SECRETARY'S ORDERS

Secretary's Order No. 2018-W-0044

RE: Application of Angola By The Bay, Property Owners Association, to construct and operate an additional twenty-four (24) slips to its existing 130-slip Marina, thus necessitating Applicant to obtain the following: (1) Renewal Amendment of the existing Marina Permit; (2) a Subaqueous Lands Permit and Water Quality Certification; and (3) Renewal Amendment of the existing Subaqueous Lands Lease. Hearing officer's report and technical response memorandum included.

Secretary's Order No. 2018-W-0045

RE: Application of Hometown Angola Beach, LLC, to construct a major marina alteration to Angola Beach and Estates Marina by installing an additional fifty-two (52) slips to its existing seventy-six (76) slip Marina, thus necessitating Applicant to obtain the following: (1) Renewal/Amendment of the existing Marina Permit; (2) a Subaqueous Lands Permit and Water Quality Certification; and (3) Renewal/Amendment of the existing Subaqueous Lands Lease. Hearing officer's report and technical response memorandum included.

Secretary's Order No. 2018-A-0046

RE: Application of Mountaire Farms of Delaware, Inc., to amend its existing Reg. 1102 Natural Minor Permit to allow for replacement of two (2) existing baghouses with two (2) new reverse air flow baghouses for Receiving Pit Nos. 1 and 3 at its Millsboro facility, located at 29106 John J. Williams Highway, Millsboro, in Sussex County, Delaware. Hearing officer's report and technical response memorandum included

UPCOMING AIR, WASTE, & WATER-RELATED HEARINGS, MEETINGS, & EVENTS

LEGAL NOTICE - PUBLIC HEARING

The Department of Natural Resources and Environmental Control (DNREC) Division of Air Quality will conduct a public hearing on the proposed State Implementation Plan (SIP) Revision to Address the Clean Air Act Section 110 Infrastructure Elements for the 2015 Ozone NAAQS.

On October 1, 2015, the Environmental Protection Agency (EPA) promulgated a revised National Ambient Air Quality Standard (NAAQS) for ground-level ozone at a level of 0.070 parts per million (ppm). Pursuant to sections 110(a)(1) and 110(a)(2) of the Clean Air Act (CAA), each state is required to submit to the EPA a State Implementation Plan (SIP) to provide for the implementation, maintenance, and enforcement of a newly promulgated or revised NAAQS. This SIP revision fulfills this requirement relative to the 2015 ozone NAAQS.

This SIP revision further demonstrates how Delaware's SIP satisfies CAA §110(a)(2)(D)(i)(I), also known as the "good neighbor provision." In particular, the good neighbor provision requires each state to demonstrate that emissions from sources within that state do not contribute significantly to nonattainment in, or interfere with maintenance by, any other state with respect to a particular

NAAQS. In this SIP revision, Delaware shows it satisfies the good neighbor provisions for the 2015 ozone NAAQS by showing that all non-trivial sources of emissions of nitrogen oxides (NOx) and volatile organic compounds (VOCs) in Delaware are well controlled.

The public hearing on this proposed revision to Delaware's SIP will be held at **6:00 PM on, August 22** at the Division of Air Quality's office located at State Street Commons, 100 W. Water Street, Suite 6A, Dover, DE 19904.

The proposed revision to Delaware's SIP may be inspected at the Department's offices located State Street Commons, 100 W. Water Street, Suite 6A, Dover, DE 19904.

For additional information or any appointments to inspect the proposed revision to Delaware's SIP, please contact Mark A. Prettyman with the Division of Air Quality's offices located at State Street Commons, 100 W. Water Street, Suite 6A, Dover, DE 19904, or by phone at 302-739-9402, or by email at mark.prettyman@state.de.us.

Interested parties shall submit comments in writing on the proposed revision to Delaware's SIP by the end of the comment period, as designated by the hearing officer at this hearing, to Mark A. Prettyman and/or statements and testimony may be presented either orally or in writing at the, August 22 public hearing. It is requested that those interested in presenting statements at the public hearing register in advance and that written statements and comments be addressed to: Mark A. Prettyman, DNREC – Division of Air Quality, State Street Commons, 100 W. Water Street, Suite 6A, Dover, DE 19904. **THIS IS THE ONLY TIME THIS NOTICE WILL APPEAR.** For more information

NOTICE OF PUBLIC HEARING - 7 DE Admin. Code 1147 – Carbon Dioxide Budget Trading Program

The Department of Natural Resources and Environmental Control, Division of Air Quality will hold a public hearing on a proposed amendment to 7 DE Admin. Code 1147– CARBON DIOXIDE (CO2) BUDGET TRADING PROGRAM (i.e., the RGGI program). Participating States of the Regional Greenhouse Gas Initiative (RGGI) conducted a program review process that lead to amendments to the Model Rule. The amendments included a change in the size and structure of the CO2 allowance cap as well as other program modifications.

The public hearing on this proposed amendment to 7 DE Admin. Code 1147 will be held **August 29 at 6:00 PM** at the Richardson & Robbins (R&R) Building located at 89 Kings Hwy Dover, DE 19901.

The proposed regulation and amendments may be inspected at the Department's offices located at 100 W. Water Street Suite 6A, Dover and 715 Grantham Lane, New Castle, or on the Division of Air Quality's website at:

<http://www.dnrec.delaware.gov/Air/Pages/RegionalGreenhouseGasInitiative.aspx>

For additional information or any appointments to inspect the proposed regulation or amendments, please contact Valerie Gray at (302) 739-9402, or at valerie.gray@state.de.us.

