LEGAL NOTICE - PUBLIC HEARING

The Department of Natural Resources and Environmental Control (DNREC) Division of Air Quality will conduct a public hearing on proposed amendments to 7 DE Admin. Code 1150, Outer Continental Shelf Air Regulations.

7 DE Admin. Code 1150 was promulgated in June 2010 to allow Delaware to regulate air emissions pursuant to the United States Environmental Protection Agency's regulations codified at 40 CFR Part 55, which were issued under Section 328(a)(1) of the federal Clean Air Act. The EPA's regulations apply to all sources of air emissions from within the Outer Continental Shelf (OCS). For Delaware, the OCS is the area that is within 25 miles of Delaware's coastal boundaries along the Atlantic Ocean. This means that air emissions from within the OCS are regulated in the same manner as if the source was located on Delaware's land. In practice, this regulation allows the Department to issue permits for any source to be regulated under 40 CFR Part 55, thereby effectively regulating air pollutants emitted in the OCS consistent with state and federal laws and regulations.

The Division of Air Quality (DAQ) is proposing to amend 7 DE Admin. Code 1150 to incorporate updates to the federal OCS regulations at 40 CFR Part 55, which have been finalized since the state regulation was adopted in 2010. A public hearing on the proposed amendments to 7 DE Admin. Code 1150, will be held at **6:00 pm on Wednesday, May 22** in the DNREC R&R Auditorium, and located at 89 Kings Highway, Dover, DE 19901.

The proposed amendments may be inspected at the Department's offices located at State Street Commons, 100 W. Water Street, Suite 6A, Dover, DE 19904.

For additional information or any appointments to inspect the proposed amendments to 7 DE Admin. Code 1150, please contact Mark A. Prettyman with the Division of Air Quality's offices located at State Street Commons, 100 W. Water Street, Suite 6A, Dover, DE 19904, by phone at 302-739-9402, or by email at mark.prettyman@delaware.gov.

Persons wishing to comment on the aforementioned proposed amendments may do so either orally or in written form at the public hearing on May 22, 2019. The hearing record will open on May 1 and will remain open for receipt of comment through the close of business on Thursday, June 6, 2019. In lieu of attending the public hearing, written comments may be submitted to the Hearing Officer either via email to Lisa.Vest@delaware.gov or via USPS to the following address: Lisa A. Vest, DNREC – Office of the Secretary, 89 Kings Highway, Dover, DE 19901

LEGAL NOTICE - 7 DE Admin. Code 1102 NATURAL MINOR PERMIT APPLICATIONS

Notice has been given that:

GSOE I, LLC, requests a permit to construct, operate, and decommission an unmanned Meteorological Buoy (Met Buoy) to collect meteorological data in Delaware's Outer Continental Shelf approximately 16.5 statute miles off the coast of Rehoboth Beach. The Met Buoy is powered by wind turbines and solar panels with a 6 kW backup diesel generator. The construction, maintenance, and decommissioning of the Met Buoy has the potential to emit (PTE): 0.33 TPY of VOC; 6.43 TPY of NOx; 3.27 TPY of CO; 0.38 TPY of PM10; 0.005 TPY of SOx; and 0.07 TPY of HAPs. (Permits: APC-2019/0042, and APC-2019/0043).

The application for this permit may be reviewed at the offices of the Division of Air Quality, State Street Commons, 100 W. Water Street, Suite 6A, Dover, Delaware or 715 Grantham Lane, New Castle, Delaware. For additional information or for an appointment to review the application, please contact Tracy Mattson at (302) 739-9402.

