## **UPCOMING AIR & WASTE, RELATED HEARINGS, MEETINGS, & EVENTS**

### **HSCA Advisory Committee**

DNREC Division of Waste and Hazardous Substances / Waste and Hazardous Substances / Natural Resources and Environmental Control

Review and provide guidance and input for DNREC's cleanup programs regulated under the Hazardous Substance Cleanup Act (HSCA). Interested parties are invited to attend the advisory committee meeting **on December 5 at 9:00 AM** at DNREC, 391 Lukens Drive, New Castle DE 19720. Additional information such as Brownfields certification, possible grant funding, success stories and other related documentation can be found at the following website:

<http://www.awm.delaware.gov/SIRB/Pages/Brownfields.aspx>. Contact: [Sandra.woolston@delaware.gov](mailto:Sandra.woolston@delaware.gov) or 302-395-2600. You may also visit: <https://publicmeetings.delaware.gov/Meeting/63827>

## **DIVISION OF AIR QUALITY**

### **7 DE Admin. Code 1102 Natural Minor Permit Application: DuPont Nutrition USA, Inc.**

Notice has been given that:

DuPont Nutrition USA, Inc. – Newark Site (formerly known as FMC Corporation), requests a temporary operating permit for a portable 50 MMBtu/hr natural gas fired boiler with a low NOx burner at their 1301 Ogletown Road, Newark and County of New Castle facility. The portable boiler will temporarily provide steam to the Facility while their permanent boiler undergoes major repairs. DuPont Nutrition USA, Inc. – Newark Site anticipates that the permanent boiler will be returned to service and the temporary boiler removed within ninety (90) days of the commencement of repair activities. The temporary boiler will be permitted to emit 1.94 tons of Nitrogen Oxides (NOx), 4.45 tons of Carbon Monoxide (CO), 0.29 ton of Total Hydrocarbons (THC), 0.03 ton of Sulfur Dioxide (SO<sub>2</sub>), and 0.40 ton of Particulate Matter (PM) by Permit # APC-2020/0014 – CONSTRUCTION/OPERATION-TEMPORARY.

The application for this permit may be reviewed at the offices of the Division of Air Quality, State Street Commons, 100 W. Water Street, Suite 6A, Dover, Delaware or 715 Grantham Lane, New Castle, Delaware. For additional information or for an appointment to review the application, please contact Tracy Mattson at (302) 739-9402.

A public hearing on any of the above applications will NOT be held unless the Secretary of DNREC receives a request for a hearing regarding that application within 15 days from the date of this notice, ending **October 30**. A request for a hearing shall be in writing. The request must also show a familiarity with the application and a reasoned statement of the permit's probable impact. All comments and public hearing requests should be mailed to the following address: Division of Air Quality, State Street Commons, Suite 6A, 100 W. Water Street, Dover 19904, (302) 739-9402. ### **Title IV and 7 DE Admin. Code 1136 Permit Renewal: Energy Center Dover LLC**

Notice is hereby given that Energy Center Dover LLC having a facility at 1280 W. North Street, Dover Delaware, has submitted a request for permit renewal pursuant 40 CFR Part 72.30(c), and 7 DE Admin. Code 1136 for operating Permit: AQM-001/00127-IV (Renewal 4). Based on the data and certifications contained in the application, the Division of Air Quality concludes that the applicant meets all applicable requirements promulgated by the Environmental Protection Agency

(EPA) and the Department of Natural Resources and Environmental Control (DNREC). Therefore a “draft/proposed” permit renewal has been prepared. There has been no change to the applicable requirements and all existing permit conditions will transfer into the Title IV renewal permit.

The application, the “draft/proposed” permit renewal (AQM-001/00127-IV (Renewal 4)), all materials that the applicant has submitted (other than those granted confidential treatment under DNREC rules), and a copy of summary of other materials, if any, considered in preparing the “draft/proposed” permit renewal may be inspected at the offices of the Division of Air Quality, State Street Commons, 100 W. Water Street, Suite 6A, Dover, Delaware and 715 Grantham Lane, New Castle, Delaware. To submit comments, for additional information or for an appointment to inspect the application, please contact Tracy Mattson at the Dover Office at 739-9402.

The “draft/proposed” permit renewal is being submitted to EPA for concurrent processing. If there are no significant comments, the “draft/proposed” permit renewal will be issued as a final permit after expiration of the EPA review period.