Interested parties may submit comments in writing on this proposed amendment prior to the public hearing and/or comments may be presented either orally or in writing at the public hearing. Public comment period closes September 14, 2018. If you are unable to attend the public hearing or wish to submit your comments in advance of the public hearing, please address your comments to: Valerie Gray, DNREC – Division of Air Quality, 100 W. Water Street, Suite 6A, Dover, DE 19904. For more information

visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=4334&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeId=0x010034FD6D348B0CF04392485E93FC15AB3A>

Board of Certification for Wastewater Operators Monthly Meeting

DNREC Division of Water / Water / Natural Resources and Environmental Control
Regular Monthly Meeting of the Board of Certification for Wastewater Operators.

September 04 at 09:00 AM, Richardson & Robbins Building, 89 Kings Hwy, Dover DE 19901. Contact faye.wheeler@state.de.us, 302-739-9946 or visit: <https://publicmeetings.delaware.gov/Meeting/50806>

On-Site Systems Advisory Board

DNREC Division of Water / Water / Natural Resources and Environmental Control Monthly Meeting, **September 05 at 09:15 AM**, Richardson & Robbins Building, 89 Kings Hwy, Dover DE 19901. Contact dawn.dryden@state.de.us, 302-739-9948. You may also visit: <https://publicmeetings.delaware.gov/Meeting/56843>

HSCA Advisory Committee

DNREC Division of Waste and Hazardous Substances / Waste and Hazardous Substances / Natural Resources and Environmental Control Review and provide guidance and input for DNREC's cleanup programs regulated under the Hazardous Substance Cleanup Act (HSCA).

September 06 at 9:00 AM, Department of Natural Resources & Environmental Control, 391 Lukens Dr., New Castle DE 19720. Contact christina.wirtz@state.de.us, 302-395-2600. You may also visit: <https://publicmeetings.delaware.gov/Meeting/60044>

DNREC Division of Water / Water / Natural Resources and Environmental Control Board Meeting, **September 11 at 09:30 AM**, Richardson & Robbins Building, 89 Kings Hwy Dover DE 19901. Contact: sarah.silves@state.de.us , 302-739-9944 or visit: <https://publicmeetings.delaware.gov/Meeting/56816>

DIVISION OF AIR QUALITY

OPT-IN! THE DELAWARE DIVISION OF AIR QUALITY (DAQ) is committed to working with citizens to continuously optimize Delaware's air quality and protect public health, welfare, and the environment. To determine that the DAQ is meeting the air quality needs of the citizens across the state, we encourage you to participate in our opt-in list. In the future you will receive surveys that will allow us to analyze our performance. You can access the opt-in list by clicking: https://survey.co1.qualtrics.com/jfe/form/SV_1RGZGUYt8fSugkB

AIR QUALITY PERMITTING PROGRAM – Notice has been given that the facilities listed below have submitted applications for air quality management permits. The applications, the “draft/proposed” permits, all materials that the applicant has submitted (other than those granted confidential treatment under DNREC rules), and a copy of summary of other materials, if any, considered in preparing the “draft/proposed” permit, may be inspected at the offices of the Division of Air Quality, 100 W. Water Street, Suite 6A, Dover, 19904. **All comments and public hearing requests** should be mailed to the following address: DIVISION OF AIR QUALITY, 100 W. Water Street, Suite 6A, Dover 19904. To submit comments, for additional information, or for an appointment to inspect the application, please contact Tracy Mattson at (302) 739-9402.

Federally Enforceable 7 DE Admin. Code 1102 Applications

Notice is hereby given that University of Delaware having a facility at STAR Campus, 550 South College Avenue, Newark, Delaware, has requested a federally enforceable 7 DE Admin. Code 1102 construction permits (APC-2018/0110-CONSTRUCTION(NSPS)(MNSR)(FE), APC-2018/0111-CONSTRUCTION (NSPS)(MNSR)(FE), APC-2018/0112-CONSTRUCTION (NSPS)(MNSR)(FE)) for 4.66 TPY NO_x, 0.04 TPY PM, 1.26 TPY CO, and 0.14 TPY VOC for each of three (3) identical 600 HP boilers fired on natural gas. A limit on natural gas consumption has been applied to comply with 7 DE Admin. Code 1125, Minor New Source Review. Upon completion of construction, the Department will incorporate the operating conditions and limits of the 7 DE Admin. Code 1102 Construction permit into the facility's existing Title V permit (Permit: AQM-003/00022 (Renewal 3)) via an Administrative Amendment. The application, the “draft/proposed” construction permit, all materials that the applicant has

submitted (other than those granted confidential treatment under DNREC rules), and a copy of summary of other materials, if any, considered in preparing the "draft/proposed" permit may be inspected at the offices of the Division of Air Quality, State Street Commons, 100 W. Water Street, Suite 6A, Dover, Delaware and 715 Grantham Lane, New Castle, Delaware. To submit comments, for additional information or for an appointment to inspect the application, please contact Tracy Mattson at the Dover Office at 739-9402.

The "draft/proposed" construction permit is being submitted to EPA for concurrent processing. If there are no significant comments, the "draft/proposed" construction permit will be issued as a final permit after the expiration of the EPA review period.

