UPCOMING AIR, WASTE, & WATER-RELATED HEARINGS, MEETINGS, & EVENTS

BOARD OF CERTIFICATION FOR WASTEWATER OPERATORS MONTHLY MEETING –

This is a regular monthly meeting of the Board of Certification for Wastewater Operators. Meeting will take place on **September 5** from 9am to 10am at the Richardson & Robbins Building, Conference Room B172, 89 Kings Hwy, Dover 19901. For additional information contact Faye Wheeler at (302) 739-9946; or visit:

<https://publicmeetings.delaware.gov/Meeting/39384>

ON-SITE SYSTEMS ADVISORY BOARD MEETING – This is a regular monthly meeting that will be held on **September 6** from 9:15am to 11:30am at the Richardson and Robbins Building, Conference Room B228: 89 Kings Highway, Dover, 19901. Photo ID required to enter meeting location. For additional information, contact Dawn Dryden, 302-739-9948; or visit:

<https://publicmeetings.delaware.gov/Meeting/52656>

HSCA ADVISORY COMMITTEE – The Committee will hold a public meeting to review and provide guidance and input for DNREC's cleanup programs related to the Hazardous Substance Cleanup Act (HSCA). This meeting will take place on **September 7** from at 9:00am to 12:30pm at the Lukens Drive Office, 391 Lukens Drive, New Castle, 19720. For additional information, please contact Christina Wirtz at (302) 395-2600 or visit:

<https://publicmeetings.delaware.gov/Meeting/54226>

WATER WELL LICENSING BOARD MEETING – Meeting will take place on **September 12** from 9:00am to 10am at DNREC Conference Room B172, 89 Kings Highway, Richardson and Robbins Building, Dover, 19901. For additional information contact Sarah Jones at 302-739-9944 or visit:

<https://publicmeetings.delaware.gov/Meeting/53972>

OPT-IN! THE DELAWARE DIVISION OF AIR QUALITY (DAQ) is committed to working with citizens to continuously optimize Delaware's air quality and protect public health, welfare, and the environment. To determine that the DAQ is meeting the air quality needs of the citizens across the state, we encourage you to participate in our opt-in list. In the future you will receive surveys that will allow us to analyze our performance. You can access the opt-in list by clicking:

https://survey.co1.qualtrics.com/jfe/form/SV_1RGZGUYt8fSuqkB

AIR QUALITY PERMITTING PROGRAM – Notice has been given that the facilities listed below have submitted applications for air quality management permits. The applications, the "draft/proposed" permits, all materials that the applicant has submitted (other than those granted confidential treatment under DNREC rules), and a copy of summary of other materials, if any, considered in preparing the "draft/proposed" permit, may be inspected at the offices of the Division of Air Quality, 100 W. Water Street, Suite 6A, Dover, 19904. **All comments and public hearing requests** should be mailed to the following address: DIVISION OF AIR QUALITY, 100

W. Water Street, Suite 6A, Dover 19904. To submit comments, for additional information, or for an appointment to inspect the application, please contact Tracy Mattson at (302) 739-9402.

NOTICE IS HEREBY GIVEN THAT Road Site Construction Inc. DBA Clean Cut Interlocking Pavers LLC, requests a natural minor permit to construct a Terex Finlay I-200RS impact crusher with associated Scania DC09 Diesel engine at their Lawson Road (Road 296), Harbeson, Sussex County and 22592 Lewes Georgetown Highway, Georgetown, Sussex County facility. The impact crusher and engine will be permitted to emit 0.79 TPY of NOx, 6.92 TPY of CO, 0.37 TPY of HC, 0.26 TPY of PM10, 0.05 TPY of PM2.5, 0.67 of Total PM and 0.01 TPY of SOx by Permit# APC-2018/0017-Construction. A public hearing on any of the above applications will NOT be held unless the Secretary receives a request for a hearing regarding that application by **September 18**. A request for a hearing shall be in writing. The request must also show a familiarity with the application and a reasoned statement of the permit's probable impact. For more information visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3911&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