A public hearing on any of the above applications will NOT be held unless the Secretary of DNREC receives a request for a hearing regarding that application within 15 days from the date of this notice, ending **May 6**. A request for a hearing shall be in writing. The request must also show a familiarity with the application and a reasoned statement of the permit's probable impact. All comments and public hearing requests should be mailed to the following address: DIVISION OF AIR QUALITY, STATE STREET COMMONS 100 W. WATER STREET, SUITE 6A DOVER, DE 19904, (302) 739-9402. Title IV Permit Renewal Application

Notice is hereby given that Calpine Mid-Atlantic Generation, LLC. Hay Road Energy Center having a facility at 198 Hay Road in Wilmington, Delaware, has submitted a request for permit renewal pursuant to 40 CFR Part 72.30(c). Based on the data and certifications contained in the applications, the Division of Air Quality concludes that the applicant meets all applicable requirements promulgated by the Environmental Protection Agency (EPA) and the Department of Natural Resources and Environmental Control (DNREC). Therefore, the “draft/proposed” permit renewals have been prepared. There has been no change to the applicable requirements and all

existing permit conditions will transfer into the renewal permit for the Title IV.

The application, the "draft/proposed" permit renewal, Permit: AQM-003/00388-IV (Renewal 4), all materials that the applicant has submitted (other than those granted confidential treatment under DNREC rules), and a copy of summary of other materials, if any, considered in preparing the "draft/proposed" permit renewals may be inspected at the offices of the Division of Air Quality, State Street Commons, 100 W. Water Street, Suite 6A, Dover, Delaware and 715 Grantham Lane, New Castle, Delaware. To submit comments, for additional information or for an appointment to inspect the application, please contact Tracy Mattson at the Dover Office at (302) 739-9402.

The "Draft/Proposed" permit renewal is being submitted to EPA prior to the public comment period for concurrent processing. If there are no significant comments, the "Draft/Proposed" permit renewal will be issued as final permit after expiration of the EPA review period.

A public hearing concerning the permitting action will not be held unless the Secretary of the Department of Natural Resources and Environmental Control receives a request for such hearing within thirty (30) days from the date of this notice, ending **May 6**. A request for a hearing shall be in writing and must show a familiarity with the application and a reasoned statement of the permit renewal's probable impact. DIVISION OF AIR QUALITY, STATE STREET COMMONS 100 W. WATER STREET, SUITE 6A DOVER, DE 19904, (302) 739-9402. For more information visit:

DIVISION OF WASTE AND HAZARDOUS SUBSTANCES

SITE INVESTIGATION AND RESTORATION SECTION (SIRS) is responsible for the identification, evaluation, and remediation of sites in Delaware that have had past releases of hazardous substances. The section manages the contaminated sites under three major programs in accordance with the Hazardous Substance Cleanup Act (HSCA). The three programs are the **Brownfields Development Program, the Voluntary Cleanup Program (VCP), and the HSCA Enforcement Program** (for sites requiring enforcement action).

The Brownfields Development Program encourages the cleanup and redevelopment of either the entire property, the expansion of the property, or the reuse of the property which may be hindered by the reasonable held belief that the property may be contaminated. A party seeking to develop such a property negotiates with SIRS for a **Brownfields Development Agreement**

(BDA) to perform an investigation and, if necessary, a remedy, for the purpose of addressing the risks posed by past releases of hazardous substances at these sites. However, a BDA is only available to parties that are not current owners or operators of the site. The **Voluntary Cleanup Program (VCP) Agreement** is available to site owners who want to clean up their sites and are already liable as a potentially responsible party for the site.

NOTIFICATION OF NEGOTIATIONS FOR A BROWNFIELDS DEVELOPMENT AGREEMENT FOR THE A.M. DOMINO JR SALVAGE COMPANY SITE (DE-1173)

Pursuant to the Hazardous Substance Cleanup Act (HSCA), 7 Del. C. Chapter 91, §9126, the Department of Natural Resources and Environmental Control (DNREC) is required to issue a public notice within twenty days after entering into negotiations for a Brownfields Development Agreement (BDA). A BDA is an agreement between DNREC and a Brownfields developer with respect to a Certified Brownfields Site that sets forth a scope of work and schedule of remedial activities during the development of the Site.

DNREC's Site Investigation and Restoration Section (DNREC-SIRS) is negotiating a BDA with Riverfront Development Corporation of Delaware regarding the A.M. Domino Jr Salvage Company Site (Site), located at 810 South Walnut Street in Wilmington, Delaware. Identified by as New Castle County as tax parcel number 10-001.00-021 the Site may have had a release of hazardous substances as a result of salvage activities on site.