A public hearing on the above application will NOT be held unless the Secretary of DNREC receives a request for a hearing regarding that application within 30 days from the date of this notice, ending **August 21**. A request for a hearing shall be in writing. The request must also show a familiarity with the application and a reasoned statement of the permit's probable impact. All comments and public hearing requests should be mailed to the following address:

DIVISION OF AIR QUALITY, STATE STREET COMMONS, 100 W. WATER STREET, SUITE 6A DOVER, DE 19904, (302) 739-9402. For more information

LEGAL NOTICE - TITLE V SYNTHETIC MINOR PERMIT APPLICATIONS

Notice is hereby given that Allan Myers, Delaware, Inc. has submitted an application, pursuant to 7 DE Admin. Code 1102, Section 2.1, 11.2.9, and 12.3 for construction of a 350 HP (Tier 4) impact crusher and a 110 HP (Tier 4) screener with associated conveyors at **3700 Bay Road, Dover, Delaware**.

Allan Myers Delaware, Inc. requests addition of a portable crusher and screener to process Recycled Asphalt Pavement (RAP), limiting operating hours and fuel usage for the screener to comply with Minor New Source Review. Operating hour and throughput limits are necessary to restrict Allan Myers Delaware, Inc. potential to emit air pollutants, and the limit will be enforceable by the EPA and the state. Permitted emissions from the crusher are 0.40 TPY CO, 0.045 TPY NOx, 0.001 TPY SO2, 0.022 TPY NMHC, 0.25 TPY PM10, and 0.59 TPY PM. Permitted emissions from the screener are 0.2 TPY CO, 0.01 TPY NOx, 0.0003 TPY SO2, 0.0069 TPY NMHC, 0.76 TPY PM10, and 2.2 TPY PM.

Allan Myers Delaware, Inc. operates three facilities under permits: (APC-2016/0026-OPERATION (NSPS)(SM)) Wilmington, (APC-2012/0154-OPERATION (NSPS) (MNSR)(SM)) Dover and (APC-1997/0494-OPERATION (MNSR)(NSPS)(SM)) Georgetown. Operational limits for the crusher and screener will be applied at each location when the construction permit is administratively amended to the respective synthetic minor permits.

The application, the "draft" permit (APC-2018/0030-CONSTRUCTION (Amendment 1)(NSPS)(MNSR)(FE)), all materials that the applicant has submitted (other than those granted confidential treatment under DNREC rules), and a copy or summary of other materials, if any, considered in preparing the "draft" permit may be inspected at the office of the Division of Air Quality, State Street Commons, 100 W. Water Street, Suite 6A, Dover, DE 19904. To submit comments, for additional information or for an appointment to inspect the public file, please contact Tracy Mattson in the Dover office at (302) 739-9402.

A public hearing concerning the permitting action will not be held unless the Secretary of the Department of Natural Resources and Environmental Control receives a request for such hearing within thirty (30) days from the date of this notice, ending **August 21**. A request for a hearing shall be in writing and must show a familiarity with the application and a reasoned statement of the permit's probable impact.

DIVISION OF AIR QUALITY, STATE STREET COMMONS 100 W. WATER STREET, SUITE 6A, DOVER, DE 19904, (302) 739-9402. You may also

Title V Permit Applications

Notice is hereby given that Wilmington Renewable Energy Biosolids Facility (REBF) having a facility at 12th Street and Hay Road in Wilmington, Delaware, has submitted a request for a permit pursuant to 7 DE Admin. Code 1130, Section 7. Based on the data and certifications contained in the application, the Division of Air Quality concludes that the applicant meets all applicable requirements promulgated by the Environmental Protection Agency (EPA) and the Department of Natural Resources and Environmental Control (DNREC). Therefore a "draft/proposed" permit has been prepared. This "draft/proposed" permit consolidates previously issued permit terms and conditions for various emission units into one single permit for the facility.

The application, the "draft/proposed" Permit: AQM-003/00899, all materials that the applicant has submitted (other than those granted confidential treatment under DNREC rules), and a copy of summary of other materials, if any, considered in preparing the "draft/proposed" permit may be inspected at the offices of the Division of Air Quality, State Street Commons, 100 W. Water Street, Suite 6A, Dover, Delaware and 715 Grantham Lane, New Castle, Delaware. To submit comments, for additional information or for an appointment to inspect the application, please contact Tracy Mattson at the Dover Office at 7399402.

The "draft/proposed" permit is being submitted to EPA for concurrent processing. If there are no significant comments, the "draft/proposed" permit will be issued as a final permit after expiration of the EPA review period.

A public hearing concerning the permitting action will not be held unless the Secretary of the Department of Natural Resources and Environmental Control receives a request for such hearing within thirty (30) days from the date of this notice, ending **August 21**. A request for a hearing shall be in writing and must show a familiarity with the application and a reasoned statement of the permit renewal's probable impact.

DIVISION OF AIR QUALITY, STATE STREET COMMONS 100 W. WATER STREET, SUITE 6A, DOVER, DE 19904, (302) 739-9402. For more information

LEGAL NOTICE - 7 DE Admin. Code 1102 NATURAL MINOR PERMIT APPLICATIONS

Notice has been given that:

US NewGenzyme, requests a natural minor permit to construct two (2) 1,500L and one (1) 40L fermenter tanks for their fermentation process and a spray dryer for their spray drying process at their 500 Water Street, Newport, Delaware facility. The fermentation process will be permitted to emit 1.4 TPY of VOC and the spray dryer will be permitted to emit 0.08 TPY of PM by Permit# APC-2018/0125-CONSTRUCTION.

The application for this permit may be reviewed at the offices of the Division of Air Quality, State Street Commons, 100 W. Water Street, Suite 6A, Dover, Delaware or 715 Grantham Lane, New Castle, Delaware. For additional information or for an appointment to review the application, please contact Tracy Mattson at (302) 739-9402.

A public hearing on any of the above applications will NOT be held unless the Secretary of DNREC receives a request for a hearing regarding that application within 15 days from the date of this notice, ending August 27, 2018. A request for a hearing shall be in writing. The request must also show a familiarity with the application and a reasoned statement of the permit's probable impact.