NOTICE IS HEREBY GIVEN THAT Rogers Corporation requests a permit to construct a curing oven at their 1100 Governor Lea Road, Bear, New Castle County facility. The oven will be permitted to emit 0.77 lb. of particulate matter (PM) per hour and 3.23 tons of PM per year by Permit# APC-2018/0016-Construction. A public hearing on any of the above applications will NOT be held unless the Secretary receives a request for a hearing regarding that application by **September 18**. A request for a hearing shall be in writing. The request must also show a familiarity with the application and a reasoned statement of the permit's probable impact. For more information visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3909&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

NOTICE IS HEREBY GIVEN THAT MIDDLETOWN MATERIALS, LLC has submitted an application, pursuant to 7 DE Admin. Code 1102, Section 2.1, 11.2.9, and 12.3 for permit amendments to operate one (1) 1,200 horsepower Morbark Tub Grinder (GCS-21) and one (1) 350 horsepower McCloskey International Jaw Crusher (GCS-22) at 1559 Cedar Lane Road, Middletown and various locations throughout the state. Notice is also hereby given that Christiana Materials, Inc. has submitted a request, pursuant to 7 DE Admin. Code 1102, Section 2.1, 11.2.9, and 12.3 for a permit amendment to operate one (1) 475 horsepower Nordberg Crusher and Screening Plant (GCS-10) at 10 Adel Drive and 350 Salem Church Road, Newark. Middletown Materials, LLC and Christiana Materials, Inc. request limit for 835 operating hours per 12 month rolling period for GCS-21, 3,500 operating hours per 12 month rolling period for GCS-22, and 1,450 operating hours per 12 month rolling period for GCS-10. These limits are necessary to restrict Middletown Materials, LLC and Christiana Materials, Inc.'s potential to emit air pollutants, and the limit will be enforceable by the EPA and the state. Total estimated emissions from Middletown Materials, LLC increase by 0.88 TPY for NOx, 1.5 TPY for CO, and 0.42 TPY for SO2, and decrease by 0.31 TPY for THC and 0.7 TPY for PM. Total estimated emissions from Christiana Materials, Inc. increase by the following: 4.635 TPY for NOx, 0.7 TPY for CO, 0.34 TPY for THC, 0.7 TPY for PM, and 0.35 for SO2. A public hearing concerning the permitting action will not be held unless the Secretary receives a request for such hearing by **September 19**. A request for a hearing shall be in writing and must show a familiarity with the application and a reasoned statement of the permit's probable impact. For more information visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3899&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

WHS - SITE INVESTIGATION AND RESTORATION SECTION (SIRS) is responsible for the identification, evaluation, and remediation of sites in Delaware that have had past releases of hazardous

substances. The section manages the contaminated sites under three major programs in accordance with the Hazardous Substance Cleanup Act (HSCA). The three programs are the **Brownfields Development Program, the Voluntary Cleanup Program (VCP), and the HSCA Enforcement Program** (for sites requiring enforcement action).

The Brownfields Development Program encourages the cleanup and redevelopment of vacant, abandoned, or underutilized properties, which may be contaminated. A party seeking to develop such a property negotiates with SIRS for a **Brownfields Development Agreement (BDA)** to perform an investigation and, if necessary, a remedial action or remedy, for the purpose of addressing the risks posed by past releases of hazardous substances at these sites. However, a BDA is only available to parties that are not current site owners. The **Voluntary Cleanup Program (VCP) Agreement** is available to site owners who want to clean up their sites and are already liable as a potentially responsible party for the site.

