SECRETARY'S ORDERS

[Secretary's Order No. 2019-A-0030](#) – Notice of Administrative Penalty Assessment and Secretary's Order issued to Diamond State Generation Partners, LLC (Bloom Energy) for violation of 7 Del. C. Chapter 60 and Air Pollution Control Operating and Construction Permits at the company's Red Lion facility in New Castle, Delaware.

UPCOMING AIR & WASTE, RELATED HEARINGS, MEETINGS, & EVENTS

Fourth Review Committee Meeting - Amendments to Stage I/II Regulation

DNREC Division of Air Quality / Air Quality / Natural Resources and Environmental Control

This is the fourth review committee meeting for the 2019 amendments to 7 DE Admin Code 1124 Section 26 (Stage I) and Section 36 (Stage II). **August 21 at 10:00 AM**, Division of Waste & Hazardous Substances, 715 Grantham Ln, New Castle DE 19720. Contact

frank.gao@delaware.gov, 302-323-4542. You may also

visit: <https://publicmeetings.delaware.gov/Meeting/63315>

Public Hearing

The Division of Waste and Hazardous Substances will hold a public hearing on proposed amendments to the regulations governing underground storage tanks. The revisions to the Regulations Governing Underground Storage Tank Systems (7 DE Admin. Code 1351) are the result of advances in underground storage tank system technology and changes to related federal regulations. The proposed amendments may be inspected at DNREC's office located at 391 Lukens Drive, New Castle, DE, and online as of August 1, 2019 at

http://regulations.delaware.gov/services/current_issue.shtml. For additional information on this proposed regulatory promulgation, visit <https://de.gov/dnrehearings> or contact Eileen Butler at 391 Lukens Drive, New Castle, DE 19720; by phone at 302-395-2500; or, by email at Eileen.Butler@delaware.gov.

Persons wishing to comment on the proposed amendments may do so either orally or in written form at the public hearing on **August 27** at DNREC, 391 Lukens Drive, New Castle, DE. In lieu of attending the public hearing, written comments may be submitted to the Hearing Officer via either email to DNRECHearingComments@delaware.gov, or via USPS to the below address. **The Department will accept public comment through the close of business on Wednesday, September 11, 2019.** Public Hearing Officer, Lisa A. Vest, DNREC Office of the Secretary, 89 Kings Highway, Dover, DE 19901. For more information visit: <https://dnrec.alpha.delaware.gov/events/406/public-hearing-proposed-amendments-to-7-de-admin-code-1351-underground-storage-tanks-ust/>

HSCA Advisory Committee (Updated)

DNREC Division of Waste and Hazardous Substances / Waste and Hazardous Substances / Natural Resources and Environmental Control

Review and provide guidance and input for DNREC's cleanup programs regulated under the Hazardous Substance Cleanup Act (HSCA). **September 05 at 09:00 AM** at the Department of Natural Resources & Environmental Control, 391 Lukens Drive, New Castle DE 19720

Interested parties are invited to attend the advisory committee meetings. Additional information such as Brownfields certification, possible grant funding, success stories and other related

documentation can be found at the following website:

<http://www.awm.delaware.gov/SIRB/Pages/Brownfields.aspx>. For more information, please call Sandra Waltz at 302.395.2600. You may also

visit: <https://publicmeetings.delaware.gov/Meeting/63202>

Public Hearing

The DNREC Division of Air Quality will conduct a public hearing on **September 25 at 6:00 pm** at the DNREC Auditorium, 89 Kings Highway, Dover DE, on proposed revisions to the Requirements for Preconstruction Review in the state's Air Regulations.

The proposed revisions would update references to EPA's Guideline on Air Quality Models (Guideline) in the Requirements for Preconstruction Review (7 DE Admin. Code 1125). The EPA has made several revisions to the Guideline since it was first published, in 1978. The Department is proposing to amend 7 DE Admin. Code 1125 to incorporate by reference the most recent revisions to the Guideline (Appendix W to 40 CFR Part 51 — Requirements for Preparation, Adoption, and Submittal of Implementation Plans).