All comments and public hearing requests should be mailed to the following address:

LEGAL NOTICE - 7 DE Admin. Code 1102 NATURAL MINOR PERMIT APPLICATIONS

Notice has been given that:

The Delaware Solid Waste Authority (DSWA), requests a construction permit to allow continued expansion of the existing landfill gas management system in Cell 4 at their Southern Solid Waste Management Center (Jones Crossroads Landfill) located at 28560 Landfill Lane in Georgetown, Delaware. The air permit application (Permit: APC-2018/0127-CONSTRUCTION) proposes the continuation of the existing gas management system in Cell 4 that was permitted under APC-2015/0094-CONSTRUCTION.

The application for this permit may be reviewed at the offices of the Division of Air Quality, State Street Commons, 100 W. Water Street, Suite 6A, Dover, Delaware or 715 Grantham Lane, New Castle, Delaware. For additional information or for an appointment to review the application, please contact Tracy Mattson at (302) 7399402.

A public hearing on any of the above applications will NOT be held unless the Secretary of DNREC receives a request for a hearing regarding that application within 15 days from the date of this notice, ending **August 27**. A request for a hearing shall be in writing. The request must also show a familiarity with the application and a reasoned statement of the permit's probable impact.

All comments and public hearing requests should be mailed to the following address:

DIVISION OF WASTE AND HAZARDOUS SUBSTANCES

SOLID AND HAZARDOUS WASTE MANAGEMENT SECTION - The Solid and Hazardous Waste Management Section (SHWMS) hereby gives notice that a permit application has been received from the following companies to transport regulated Resource Conservation and Recovery Act (RCRA) hazardous and/or non-hazardous solid wastes in, out of, or through the State of Delaware. The renewal application and associated documents are available for review during business hours at our agency Solid & Hazardous Waste Management Section offices at 89 Kings Highway, Dover and 391 Lukens Drive, New Castle.

PUBLIC NOTICE- Permits Pending

The Department of Natural Resources and Environmental Control, Division of Waste and Hazardous Substances, hereby gives notice that a permit application has been received from the following companies to transport regulated RCRA hazardous and/or non-hazardous solid wastes in, out of, or through the State of Delaware:

Active Environmental Technologies; Advantage Solutions of Middle Atlantic; Alpha Biomed Services, American Disposal Systems, American Red Cross; Blessings Greenhouses & Compost Facility, CEMCO K. Williamson Hauling, LLC, Phoenix Mobile Home Services, Inc. and Wiley Sanders Truck Lines, Inc.

The applications may be inspected by appointment from 8:00 AM to 4:30 PM Monday through Friday at the offices of DNREC. For additional information or an appointment to inspect the applications, please contact Tara Grazier, DWHS/SHWMS, 89 Kings Hwy, Dover, DE 19901, 302-739-9403.

A public hearing concerning these applications will NOT be held unless the Secretary of DNREC, in care of Karen J'Anthony, receives a meritorious request for a hearing by **August 27**, which is within fifteen (15) days from the date of this notice. A request for a hearing must be in writing and shall state the nature of the issues to be raised at the hearing. It must also show a familiarity with the application and a reasoned statement of the activity's probable impact. For more information visit:

LEGAL NOTICE - Heritage-Crystal Clean, LLC Closure of Wilmington Facility under Solid Waste Resource Recovery Permit

The Delaware Department of Natural Resources and Environmental Control (DNREC), Solid and Hazardous Waste Management Section (SHWMS) has received notification from Heritage-Crystal Clean, LLC that it plans to begin closure activities related to its used oil recycling facility in Wilmington, Delaware.

The facility has ceased accepting solid waste for processing at the facility. A closure plan was submitted detailing activities required to remove and properly dispose of solid waste from the facility.

A copy of the closure can be viewed at DNREC's Solid and Hazardous Waste Management Section office located at 89 Kings Highway in Dover or DNREC's Waste and Hazardous Substances office located at 391 Lukens Drive in New Castle.

Written comments on the closure plan must be submitted by **August 28** to Melissa Ferree, DNREC – SHWMS, 89 Kings Highway, Dover, DE 19901 or Melissa.Ferree@state.de.us. All written comments received within 15 days of this public notice will be considered in the formulation of the final decision. A public hearing may be held, if response to this notice indicates significant public interest.

Should you desire to request a hearing regarding the closure activities, a request must be submitted within 15 days of this public notice, which is **August 28**. A public hearing on the above closure plan and associated activities will NOT be held unless the Secretary of DNREC, in care of Melissa Ferree, receives a meritorious request for a hearing within 15 days of the date of this notice or the Secretary determines there is significant public interest. A request for a hearing must be in writing and shall state the nature of the issues to be raised at the hearing. It must also show a familiarity with the application and a reasoned statement of the permit's probable impact. For more information

SITE INVESTIGATION AND RESTORATION SECTION (SIRS) is responsible for the identification, evaluation, and remediation of sites in Delaware that have had past releases of hazardous substances. The section manages the contaminated sites under three major programs in accordance with the Hazardous Substance Cleanup Act (HSCA). The three programs are the **Brownfields Development Program, the Voluntary Cleanup Program (VCP), and the HSCA Enforcement Program** (for sites requiring enforcement action).