NOTIFICATION OF PUBLIC COMMENT FOR A BROWNFIELD DEVELOPMENT AGREEMENT FOR THE FORMER BOBS SPEED SHOP SITE (DE-1654)

The Site Investigation and Restoration Section (SIRS) negotiated a BDA with West Laurel LLC regarding the Former Bobs Speed Shop Site (Site) located at 29122 Sussex Highway in Laurel. The 11.23 acre Site is identified on the tax maps of Sussex County as parcel numbers 232-12.00-60.00 and 232-12.00-60.01. The Site may have had a release of hazardous substances as a result of past use as an automobile repair shop. The public comment period ends on **September 5**. Please submit written comments to the SIRS Project Manager, Krystal Stanley at SIRS, 391 Lukens Drive, New Castle, 19720, (302) 395-2600 or krystal.stanley@state.de.us. For more information visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3889&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

NOTIFICATION OF NEGOTIATIONS FOR A BROWNFIELD DEVELOPMENT AGREEMENT FOR THE GENERAL MOTORS CORP. WILMINGTON ASSEMBLY PLANT SITE (DE-1149)

The Site Investigation and Restoration Section (SIRS) is negotiating a new BDA with Boxwood Industrial Park, LLC regarding the General Motors Corp. Wilmington Assembly Plant Site (Site), located at 801 Boxwood Road and Terry Place in Wilmington. Identified by New Castle County as tax parcel numbers 07-042.10-055 and 07-042.20-010, the 141 acre Site may have had a release of hazardous substances as a result of past use as an automotive manufacturing plant. To learn more contact the Project Manager, Rick Galloway at (302) 395-2600 or rick.galloway@state.de.us. For more information visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3901&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

NOTIFICATION OF NEGOTIATIONS CONCERNING A VOLUNTARY AGREEMENT OR THE MIDDLETOWN LANDFILL SITE (DE-0196)

DNREC is negotiating a VCP Agreement with Town of Middletown regarding the Middletown Landfill Site (Site) located at 155 St. Anne's Church Road in Middletown. The approximate 5.83 acre Site is identified on the maps of New Castle County as tax parcel number 23-018.00-001. The Site had a release of hazardous substances as a result of past use as a former landfill. For additional information, please contact the project officer, Robert C. Asreen, Jr. @ (302) 395-2600 or robert.asreen@state.de.us or visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3900&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

The Proposed and Final Plans of Remedial Action listed below outline site cleanup activities and covenants and are available online at:
<http://www.dnrec.delaware.gov/whs/awm/SIRB/Pages/SIRBPlans.aspx> under “Announcements.” For site-specific information, please see DNREC’s Environmental Navigator at:
<http://www.nav.dnrec.delaware.gov/DEN3>

PROPOSED PLAN OF REMEDIAL ACTION FOR THE METAL MASTERS SITE (DE-

0043) The Department invites public comment on a proposal to clean up the Metal Masters Site located at 655 and 664 West Glenwood Avenue. The Site once used as a refrigerator manufacturing plant and later as a manufacturing facility for soft goods requires an Environmental Covenant and a contaminated materials management plan. The comment period ends on **September 9**. For additional information, please contact Patrick Boettcher Project Manager, at (302)395-2600, email at Patrick.Boettcher@state.de.us, or visit:
<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3895&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

PROPOSED PLAN OF REMEDIAL ACTION FOR THE TWO-GUYS AUTO PARTS SITE (DE-1177)

The Department invites public comment on the proposed plan for Two-Guys Auto Parts. The 2.7-acre Site consists of one (1) building and a graveled and grassed open area. The risk assessment indicated that contaminants in a limited area onsite fail risk assessments for Arsenic and PCBs in soil. A limited area of the site will be capped and deed restriction will be placed on the property to restrict use to commercial/industrial. The comment period ends on **September 18**. For additional information, please contact Karissa Hendershot, Project Manager, at (302)395-2600; or visit:
<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3904&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

