel # 2-35-13-02.00. A public hearing will NOT be held unless our agency Secretary determines that a public hearing is in the public interest, or if a written meritorious objection to the application is received by **April 14**. A public hearing request shall be deemed meritorious if it exhibits a familiarity with the application and provides a reasoned statement of the action's probable impact. For additional information visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3177&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

DIVISION OF WATER - SURFACE WATER DISCHARGES – The Division of Water hereby gives notice that the following permit application has been received. For additional information or to inspect the applications below contact, Brian Churchill, Surface Water Discharges Section - Division of Water, 89 Kings Highway, Dover, DE 19901, (302) 739-9946.

AGRICULTURAL UTILIZATION PERMIT RENEWAL

Enviro-Organic Technologies, Inc. of New Windsor, Maryland is permitted, under State Permit Number AGU 1103-K-05, to operate a land treatment system for the agricultural utilization of DAF solids, from approved locations, under V of the Department's Guidance and Regulations Governing the Land Treatment of Wastes. DAF solids are required to undergo periodic analysis for a list of parameters including nutrient content. The DAF solids do not contain sanitary waste. The DAF solids are applied at agronomic rates onto approved portions of a farm, known as the Stanley Collier Farm, located on the south side of Brownsville Road (Road 111), the east side of Ingram Branch Road (Road 291), the north side of Layton Corners Road (Road 296) and approximately 7 miles west of Harrington. The farm is comprised of a total of approximately 600

acres, 360 of which are suitable for land application. Enviro-Organic Technologies, Inc. has requested that their existing permit to operate a land treatment system for the agricultural utilization of DAF solids, under Part V of the Department's Guidance and Regulations Governing the Land Treatment of Wastes, be renewed. Part's V of the Department's Guidance and Regulations Governing the Land Treatment of Wastes allows for such activity pending public notice. A public hearing on the above application will NOT be held unless our agency Secretary determines that a public hearing is in the public interest or if a written meritorious objection to the application is received by **April 15**. A public hearing request shall be deemed meritorious if it exhibits a familiarity with the application and provides a reasoned statement of the action's probable impact. For additional information visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3171&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

Synagro Central, LLC. currently has a permit, State Permit Number AGU 1601-S-03, to operate a land treatment system for the agricultural utilization of biosolids under Part III, B., of the Guidance and Regulations Governing the Land Treatment of Wastes. The current permit authorizes Synagro Central, LLC. to land apply limited quantities of biosolids, generated by the Town of Georgetown Wastewater Treatment Plant that have undergone a "Process to Significantly Reduce Pathogens", onto approved farmland owned by Baxter Farms Inc., totaling approximately 240 acres. The biosolids, soils, and groundwater at the permitted farm undergo periodic analysis for a list of specific parameters including nutrient content and metals. Synagro Central, LLC. has requested amendment of the aforementioned permit to include additional land owned by Baxter Farms Inc. The proposed new land consists of approximately 170 acres of land. The new fields are located approximately 3 miles southeast of Georgetown, immediately southeast of the existing permitted fields, and boarder both sides of Governor Stockley Road and Zoar Road. The biosolids will be delivered to the site in accordance with Delaware Waste Transporters Permit No. OH-254 where they will be land applied at agronomic rates. The Department's Guidance and Regulations Governing the Land Treatment of Wastes, Part III, B., Regulations Governing the Land Treatment of Sludges and Sludge Products allows for such activity pending public notice. A public hearing on the above application will NOT be held unless our agency Secretary determines that a public hearing is in the public interest or if a written meritorious objection to the application is received by **April 15**. A public hearing request shall be deemed meritorious if it exhibits a familiarity with the application and provides a reasoned statement of the action's probable impact. For additional information visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3167&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

DIVISION OF WATER - WATER SUPPLY - The Division of Water hereby gives notice that the following well permit application has been received. For additional information concerning the applications below, please contact Allison Diggins/Water Supply Section - 89 Kings Highway, Dover, DE 19901; or, by phone at (302) 739-9945.