The Brownfields Development Program encourages the cleanup and redevelopment of either the entire property, the expansion of the property, or the reuse of the property which may be hindered by the reasonable held belief that the property may be contaminated. A party seeking to develop such a property negotiates with SIRS for a **Brownfields Development Agreement (BDA)** to perform an investigation and, if necessary, a remedy, for the purpose of addressing the risks posed by past releases of hazardous substances at these sites. However, a BDA is only available to parties that are not current owners or operators of the site. The **Voluntary Cleanup Program (VCP) Agreement** is available to site owners who want to clean up their sites and are already liable as a potentially responsible party for the site.

NOTIFICATION OF PUBLIC COMMENT FOR A BROWNFIELDS DEVELOPMENT AGREEMENT FOR THE WEST 4TH STREET AND DELAMORE PLACE SITE (DE-1682)

Pursuant to the Hazardous Substance Cleanup Act (HSCA), 7 Del. C. Chapter 91, §9126, the Department of Natural Resources and Environmental Control (DNREC) is required to issue a public notice within twenty days after entering into negotiations for a Brownfield Development Agreement (BDA). A BDA is an agreement between DNREC and a Brownfield developer with respect to a Certified Brownfield Site that sets forth a scope of work and schedule of remedial activities during the development of the Site.

DNREC's Site Investigation and Restoration Section (DNREC-SIRS) negotiated a BDA with United Cerebral Palsy of Delaware, Inc. regarding the West 4th Street and Delamore Place Site (Site), located at 1500-1514 West 4th Street and 300 Delamore Place in Wilmington, Delaware. Identified by New Castle County as tax parcel numbers 26-027.30-207, 26-027.30-208, 26-027.30-209, 26-027.30-210, 26-027.30-211, 26-027.30-212, 26-027.30-213 26-027.30-214, 26-027.30-216 the Site may have had a release of hazardous substances as a result of historical activities on site. For more information, please see DNREC's navigator at: <http://www.nav.dnrec.delaware.gov/DEN3>.

The public comment period begins Monday, August 6, 2018 and will close at the end of the business day (4:30 p.m.) on Monday, **August 27**. Please submit written comments to the DNREC-SIRS Project Manager, Kristen Thornton at DNREC-SIRS, 391 Lukens Drive, New Castle, DE 19720. A copy of the BDA is available at the office of DNREC – SIRS or by accessing the DNREC-SIRS' site files database.

Learn more about this Site and other Brownfields sites by accessing DNREC-SIRS' web page at <http://www.awm.delaware.gov/SIRB/Pages/Brownfields.aspx> or by contacting the DNREC-SIRS Project Manager, Kristen Thornton at (302) 395-2600 or kristen.thornton@state.de.us. You may also

NOTIFICATION OF NEGOTIATIONS FOR A BROWNFIELDS DEVELOPMENT AGREEMENT FOR THE SIXTEENTH STREET QUARRY SITE (DE-0097)

Pursuant to the Hazardous Substance Cleanup Act (HSCA), 7 Del. C. Chapter 91, §9126, the Department of Natural Resources and Environmental Control (DNREC) is required to issue a public notice within twenty days after entering into negotiations for a Brownfields Development Agreement (BDA). A BDA is an agreement between DNREC and a Brownfields developer with respect to a Certified Brownfield Site that sets forth a scope of work and schedule of remedial activities during the development of the Site.

DNREC's Site Investigation and Restoration Section (DNREC-SIRS) is negotiating a BDA with R2 LLC regarding the Sixteenth Street Quarry Site (Site), located at 1601 N. Spruce Street in Wilmington, Delaware. Identified by New Castle County as portions of tax parcel numbers 26-029.40-029, 26-029.40-094, and 26-029.40-095 the Site may have had a release of hazardous substances as a result of historical activities on site. For more information, please see DNREC's navigator at: <http://www.nav.dnrec.delaware.gov/DEN3>.

Learn more about this Site and other Brownfields sites by accessing DNREC-SIRS' web page at <http://www.awm.delaware.gov/SIRB/Pages/Brownfields.aspx> or by contacting the DNREC-SIRS Project Manager, Morgan Price at (302) 395-2600 or Morgan.Price@state.de.us. For more information

visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=4333&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeId=0x010034FD6D348B0CF04392485E93FC15AB3A>

NOTIFICATION OF NEGOTIATIONS FOR A BROWNFIELDS DEVELOPMENT AGREEMENT FOR THE 4601 N. MARKET STREET SITE (DE-1684)

Pursuant to the Hazardous Substance Cleanup Act (HSCA), 7 Del. C. Chapter 91, §9126, the Department of Natural Resources and Environmental Control (DNREC) is required to issue a public notice within twenty days after entering into negotiations for a Brownfields Development Agreement (BDA). A BDA is an agreement between DNREC and a Brownfields developer with respect to a Certified Brownfield Site that sets forth a scope of work and schedule of remedial activities during the development of the Site.

DNREC's Site Investigation and Restoration Section (DNREC-SIRS) is negotiating a BDA with Windrush Land Company, LLC regarding the 4601 N. Market Street Site (Site), located at 4601 N. Market Street in Wilmington, Delaware. Identified by New Castle County as tax parcel number 06-139.00-017 the Site may have had a release of hazardous substances as a result of historical activities on site. For more information, please see DNREC's navigator at:

<http://www.nav.dnrec.delaware.gov/DEN3>.

Learn more about this Site and other Brownfields sites by accessing DNREC-SIRS' web page at <http://www.awm.delaware.gov/SIRB/Pages/Brownfields.aspx> or by contacting the DNREC-SIRS Project Manager, Mariya Chiger (302) 395-2600 or Mariya.Chiger@state.de.us.