FINAL PLAN OF REMEDIAL ACTION FOR THE 201-213 N. TATNALL STREET SITE (DE-

1645) The Department has adopted a plan regarding the clean-up of the 201-213 N. Tatnall Street Site located in Wilmington. The Site, once used for residential housing and retail stores, required a cap to prevent exposure to contaminated soil and a restriction on the use of groundwater. DNREC issued public notice of the Proposed Plan for the 201-213 N. Tatnall Street Site on August 6. There were no comments or questions from the public regarding the Proposed Plan. For additional information, please contact Stephanie Gordon, Project Manager at (302) 395-2600 or via email at stephanie.gordon@state.de.us or visit:
<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3907&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

AMENDED PROPOSED PLAN OF REMEDIAL ACTION FOR THE Amtrak Former Fueling Facility OU-4 (DE-0266) Locomotive Track 1, 2 & 3 Replacements

the Department invites public comment on a proposal to clean up a portion of the Amtrak Former Fueling Facility, Amtrak Wilmington Shops, in Wilmington. The Site is comprised of an area of railroad track that will be replaced. All excavated soils will be transported to a permitted soil disposal facility. The comment period ends on **September 25**. For additional information, please contact John Cargill, Project Manager, at (302)395-2600 or via email at John.Cargill@state.de.us or visit:
<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3906&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

DIVISION OF WATER - SURFACE WATER DISCHARGES – The Division of Water hereby gives notice that the following permit applications have been received.

The Town of Selbyville has applied for reissuance of its NPDES Permit No. DE0020010 (State Number WPCC 3076F/74) permit to discharge treated wastewater and storm water from its sanitary wastewater treatment facilities located at 37619 Wastewater Lane, Selbyville, Sussex County. The facility is a sanitary treatment plant (STP) with one industrial waste contributor, a Mountaire poultry processing plant, and has a single discharge (Outfall 001) of treated sanitary wastewater to the Atlantic Ocean via a connection to the South Coastal discharge pipe approximately 17 miles from the facility. Three storm water outfalls (SW001, SW002, and SW003) also discharge from the site. The facility has no Combined Sewer Overflows (CSO's). Wastewater is collected from the Town and flows to either the Church Street Pumping Station or Polly Branch Pumping Station (Rt.17 & Rt. 386). The flow is then pumped to the headworks of the Wastewater Treatment Facility. High flows can be diverted to storage lagoons for holding and future treatment. The Headworks consists of fine screening and grit removal. Flow then proceeds through a splitter box with lime or magnesium hydroxide addition and continues to the Oxidation Ditches. The Oxidation Ditches utilize fine bubble diffusers to aerate the wastewater. A SCADA system allows for operator control of the aeration. The effluent from the Oxidation Ditches flows via gravity to the Clarifiers where polymer can be added, as needed, to enhance solids settling. Return Activated Sludge is recycled back to the Oxidation Ditches and Waste Activated Sludge is conveyed to Aerobic Digesters. Discharge from the Clarifiers flow through an automatic backwash Disc Filter, from which the backwash is returned to the Oxidation Ditches. Effluent from the Disc Filter flows to the Effluent Pump Station and is pumped through the Effluent Forcemain where Chlorine is added for disinfection. Discharge from the force main combines with effluent from the Sussex County South Coastal Facility and goes through an ocean outfall. Biosolids are aerobically digested and periodically collected by a licensed contractor for land application. Based on a preliminary staff review and application of lawful standards and regulations, the Department proposes to re-issue this permit, subject to certain effluent limitations and conditions. The proposed determinations are tentative. A public hearing on the above will NOT be held unless the Secretary receives a request by **September 15**, or if the Secretary determines that a public hearing is in the public interest. A request for a hearing shall be in writing and shall state the nature of the issues to be raised at the hearing. It must also show familiarity with the proposal and a reasoned statement of the permit's probable impact. The applications, fact sheets, and permits are available for inspection or copies may be obtained by contacting: Division of Water Surface Water Discharges Section 89 Kings Highway Dover, 19901 (302) 739-9946. For more information visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3893&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