Public Hearing Officer, Theresa Newman, DNREC Office of the Secretary, 89 Kings Highway Dover, DE 19901. For more information

visit: <https://dnrec.alpha.delaware.gov/events/460/public-hearing-requirements-for-preconstruction-review/>

DIVISION OF AIR QUALITY

Federally Enforceable 7 DE Admin. Code 1102 Permits: Delaware City Refining Company

Notice has been given that:

The Delaware City Refining Company requests amendments to operation permits of NO_x producing equipment at their 4550 Wrangle Hill Road, Delaware City, New Castle County facility. Based on the data and certifications contained in the request, the Division of Air Quality concludes that the facility meets all applicable requirements promulgated by the Environmental Protection Agency (EPA) and the Department of Natural Resources and Environmental Control (DNREC). Therefore "draft/proposed" permits have been prepared. These "draft/proposed" permits incorporate limited short term NO_x emission limit exceptions during specific malfunction periods.

- Permit: APC-90/0290-OPERATION (Amendment 13)(FE) – Boiler 3;
- Permit: APC-90/0291-OPERATION (Amendment 6)(FE) – Boiler 4;
- Permit: APC-97/0503-CONSTRUCTION (Amendment 11)(NSPS)(FE) – CCUs I and II; and
- Permit: APC-82/0981-OPERATION (Amendment 13)(NSPS)(FE) – FCCU.

These permits may be reviewed at the offices of the Division of Air Quality, State Street Commons, 100 W. Water Street, Suite 6A, Dover, Delaware or 715 Grantham Lane, New Castle, Delaware. For additional information or for an appointment to review the permits, please contact Tracy Mattson at (302) 739-9402.

A public hearing on any of the above applications will NOT be held unless the Secretary of DNREC receives a request for a hearing regarding that application within 30 days from the date of this notice, ending Tuesday, **August 26**. A request for a hearing shall be in writing. The request must also show a familiarity with the application and a reasoned statement of the permit's probable impact.

All comments and public hearing requests should be mailed to the following address: Division of Air Quality, State Street Commons, Suite 6A, 100 W. Water Street, Dover 19904, (302) 739-9042.

Federally Enforceable Permit Applications: GT USA Wilmington, LLC

Notice is hereby given that GT USA Wilmington, LLC has submitted applications for construction/operation permits for three existing mobile cranes for unloading and loading of cargo at the Port of Wilmington located at 1 Housel Road, Wilmington, Delaware. Combined actual

emissions from the diesel non-road engines will be 8.99 tons/year of particulate matter (PM), 0.205 tons/year of sulfur dioxides (SO_x), 70.3 tons/year of nitrogen dioxides (NO_x), 25.74 ton/year of carbon monoxide (CO), and 23.74 tons/year of volatile organic compounds (VOCs). Permits # APC-2017/0142-C/O, APC-2017/0143-C/O, and APC-2017/0144-C/O The applications, the "draft" Permits: (APC-2017/0142, 2017/0143, and 2017/0144), all materials that the applicant has submitted (other than those granted confidential treatment under DNREC rules), and a copy or summary of other materials, if any, considered in preparing the "draft" permit may be inspected at the offices of the Division of Air Quality, State Street Commons, 100 W. Water Street, Suite 6A, Dover, Delaware and 715 Grantham Lane, New Castle, Delaware. To submit comments, for additional information or for an appointment to inspect the public file, please contact Tracy Mattson at the Dover office at (302) 739-9402.

A public hearing concerning the permitting action will not be held unless the Secretary of the Department of Natural Resources and Environmental Control receives a request for such hearing within thirty (30) days from the date of this notice, ending Monday, **September 9**. A request for a hearing shall be in writing and must show a familiarity with the application and a reasoned statement of the permit's probable impact. Division of Air Quality, State Street Commons, Suite 6A, 100 W. Water Street, Dover 19904, (302) 739-9042. For more information visit: <https://dnrec.alpha.delaware.gov/2019/08/11/federally-enforceable-permit-applications-gt-usa-wilmington-llc/>

DIVISION OF WASTE AND HAZARDOUS SUBSTANCES

COMPLIANCE AND PERMITTING SECTION - The Compliance and Permitting Section (CAPS) hereby gives notice that a permit application has been received from the following companies for the management of solid wastes in the State of Delaware. The application and associated documents are available for review during business hours at our agency Compliance and Permitting Section office at 89 Kings Highway, Dover and also at our Lukens Drive office at 391 Lukens Drive in New Castle.