The Proposed and Final Plans of Remedial Action listed below outline site cleanup activities and covenants and are available online at: <http://www.dnrec.delaware.gov/whs/awm/SIRB/Pages/SIRBPlans.aspx> under "Announcements." For site-specific information, please see DNREC's Environmental Navigator at: <http://www.nav.dnrec.delaware.gov/DEN3>

LEGAL NOTICE - Amended FINAL PLAN OF REMEDIAL ACTION FOR THE Sussex Lumber Site (Operable Unit 1 and 2) (DE-0118)

The Department has adopted a plan regarding the clean-up of the Sussex Lumber Site located at Tract 1B Robinsonville Road in Lewes. The approximately 7 acre Site was used as a lumber preparation, treatment, and storage facility. Due to the treatment of the lumber, the Site is contaminated with arsenic and hexavalent chromium. Site soil is also contaminated with polynuclear aromatic hydrocarbons from the Site's use as a commercial property. The Site requires limited excavation and capping as well as limiting groundwater use.

DNREC issued public notice of the Amended Proposed Plan for the Sussex Lumber Site on July 11, 2018. There were no comments or questions from the public regarding the Amended Proposed Plan. Details of the Amended Final Plan are available at the office of DNREC-SIRS (391 Lukens Drive, New Castle, DE, 19720), and at 21309 Berlin Road, Suite 2, Georgetown, DE 19947, or online at: <http://www.nav.dnrec.delaware.gov/DEN3/>

For additional information, please contact Patrick Boettcher, Project Manager at (302) 395-2600 or via email at Patrick.boettcher@state.de.us. You may also

visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=4329&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

LEGAL NOTICE - PROPOSED PLAN OF REMEDIAL ACTION FOR THE Governor's Square Dry Cleaner (De-1649)

The Department invites public comment on a proposal to clean up the Governor's Square Dry Cleaner located in Bear, Delaware. The Governor's Square Dry Cleaner Site is located at 1011 Governors Place, Bear, Delaware. The soil gas and the indoor air have been impacted by dry cleaner solvents. The site requires a sub-slab ventilation system, a monitoring plan and an environmental covenant, to restrict use of the Site.

Details of the Proposed Plan are available at the office of DNREC-SIRS (391 Lukens Drive, New Castle, DE, 19720), or online at <http://www.nav.dnrec.delaware.gov/DEN3/>.

The comment period ends on **August 28**. For additional information, please contact Rick Galloway, Project Manager at (302)395-2600 or rick.galloway@state.de.us. You may also

visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=4325&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

LEGAL NOTICE - PROPOSED PLAN OF REMEDIAL ACTION FOR THE 100 WALNUT STREET SITE (DE-1114)

The Department invites public comment on a proposal to clean-up the 100 Walnut Street Site located in Wilmington. The Site, once used as the location of manufacturing operations, including tanneries, will be subject to the following remedial actions: capping of soils, recording of an environmental covenant on the property deed restricting site use, requiring off-site disposal of excavated materials, restricting groundwater withdrawal, and requiring compliance with a Contaminated Materials Management Plan and a Long-Term Stewardship Plan.

Details of the Proposed Plan are available at the office of DNREC-SIRS (391 Lukens Drive, New Castle, DE, 19720), or online at: <http://www.nav.dnrec.delaware.gov/DEN3/>

The comment period ends on **August 28**. For additional information, please contact Lindsay Hall, Project Manager at (302) 395-2600 or via email at Lindsay.Hall@state.de.us. You may also visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=4336&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

LEGAL NOTICE - PROPOSED PLAN OF REMEDIAL ACTION FOR THE DTC – 2nd AND WALNUT STREET SITE (DE-1663)

The Department invites public comment on a proposal to clean-up the DTC – 2nd and Walnut Street Site located in Wilmington. The Site, once used as the location of manufacturing operations, including tanneries, will be subject to the following remedial actions for groundwater: recording of an environmental covenant on the property deed restricting groundwater withdrawal, and requiring compliance with a Contaminated Materials Management Plan and a Long-Term Stewardship Plan.

Details of the Proposed Plan are available at the office of DNREC-SIRS (391 Lukens Drive, New Castle, DE, 19720), or online at: <http://www.nav.dnrec.delaware.gov/DEN3/>

The comment period ends on **August 28**. For additional information, please contact Lindsay Hall, Project Manager at (302) 395-2600 or via email at Lindsay.Hall@state.de.us. You may also visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=4335&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

LEGAL NOTICE - AMENDED PROPOSED PLAN OF REMEDIAL ACTION FOR THE Former ICI Americas Inc. Atlas point Site, Operable Unit 1: Soil and Sediment, Operable Unit 2: Groundwater DE-0049

The Department invites public comment on a proposal to clean-up the Former ICI Americas Inc. Site located in New Castle. The 177- acre Site is the historical location of the Former ICI Americas Atlas Point facility and operated as a manufacturing plant since 1936. A wide range of chemically-based products have been produced and various locations on the Site have served as waste disposal locations. Various parcels have undergone several changes in ownership and use through the years. Numerous remedial actions have occurred on this site but remaining contamination requires limitations of use, restrictions on disturbing specific location, as well as a combination of active groundwater remediation and monitored attenuation of groundwater contamination. Since the Final plan of Remedial Action (FPRA) for OU-1 was published in September 2011, remedial efforts have been completed for the remaining soil area of concern. In addition, since publishing the March 2014 FPRA for OU-2, groundwater remedial efforts have begun. This Amended Proposed Plan of Remedial Action is being advertised to consolidate plans as well as clarify remaining remedial actions required for the entire site.