Well Permits

Paf, LLC. proposes to construct an irrigation well, located 400 feet west of Tyndall Road, in Georgetown, Sussex County. The well is proposed to be 100 feet deep and 16 inches in diameter. The desired capacity of this well is 800 gpm. A public hearing will NOT be held unless our agency Secretary determines that a public hearing is in the public interest, or if a written meritorious objection to the application is received by **April 4**. A public hearing request shall be deemed meritorious if it exhibits a familiarity with the application and provides a reasoned statement of the action's probable impact. For additional information visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3178&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

DIVISION OF WATER - WETLANDS AND SUBAQUEOUS LANDS SECTION – The Division of Water hereby gives notice that the applications below are available for inspection or copies may be obtained by contacting: Gayle Calder, Wetlands and Subaqueous Lands Section, 89 Kings Highway, Dover – 19901, or by calling (302) 739-9943. A public hearing on the applications below will NOT be held unless our agency Secretary determines that a public hearing is in the public interest, or if a written meritorious objection to the application is received by **March 29**. For additional information, please visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3165&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

Subaqueous Lands Lease Renewal Application

Robert Ruberto (234-24.00-61.00) To renew a lease to maintain a 6 by 29 foot long pier, a 6 by 29 foot long dock and boatlift with 4 associated pilings in Guinea Creek at 11 Creek Drive , Winding Creek Village, Millsboro, Sussex County

Subaqueous Lands Permit Application

Kyaw Shinn (133-19.00-271.00) To construct a 4 by 5 foot long pier and 5 by 20 foot long dock in an unnamed lake at 29736 Lakewood Drive, Lakewood Estates, Millsboro, Sussex County

Cape Shores Homeowner's Association (335-5.00-240.00) – To jet spray, jacket and fill voids in 23 piles of an existing pier in Breakwater Harbor in the Delaware Bay at Cape Shores, Lewes, Sussex County

Richard Brown(134-9.00-267.01) To repair by replacing 50 linear feet of bulkhead and to install a 3 by 50 foot long dock in an unnamed lagoon at 38187 Martins Way, Ocean View, Sussex County

Winterthur Museum Garden and Library (0701200037) Rehabilitate a stone weir outfall structure and dredge 1,590 cubic yards of material from a pond in Clenny Run and dispose of the dredged material on-site at the Winterthur Museum, Garden and Library, Kennett Pike, Winterthur, New Castle County

City of Dover (2050771301500000001) Construct a bypass channel draining to the Saint Jones River including a concrete headwall and stilling basin as part of a drainage improvement and water quality improvement project at the City of Dover Public Works Yard at the south end of Kerbin Street, Dover, Kent County

Subaqueous Lands Lease Application

Peter Thompson (335-4.14-62.00) To install a 4 by 20 foot long gangway and 6 by 40 foot long floating dock extending from southern adjacent fixed pier as well as a 6by20 foot long kayak dock adjacent to bulkhead at 8 Breakwater Street, Lewes, Sussex County

Cynthia Battles (234-35.05-119.00) To construct a 4 by 214 foot long pier and 6 by 40 foot long dock and to repair by replace two 40 foot long jetties in the Indian River Bay at 28492 Smiths Landing, Millsboro, Sussex County

Subaqueous Lands Permit and Wetlands Application

Delaware Department of Transportation - (adjacent to200-09500-01-0100-00001) To place 221 cubic yards of riprap in 2,650 square feet, to remove a pedestrian bridge from 1,416 square feet, and to temporarily place erosion control materials in 5,381 square feet of the St. Jones River; and to excavate 60 cubic yards of material and to temporarily cross 1,500 linear feet of a disturbed mapped tidal wetlands, adjacent to the St. Jones River at Sorghum Mill Road, Dover, Kent County

EMPLOYEE NEWS

Brian Dotterer accepted a position as an Environmental Control Technician III with the Division of Water, Groundwater Discharges, Small Systems in Georgetown, effective **February 22**. Welcome!

Mike McCullough accepted a position as an Environmental Scientist with the Division of Air Quality, Air Surveillance Section effective **February 22**. Welcome!

Brandon Ranalli accepted a position as an Environmental Control Technician III with the Division of Water, Groundwater Discharges, Small Systems in Georgetown effective **March 6**. Brandon was a seasonal Biological Aide from the Division of Fish and Wildlife, Mosquito Control Section before coming to the Division of Water. Congrats!

Aaron Schneider, a seasonal Environmental Scientist I with the Division of Air Quality, started a new career with D.C. Department of Energy and Environment. Aaron's last day was **March 10**. We're happy for him!

Through competitive promotion, Scott Eichholz accepted the position of an Environmental Program Manager I, with the Division of Water, Groundwater Discharges, Small Systems in Dover effective **March 20**. Scott was an Environmental Scientist III within the same division. Congrats!