Motiva Enterprises, LLC – Industrial Waste Landfill Permit Modification AND Fly Ash Settling Ponds Permit Modification

Notice is hereby given by the Department of Natural Resources and Environmental Control's, Compliance and Permitting Section (CAPS) that Motiva Enterprises, LLC (Motiva) has completed closure activities for the **Industrial Waste Landfill (IWL)** (SW-04/01) and the **Fly Ash Settling Ponds (FAP)** (SW-96/01), located on the grounds of the Delaware City Refinery in Delaware City at 4550 Wrangle Hill Road, Delaware City, in accordance with Delaware's *Regulations Governing Solid Waste* (DRGSW). The existing permits for the **IWL** and **FAP** are being transitioned into Post-Closure Care Permits by the CAPS.

A copy of the **IWL** Construction Certification Report, **IWL** Post-Closure Care Plan, draft **IWL** Post-Closure Care Permit, **FAP** Construction Certification Report, **FAP** Post-Closure Care Plan, and a draft **FAP** Post-Closure Care Permit are available for review during business hours at DNREC's Compliance and Permitting Section office at 89 Kings Highway in Dover or at the Bear Public Library at 101 Governors Place in Bear. The documents are also available online at: <http://www.dnrec.delaware.gov/dwhs/shwmb/pages/solidwastefacilities.aspx>. For additional information or an appointment to review the application, please contact Alison Kiliszek, WHS/CAPS, 89 Kings Highway, Dover, DE 19901, 302-739-9403 or Alison.Kiliszek@delaware.gov.

A public hearing on the above permit modifications will NOT be held unless the Secretary of DNREC receives a meritorious request within fifteen (15) days from the date of this notice (**August 26**). A request for a hearing shall be in writing and shall state the nature of the issues to be raised at the hearing. It must also show a familiarity with the application and a reasoned statement of the activity's probable impact. For more information visit: <https://dnrec.alpha.delaware.gov/2019/08/11/motiva-enterprises-llc-industrial-waste-landfill-permit-modification-and-fly-ash-settling-ponds-permit-modification/>

REMEDIAION SECTION (RS) is responsible for the identification, evaluation, and remediation of sites in Delaware that have had past releases of hazardous substances. The section manages the contaminated sites under three major programs in accordance with the Hazardous Substance Cleanup Act (HSCA). The three programs are the **Brownfields Development Program, the Voluntary Cleanup Program (VCP), and the HSCA Enforcement Program** (for sites requiring enforcement action).

The Intent to Implement Post-Closure Care at the Delaware City Refinery Under the Delaware Regulations Governing Hazardous Waste, Division of Waste and Hazardous Substances

Pursuant to 7 Del. C., Chapters 60 and 63, Delaware's *Regulations Governing Hazardous Waste* (DRGHW), the Delaware Department of Natural Resources and Environmental Control (DNREC), Remediation Section has made a preliminary decision to issue a hazardous waste Permit for Post-closure Care to Motiva Enterprises LLC (Motiva), located at 4550 Wrangle Hill Road in Delaware City, Delaware. The current Post-closure Care permit has expired, and, DNREC proposes to issue a new permit to continue hazardous waste post-closure care activities at the Hazardous Waste Landfill (HWL) at this facility.

The Delaware City Refinery (DCR) is located on a 5,050 acre tract of land located approximately 1 mile north of Delaware City, Delaware. The land north and south of the Refinery is mostly farmland, with the exception of several industrial complexes located immediately north and west of the Refinery. The eastern property boundary of DCR borders the Delaware River. The manufacturing facilities occupy approximately 1,000 of the 5,050 acres of the property. The Refinery produces mainly gasoline and heating oil. The Refinery began operation in 1956. Star Enterprise owned and operated the DCR until it was sold to Motiva Enterprises, LLC (Motiva) in 2000. In May 2004, Motiva sold the DCR to Premcor Refining Group, Inc. The Refinery was again sold in September 2005 to Valero. Valero sold the Refinery to PBF Energy on June 1, 2010. PBF Energy currently owns and operates the DCR.