Details of the Amended Proposed Plan are available at the office of DNREC-SIRS (391 Lukens Drive, New Castle, DE, 19720) or online at: <http://www.nav.dnrec.delaware.gov/DEN3/>

The comment period ends on **September 3**. For additional information, please contact Patrick Boettcher, Project Manager, at (302) 395-2600 or via email at Patrick.Boettcher@state.de.us. For more information

visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=4342&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

LEGAL NOTICE - PROPOSED PLAN OF REMEDIAL ACTION FOR THE HAMILTON PARK/PYLES LANE SITE – OPERABLE UNITS 29, 30, and 31 (DE-1284)

The Department invites public comment on a proposal to cleanup Operable Units (OUs) – 29, 30, and 31 of the Hamilton Park/Pyles Lane Site, a residential neighborhood located in New Castle. Fill material placed before the houses were constructed, as well as remnants of foundry operations previously located in the rear of the neighborhood, are the likely sources of elevated metals and polycyclic aromatic hydrocarbons (PAHs) detected within the top 0 to 2 feet below ground surface (bgs). The plan includes the removal of soil within the top two feet bgs in select areas within each operable unit.

Details of the Proposed Plan are available at the office of DNREC-SIRS (391 Lukens Drive, New Castle, DE, 19720) or online at: <http://www.nav.dnrec.delaware.gov/DEN3/>

The comment period ends on September 4. For additional information, please contact Lindsay

Hall, Project Manager, or at (302)395-2600 or via e-mail at Lindsay.Hall@state.de.us. You may also

visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=4349&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeId=0x010034FD6D348B0CF04392485E93FC15AB3A>

DIVISION OF WATER – GROUNDWATER DISCHARGES SECTION

LEGAL NOTICE - On-Site Wastewater Treatment and Disposal System

Pet Realty, LLC has applied for a permit to construct an on-site wastewater treatment and disposal system on their property located on the east side of US Route 13 (Sussex Highway) approximately 500' north of County Road 600 (Fawn Road) near Bridgeville, DE Sussex County Tax parcel 1-31-11.00-1.00 The proposed system would serve an existing veterinary clinic and would have a design flow rate of 820 gallons per day.

The above mentioned application may be inspected by contacting:

Kathleen Saunders, Groundwater Discharges, 89 Kings Highway, Dover, DE 19901

Kathleen.Saunders@state.de.us, (302) 739-9948.

A public hearing on the above application will NOT be held unless the Secretary of DNREC determines that a public hearing is in the public interest or if a written meritorious objection to the application is received within 15 days from this notice. A public hearing request shall be deemed meritorious if it exhibits a familiarity with the application and provides a reasoned statement of the action's probable impact. For more information

visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=4346&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeId=0x010034FD6D348B0CF04392485E93FC15AB3A>

DIVISION OF WATER - SURFACE WATER DISCHARGES – The Division of Water hereby gives notice that the following permit applications have been received.

Wastewater Facilities Construction Permit Application

The Delaware Department of Natural Resources and Environmental Control, Division of Water, hereby gives notice that a permit application has been received from:

Millwood Acquisitions, LLC proposes to construct a sanitary sewer duplex submersible pump station, approximately one thousand one hundred and twenty-eight linear feet (1,128 LF) of three (3) inch diameter force main to serve ninety-two (92) proposed single family condominium units, to be known as Westtown Village. The proposed three (3) inch diameter force main will interconnect to an existing four (4) inch diameter force main in Industrial Street just west of the railroad tracks in Millsboro, Delaware. The proposed pump station will be located at the northwest corner of Windflower Drive and Mifflin Way.

Questions regarding the applications and plans for the above are available for inspection by contacting: Keith Kooker, P.E., Environmental Finance, Office of the Secretary, Enterprise Business Park, 97 Commerce Way, Suite 106, Dover, DE 19904, (302) 739-9941.

A public hearing concerning the above application will NOT be held unless the Secretary of DNREC determines that a hearing is in the public interest or if a written meritorious request for a hearing is received on or before **August 26**. A request for a public hearing shall be deemed meritorious if it exhibits a familiarity with the application and provides a reasoned statement of the permit's probable impact. For more information

visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=4348&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeId=0x010034FD6D348B0CF04392485E93FC15AB3A>

NPDES Permits

The Department of Natural Resources and Environmental Control, Division of Water, hereby gives notice that Boxwood Industrial Park, LLC has requested to modify its National Pollutant Discharge System (NPDES) Permit No. DE 0000523 (State Number WPCC 3058E/78) to discharge stormwater from the site and groundwater from drainage sumps through Outfall 001 to Little Mill Creek. The site is a former passenger car assembly facility which ceased production in

2009 and the site is being demolished. The site is located at 801 Boxwood Road, Wilmington, New Castle County, Delaware. Since electrical service has been disconnected from the site, continuous flow monitoring and automatic composite sampling capability has been lost necessitating revisions to the frequency and type of monitoring required. All other current effluent limitations, operational, monitoring, and reporting conditions remain the same.

Based on a preliminary staff review and application of lawful standards and regulations, the Department proposes to modify this permit, subject to certain effluent limitations and conditions. The proposed determinations are tentative. Persons wishing to comment upon or object to the proposed determinations are invited to submit same in writing to the Surface Water Discharges Section of the Division of Water, at the address listed below, no later than 30 days from this notice. All comments received prior to said date will be considered in the formulation of final determinations regarding this permit.

A public hearing on the above will NOT be held unless the Secretary of DNREC receives a request by 4:30 pm on **September 4**, or if the Secretary determines that a public hearing is in the public interest. A request for a hearing shall be in writing and shall state the nature of the issues to be raised at the hearing. It must also show familiarity with the proposal and a reasoned statement of the permit's probable impact.