DIVISION OF WATER - WATER SUPPLY - The Division of Water hereby gives notice that the following Well permit application has been received. For additional information concerning the applications below, please contact Water Supply Section - 89 Kings Highway, Dover,19901; email Water.Allocation@state.de.us; or by phone at (302)739-9945. A public hearing on the above applications will NOT be held unless the Secretary determines that a public hearing is in the public interest or if a written meritorious objection to the application is received by **September 11**. A public hearing request shall be deemed meritorious if it exhibits a familiarity with the application and provides a reasoned statement of the action's probably impact. For more information visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3902&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

Allocation Permits

James Thompson & Company, Inc. has requested an allocation for two industrial wells. The requested daily withdrawal for each well is 240,000 and 210,000 gallons per day. The wells will be located in Greenwood in Sussex County, near the intersection of S. Church and Snider streets. Tax Map Parcel 5-30-09.00-0071.00

DIVISION OF WATER - WETLANDS AND SUBAQUEOUS LANDS SECTION – The Division of Water hereby gives notice that the applications below are available for inspection or copies may be obtained by contacting: Gayle Calder, Wetlands and Subaqueous Lands Section, 89 Kings Highway, Dover, 19901, or by calling (302) 739-9943. A public hearing on the applications below will NOT be held unless our agency Secretary determines that a public hearing is in the public interest, or if a written meritorious objection to the application is received by **September 12**. For additional information visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3897&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeId=0x010034FD6D348B0CF04392485E93FC15AB3A>

Subaqueous Lands Permit Application

Shamrocks3, LLC – (260951.00-010) To construct two 6 by 26 foot long piers and two 6 by 20 foot long docks for recreational use in the Christina River at 25 Commerce St., Wilmington, New Castle County

Ruth Hall (DC-17-019.01-01-10.00-000) To construct a 4 by 15 foot long pier, 5 by 20 foot long dock and an 87 foot long rip-rap revetment in Lake Como at 96 Lydia Drive, Lake Como Woods, Smyrna, Kent County

Ferdinand Crovato (334-19.00-323.00) To construct a 4 by 27 foot long pier, 6 by 30 foot long dock, 6 by 12 foot long floating dock and boatlift with 4 associated pilings in Bald Eagle Creek at Lot 27 Blackpool Road, Rehoboth Beach Yacht and Country Club, Rehoboth Beach, Sussex County

Mark Hunsberger (430-20.00-30.00) To construct a 5 by 20 foot long linear dock extension, 5 by 20 foot long fishing dock and boatlift with 4 associated pilings in Collins Pond, adjacent to Tussocky Lane, Bridgeville, Sussex County

Arthur Freeman (3-34-19.00-906.00) To install a 6 by 12 foot long floating kayak dock and a ladder connecting to a previously authorized structure in Bald Eagle Creek at 111 Kingsbridge Road, Rehoboth Beach Yacht and Country Club, Rehoboth Beach, Sussex County

Marjorie Deutsch (1-34-13.00-1389.00) To install a 5 by 14 foot long floating kayak dock connecting to a previously authorized fixed dock in the Bethany Loop Canal at 412 Canal Way East, The Salt Pond, Bethany Beach, Sussex County

The Grande at Canal Pointe (3-34-13.00-1745.00) To install a community structure consisting of a 3 by 12 foot long gangway, a 6 by 10 foot long floating pier and a 6 by 30 foot long floating dock in the Lewes & Rehoboth Canal, adjacent to Gloucester Drive, The Grande at Canal Pointe, Rehoboth Beach, Sussex County

Subaqueous Lands Lease Application

Chesapeake Utilities Corporation (no parcel no) To remove an existing 4-inch diameter gas line and to install an approximately 210 foot long, 6-inch diameter gas pipeline at a depth of 15 feet under the Nanticoke River at Market Street, Blades and Seaford, Sussex County

Donald and Sarah Rolph (234-17.00-44.00) to repair a previously grandfathered 6 by 44 foot long pier, to construct a 5 by 25 foot long dock and two stand-alone pilings located in Hopkins Prong at 24103 Cari Drive, Millsboro, Sussex County