The closed HWL occupies approximately 29 acres and is surrounded by security fences on all sides, except for the east side, which is adjacent to Dredge Material Storage Area (DMSA) No. 1. The eastern boundary of DMSA No. 1 is open to the Delaware River.

On September 30, 2004, the Site was issued RCRA Post-Closure Care Permit No.

HW09A14. This permit has expired and in August 2018, Motiva submitted a post-closure care application for HWL. The application essentially seeks a continuance of the care/maintenance and monitoring program for HWL that was begun on September 30, 2004 with the issuance of Post-Closure Permit No. HW09A14. DNREC will oversee post-closure care activities through the administration of the post-closure care permit. The post-closure permit care permit includes provisions for:

- . Inspection/Maintenance Program
- . Groundwater monitoring
- . Detection monitoring system
- . Security and access control, and
- . Financial assurances.

7 Del. C., Chapters 60 and 63 and DRGHW provide the legal and regulatory basis for this permitting action.

Persons wishing to comment upon the draft permit application are invited to submit written comments. The written comments must be received no later than Wednesday, September 25, 2019. Comments must be sent to DNREC, RE: DED002329738; File Code: 16 at the address listed below. All written comments received prior to the end of the forty-five (45) day comment period will be considered when formulating the final determination. A public hearing may be held if the Department receives a meritorious request for a hearing prior to the Wednesday, **September 25** deadline, or if the Secretary deems it to be in the best interest of the State to do so.

The post-closure care draft permit is on file and may be reviewed at the Dover office of DNREC (89 Kings Highway) or the New Castle office of DNREC (391 Lukens Drive). For additional information or to schedule an appointment to review this material, call Christopher L.

Brown, Remediation Section at (302) 739-9403, between the hours of 8:00 a.m. and 4:30 p.m., Monday to Friday. For more information visit: <https://dnrec.alpha.delaware.gov/2019/08/11/the->

[intent-to-implement-post-closure-at-the-delaware-city-refinery-under-the-delaware-regulations-governing-hazardous-waste/](#)

The Brownfields Development Program encourages the cleanup and redevelopment of either the entire property, the expansion of the property, or the reuse of the property which may be hindered by the reasonable held belief that the property may be contaminated. A party seeking to develop such a property negotiates with SIRS for a **Brownfields Development Agreement (BDA)** to perform an investigation and, if necessary, a remedy, for the purpose of addressing the risks posed by past releases of hazardous substances at these sites. However, a BDA is only available to parties that are not current owners or operators of the site. The **Voluntary Cleanup Program (VCP) Agreement** is available to site owners who want to clean up their sites and are already liable as a potentially responsible party for the site.

Notification of Public Comment for a Brownfield Development Agreement for the Claymont Cleaners/Joe & Tony's Service Site, (DE-1703)

Pursuant to the Hazardous Substance Cleanup Act (HSCA), 7 Del. C. Chapter 91, §9126, the Department of Natural Resources and Environmental Control (DNREC) is required to issue a public notice within twenty days after entering into negotiations for a Brownfield Development Agreement (BDA). A BDA is an agreement between DNREC and a Brownfield developer with respect to a Certified Brownfield Site that sets forth a scope of work and schedule of remedial activities during the development of the Site.

DNREC's Remediation Section (DNREC-RS) negotiated a BDA with NelRay II LLC regarding the Claymont Cleaners/Joe & Tony's Service Site (Site), located at 3203 and 3207 Philadelphia Pike and 4 Commonwealth Avenue in Claymont, Delaware. Identified by New Castle County as tax parcel numbers 06.084.00-473, 06.084.00-474 and 06.084.00-475, the Site may have had a release of hazardous substances as a result of historical activities on site. For more information, please see DNREC's navigator at: <http://www.nav.dnrec.delaware.gov/DEN3>.