The applications, fact sheets, and permits are available for inspection or copies may be obtained by contacting: Division of Water, Surface Water Discharges Section, 89 Kings Highway, Dover, Delaware 19901, (302) 739-9946. You may also

DIVISION OF WATER - WETLANDS SECTIONS

Subaqueous Lands Permit Application

Robert and Bonnie Kijewski (3-32-2.00-59.00) - To authorize a 5 by 10 foot long linear dock in James Branch at 12057 Laurel Road, Laurel, Sussex County, DE

Nanticoke Shores Associates (234-24.00-35.00) – To construct 2 rip-rap revetments, consisting of a 385 foot long revetment in a lagoon adjacent to Lingo Cove and a 325 foot long revetment in a lagoon located on the west side of Bay View Lane, in unnamed lagoons connecting to the Rehoboth Bay in Rehoboth Shores adjacent to Bay View Lane, Millsboro, Sussex County, DE

Robert M. Reed (3-34-14.09-6.00) – To remove an existing dock and to construct a 4 by 15 foot long pier and a 5 by 30 foot long dock in the Lewes and Rehoboth Canal at 57 Tidewaters Road, Henlopen Acres, Sussex County, DE

Pot-Nets CCDS, LLC. (2-34-25.00-27.00) - To repair by replace 1,412 linear feet of bulkhead and a 24 by 20 foot long concrete boat ramp with cellular concrete mats, To remove 33 previously authorized structures and to reconfigure the piers consisting of (8) 2 by 20 foot long piers, (1) 2 by 24 foot long pier, (13) 6 by 24 foot long docks and 21 stand-alone mooring pilings in unnamed lagoons connecting to the Rehoboth Bay at Pot-Nets Coveside, Millsboro, Sussex County, DE

Subaqueous Lands Lease Application

Ira B Brittingham (2-34-34.11-30.00) - To construct a boatlift with 4 associated pilings with a 2 by 20 foot long catwalk connecting to an existing structure at 32026 River Road, Millsboro, Sussex County, DE

Robert Slocum (134-5.00-344.00) – To maintain a 4 by 28.5 foot long dock and a boatlift with 4 associated pilings, to replace an existing PWC lift and install an associated 6 by 10 foot long access platform, to install a new boatlift with 4 associated pilings in Beach Cove at 509 Cove Court, Quillens Point, Ocean View, Sussex County, DE

Subaqueous Lands Lease Renewal Application

Joseph and Patricia Dunn (234-34.11-25.00) – To renew a lease to maintain a 6 by 117 foot long pier, 13 by 17 foot long dock and 3 stand-alone mooring pilings in the Indian River at 31631 River Road, Millsboro, Sussex County, DE

Subaqueous Lands Permit and Wetland Application

Occidental Chemical Corporation (1200300004) – To mechanically dredge 1,900 cubic yards of material from an unnamed tributary of Red Lion Creek, and to remove 625 cubic yards of material and backfill with 11,800 cubic yards of material in State-regulated wetlands for remediation activities at the Occidental Chemical site located at 1657 River Road, New Castle County, DE

Subaqueous Lands Lease Supplemental Application

David Leager (2-34-34.10-64.00) - To construct a 4 by 45 foot long pier extension, a 6 by 15 foot long linear dock and two (2) boats lifts with 4 associated pilings each connecting to a previously authorized structure in the Indian River at 28828 Point View Road, Millsboro, Sussex County, DE

Subaqueous Lands Lease, Permit, Wetlands and Water Quality Application

Seagrass Plantation Community Association, Inc. (134-7.00-109.00 and 109.01) - To create a shoreline stabilization project to include six phases: Phase 1 to include a channel configuration structure with 68 total linear feet of bulkheaded wingwalls, ≈4 cubic yards of cobble, 11 cubic yards of shell bags; to fill with 16 cubic yards of sand for beach nourishment and install 2 cubic yards of a shell bag toe; to fill the existing sluice with 17 cubic yards of concrete rubble, 12 cubic yards of sand fill and plant the top of the sluice across 471 square feet with *Spartina alterniflora* plugs. Phase 2 to install 1,277 square feet of a wave attenuation device reef located 28 feet channelward of the mean low water line. Phase 3 to install 686 square feet of an oyster castle / shell bag reef located 115 feet channelward of the mean low water line. Phase 4 to line the intertidal edge along 50 linear feet of shoreline with 5 cubic yards of shellbags, filling with 55 cubic yards of sand fill and planting 1,000 square feet with *Spartina alterniflora* plugs. Phase 5 to include installing 22 cubic yards of shellbag toe along 201 linear feet of shoreline. Phase 6 to include activity in State-regulated wetlands by regrading 1,626 cubic yards of the existing concrete debris, filling with 81 cubic yards of sand fill with and to plant 1,376 square feet of *Spartina alterniflora* plugs and to line 86 linear feet of shoreline with 7 cubic yards of a shellbag toe. The shoreline stabilization project is located on the Indian River Bay located northwest of Seagrass Ct, Dagsboro, Seagrass Plantation, Sussex County, DE

These Documents/Applications above are available for review by contacting:
Gayle Calder, Wetlands and Subaqueous Lands Section, 89 Kings Highway, Dover, DE 19901
(302) 739-9943, FAX (302) 739-6304. If you have any comments, please return this memo to this
office by **August 28**.

A public hearing on the above applications will NOT be held unless the Secretary of DNREC
determines that a public hearing is in the public interest or if a written meritorious objection to the
application is received within 20 days from this notice. A public hearing request shall be deemed
meritorious if it exhibits familiarity with the application and provides a reasoned statement of the
action's probable impact. For more information