Samuel Mood (234-34.10-41.00) to construct a boat lift on 4 existing pilings, to repair three stand-alone pilings, and to renew the previously authorized 4 by 84 foot long pier, 8 by 21.5 foot long dock located in Warwick Cove of the Indian River at 31364 River Road, Millsboro, Sussex County

Christine H. and C. Mark Tingle (134-5.00-332.00) to authorize a boat lift with two associated pilings in the Indian River Bay at 38952 Bayfront Drive, Quillen's Point, Ocean View, Sussex County

Kenneth and Deborah Fry (234-24.00-76.00) To maintain a 6 by 12 foot long pier, 6 by 36 foot long dock and 3 mooring pilings in Guinea Creek at 41 Creek Drive, Winding Creek Village, Millsboro, Sussex County

Subaqueous Lands Lease Supplemental Application

Linda Repsher (533-20.18-163.00) to construct a 40 inch wide by 10 foot long floating dock and a 5 foot wide by 14 foot long floating kayak launch in the Assawoman Bay at 38836 Taft Avenue, Cape Windsor, Selbyville, Sussex County

Subaqueous Lands Lease, Permit, Marina Permit Application

Insight at Sunset Harbour, LLC (134-13.00-1175.00) To construct a minor alteration to Sunset Harbor Marina by creating one additional slip with a 4 by 16 foot long dock extension; construct nineteen (19) 4 by 6.5 foot long access piers, eight-eight (88) ladders and up to eighty-eight (88) 8 by 19 foot long personal watercraft platforms in existing slips and to authorize eighty-eight (88) 4 by 6.5 foot long access steps located in the Sunset Harbor lagoons adjacent to White Creek west of Erie Avenue, Ocean View, Sussex County

Hometown Angola Beach, LLC (234-18.00-1.00) To construct a major alteration to Angola Beach & Estates Marina by creating an additional 52 slips, consisting of two (2) 5 by 77 foot long floating dock extensions, two (2) 5 by 140 foot long floating piers, twenty-four (24) 4 by 16 foot long floating finger piers and approximately 84 stand-alone pilings; to realign the marina by shortening the existing fixed pier by 8 feet in length and by replacing the previously authorized floating piers with three (3) 5 by 140 foot long floating piers; and to temporarily remove the existing marina structures in order to hydraulically dredge 8,500± cubic yards to a depth of -4 feet MLW from an 108,000± square foot area in Burton Prong at the terminus of Boat Ramp Lane and to dispose of the dredged material via a pipeline to an upland confined disposal area west of Bridgeway Drive West Lewes, Sussex County

Angola by the Bay POA (234-17.08-91.00 & 234-11.20-128.00) To construct a major alteration to Angola By The Bay Marina by creating an additional 24 slips, consisting of a 5 by 20 foot long fixed pier, a 4 by 12 foot long gangway, a 5 by 132 foot long floating pier, ten (10) 4 by 16 foot long floating finger piers, two (2) 4 by 20 foot long floating finger piers and to hydraulically dredge 800± cubic yards to a depth of -4 feet MLW in Burton Prong, at the terminus of Marina Drive and to dispose of the dredged material via pipeline to an upland confined disposal area west of Bridgeway Drive West Lewes, Sussex County

Subaqueous Lands Lease, Marina Permit Application

Quillen's Point HOA (134-5.00-233.00) To construct a kayak launch ladder with an associated 1 by 6 foot long access landing located in Beach Cove of the Indian River Bay at the terminus of Apple Court, Quillen's Point Community Marina, Ocean View, Sussex County

Subaqueous Lands Permit and Water Quality Application

Division of Watershed Stewardship (several parcels) – To perform beach nourishment and dune repair by placing 6,300 cubic yards of fill material on 36,000 square feet of the Delaware Bay, along the shoreline east of Mulberry Lane and the northern end of N. Flack Avenue in Bowers Beach, Kent County

Subaqueous Lands Map Change Application