The public comment period **begins Thursday, August 1** and will close at the end of the business day (4:30 p.m.) on **Tuesday, August 20**. Please submit written comments to the DNREC-RS Project Manager, John Costa at DNREC-RS, 391 Lukens Drive, New Castle, DE 19720. A copy of the BDA is available at the office of DNREC – RS or by accessing the DNREC-RS' site files database.

Learn more about this Site and other Brownfields sites by accessing DNREC-RS' web page at <http://www.awm.delaware.gov/SIRB/Pages/Brownfields.aspx> or by contacting the DNREC-RS Project Manager John Costa, at (302) 395-2600 or John.Costa@delaware.gov. You may also visit: <https://dnrec.alpha.delaware.gov/2019/07/31/notification-of-public-comment-for-a-brownfield-development-agreement-for-the-claymont-cleaners-joe-tonys-service-site-de-1703/>

Notification of Negotiations for a Brownfields Development Agreement for the General Motors Corp – Wilmington Assembly Plant Site, Lots 1 And 2, (DE-1149)

Pursuant to the Hazardous Substance Cleanup Act (HSCA), 7 Del. C. Chapter 91, §9126, the Department of Natural Resources and Environmental Control (DNREC) is required to issue a public notice within twenty days after entering into negotiations for a Brownfields Development Agreement (BDA). A BDA is an agreement between DNREC and a Brownfields Developer with respect to a Certified Brownfield Site that sets forth a scope of work and schedule of remedial activities during the development of the Site. DNREC's Remediation Section (DNREC-RS) is negotiating a BDA with DPIF2 DE 1 New Castle, LLC regarding the General Motors Corp- Wilmington Assembly Plant, Lots 1 and 2 Site (Site), located at 1025 and 1035 Boxwood Road in Wilmington, Delaware. Identified by New Castle County as tax parcel numbers 07-042.10-055 and 07.042.10-143 the Site may have had a release of hazardous substances as a result of historical activities on site. For more information, please see DNREC's navigator at:

<http://www.nav.dnrec.delaware.gov/DEN3>. Learn more about this Site and other Brownfields sites by accessing DNREC-RS' web page at

<http://www.awm.delaware.gov/SIRB/Pages/Brownfields.aspx> or by contacting the DNREC-RS Project Manager Rick Galloway, at (302) 395-2600 or Rick.Galloway@delaware.gov. You may also visit: <https://dnrec.alpha.delaware.gov/2019/07/31/notification-of-negotiations-for-a->

[brownfields-development-agreement-for-the-general-motors-corp-wilmington-assembly-plant-site-lots-1-and-2-de-1149/](https://www.dnrec.delaware.gov/whs/awm/SIRB/Pages/SIRBPlans.aspx)

Notification of Negotiations Concerning a Prospective Purchaser Agreement for the Cavaliers Country Club – Operable Unit 1A Site, (DE-1600)

Division of Waste & Hazardous Substances

The Hazardous Substance Cleanup Act (HSCA), 7 Del. C. § 9107 (a)(1), requires the Department of Natural Resources and Environmental Control (DNREC) to provide “public notification within 20 days after entering into negotiations for a voluntary cleanup settlement agreement with any person that agrees to perform a remedy.”

As required by § 9107 (a)(1), DNREC advises that it is negotiating a Prospective Purchaser Agreement (PPA) with Cavaliers Redevelopment L.P. regarding the Cavaliers Country Club Operable Unit 1A Site (DE-1600) located at 100 Addison Drive, Newark, DE. The Site is identified as portions of New Castle County tax parcel number 09-024.00-013. The Site requires remedial action due to historic activities on site.

For Site-specific information, please see DNREC’s Environmental Navigator at www.nav.dnrec.delaware.gov/DEN3. For additional information, please contact the project officer Caleb Melvin at (302) 395-2600 or Caleb.Melvin@delaware.gov. You may also visit: <https://dnrec.alpha.delaware.gov/2019/07/31/notification-of-negotiations-concerning-a-prospective-purchaser-agreement-for-the-cavaliers-country-club-operable-unit-1a-site-de-1600/>

The Proposed and Final Plans of Remedial Action listed below outline site cleanup activities and covenants and are available online at:

<http://www.dnrec.delaware.gov/whs/awm/SIRB/Pages/SIRBPlans.aspx> under “Announcements.” For site-specific information, please see DNREC’s Environmental Navigator at: <http://www.nav.dnrec.delaware.gov/DEN3>.

Final Plan of Remedial Action for the NVF-Yorklyn Operable Unit #4 (DE-0071)

The Department has adopted a plan regarding the clean-up of Operable Unit #4 of the NVF-Yorklyn Site, located in Yorklyn, Delaware. The Operable Unit contains approximately 1,250 linear feet of railroad track and right-of-way. Surface soil and subsurface soil have been impacted by historic activities. During removal of the old track, any excavated soil needs to be segregated, properly disposed of, and shall not be used to grade the new right-of-way.

DNREC issued public notice of the Proposed Plan for Operable Unit #4 of the NVF-Yorklyn Site on July 7, 2019. There were no comments or questions from the public regarding the Proposed Plan. Details of the Final Plan are available at the office of DNREC-RS (391 Lukens Drive, New Castle, DE, 19720), or online at: <http://www.nav.dnrec.delaware.gov/DEN3/>

For additional information, please contact John Cargill, Project Manager, at (302) 395-2600 or via email at John.Cargill@delaware.gov. For more information

visit: <https://dnrec.alpha.delaware.gov/2019/08/04/final-plan-of-remedial-action-for-the-nvf-yorklyn-operable-unit-4-de-0071/>

Amended Final Plan of Remedial Action for the Delaware Air National Guard Site, IRP Site 4B (Soil) (DE-1003)

The Department has adopted a plan regarding the clean-up of IRP Site 4B (Soil) of the Delaware Air National Guard Site located in New Castle. The Site is an active military base and a soil vapor extraction system was previously required to clean-up contaminated soil at IRP Site 4B. The Amended Final Plan reflects the correct operable unit boundary for IRP Site 4B (Soil).

DNREC issued public notice of the Amended Proposed Plan for IRP Site 4B (Soil) of the Delaware Air National Guard Site on July 7, 2019. There were no comments or questions from the public regarding the Amended Proposed Plan. Details of the Amended Final Plan are available at the office of DNREC-Remediation Section (391 Lukens Drive, New Castle, DE, 19720), or online at <http://www.nav.dnrec.delaware.gov/DEN3/>

For additional information, please contact Stephanie Gordon, Project Manager at (302) 395-2600 or via email at stephanie.gordon@delaware.gov. You may also visit:

<https://dnrec.alpha.delaware.gov/2019/08/04/amended-final-plan-of-remedial-action-for-the-delaware-air-national-guard-site-irp-site-4b-soil-de-1003/>

Proposed Plan of Remedial Action for the Hamilton Park/Pyles Lane Site – Operable Units 34, 35, 36, 37, 38, and 39 (DE-1284)

The Department invites public comment on a proposal to cleanup Operable Units (OUs) –34, 35, 36, 37, 38, and 39 of the Hamilton Park/Pyles Lane Site, a residential neighborhood located in New Castle. Fill material placed before the houses were constructed, as well as remnants of a former foundry operations previously located in the rear of the neighborhood, are the likely sources of elevated metals and polycyclic aromatic hydrocarbons (PAHs) detected within the top 0 to 2 feet below ground surface (bgs). The plan includes the removal of soil within the top two feet bgs in select areas within each OU.

Details of the Proposed Plan are available at the DNREC office located at 391 Lukens Drive, New Castle, DE, 19720, or online at: <http://www.nav.dnrec.delaware.gov/DEN3/>

The comment period ends on **August 26**. For additional information, please contact Lindsay Hall, Project Manager, at (302) 395-2600, or via e-mail at Lindsay.Hall@delaware.gov. You may also visit: <https://dnrec.alpha.delaware.gov/2019/08/07/proposed-plan-of-remedial-action-for-the-hamilton-park-pyles-lane-site-operable-units-34-35-36-37-38-and-39-de-1284/>