A public hearing concerning the permitting action will not be held unless the Secretary of the Department of Natural Resources and Environmental Control receives a request for such hearing within thirty (30) days from the date of this notice, ending **November 4**. A request for a hearing shall be in writing and must show a familiarity with the application and a reasoned statement of the permit renewal’s probable impact. Division of Air Quality, State Street Commons, Suite 6A, 100 W. Water Street, Dover 19904, (302) 739-9402. For more information visit: <https://dnrec.alpha.delaware.gov/2019/10/06/title-iv-and-7-de-admin-code-1136-permit-renewal-energy-center-dover-llc/>

#### **Title V Permit Renewal Application: Energy Center Dover LLC**

Notice is hereby given that Energy Center Dover LLC having a facility at 1280 W. North Street, Dover Delaware, has submitted a request for a permit renewal pursuant to 7 DE Admin. Code 1130, Section 7: for operating Permit: AQM-001/00127 (R4). Based on the data and certifications contained in the application, the Division of Air Quality concludes that the applicant meets all applicable requirements promulgated by the Environmental Protection Agency (EPA) and the Department of Natural Resources and Environmental Control (DNREC). Therefore a “draft/proposed” permit renewal has been prepared. This “draft/proposed” permit renewal adds one (1) 12,600 gallon Aqueous Ammonia storage tank, adds a 5 HP fire pump, adds the permit requirements of 40 CFR Part 60 Subpart Db to include Standards for Nitrogen Oxides emissions to a limit of 0.10 lb/MMBTU, removes references to the CAIR permit as CSPAR replaced CAIR on January 1, 2015 and the State of Delaware is not subject to CSPAR rule.

The application, the “draft/proposed” permit renewal (AQM-001/00127 (R4)) all materials that the applicant has submitted (other than those granted confidential treatment under DNREC rules), and a copy of summary of other materials, if any, considered in preparing the “draft/proposed” permit renewal, may be inspected at the offices of the Division of Air Quality, State Street Commons, 100 W. Water Street, Suite 6A, Dover, Delaware and 715 Grantham Lane, New Castle, Delaware. To submit comments, for additional information or for an appointment to inspect the application, please contact Tracy Mattson at the Dover Office at 739-9402.

The “draft/proposed” permit renewal is being submitted to EPA for concurrent processing. If there are no significant comments, the “draft/proposed” permit renewal will be issued as a final permit after expiration of the EPA review period.

A public hearing concerning the permitting action will not be held unless the Secretary of the Department of Natural Resources and Environmental Control receives a request for such hearing within thirty (30) days from the date of this notice, ending **November 4**. A request for a hearing shall be in writing and must show a familiarity with the application and a reasoned statement of the permit renewal’s probable impact. Division of Air Quality, State Street Commons, Suite 6A, 100 W. Water Street, Dover 19904, (302) 739-9402. You may also visit: <https://dnrec.alpha.delaware.gov/2019/10/06/title-v-permit-renewal-application-energy-center-dover-llc/>

#### **7 DE Admin. Code 1102 Natural Minor Permit Application: Messer, LLC**

Notice has been given that:

Messer, LLC requests a natural minor permit to operate their existing Air Separation and Purification Plant which consists of the following existing equipment: a Cryoquip Twin-Burner Water Bath Vaporizer (2 x 30 mmBTU/hr), a Thermax Water Bath Vaporizer (2 x 8 mmBTU/hr), a Pre-purification Regeneration Heater (6.2 mmBTU/hr), and an Emergency Generator (3.1 mmBTU/hr) at their 6000 Philadelphia Pike, Claymont, Delaware facility. The facility is requesting classification as a natural minor source due to various process unit shutdowns and equipment removal, which results in a reduction of their Potential to Emit of NO<sub>x</sub> to below the major source threshold. The total estimated emissions from the above-mentioned equipment are 22.40 TPY NO<sub>x</sub>, 2.01 TPY VOCs, 0.65 TPY HAPS, 0.43 TPY SO<sub>x</sub>, 30.39 TPY CO, 2.92 TPY PM<sub>2.5</sub>, and 2.92 TPY PM<sub>10</sub>, and will be permitted by Permits# APC-2020/0015-CONSTRUCTION/OPERATION, Permit# APC-2020/0016-CONSTRUCTION/OPERATION, Permit# APC-2020/0017-CONSTRUCTION/OPERATION, Permit# APC-2020/0018-CONSTRUCTION/OPERATION.

The applications for these permits may be reviewed at the offices of the Division of Air Quality, State Street Commons, 100 W. Water Street, Suite 6A, Dover, Delaware or 715 Grantham Lane, New Castle, Delaware. For additional information or for an appointment to review the application, please contact Tracy Mattson at (302) 739-9402.

A public hearing on any of the above applications will NOT be held unless the Secretary of DNREC receives a request for a hearing regarding that application within 15 days from the date of this notice, ending **November 4**. A request for a hearing shall be in writing. The request must also show a familiarity with the application and a reasoned statement of the permit's probable impact. All comments and public hearing requests should be mailed to the following address: Division of Air Quality, State Street Commons, Suite 6A, 100 W. Water Street, Dover 19904, (302) 739-9402. For more information visit: <https://dnrec.alpha.delaware.gov/2019/10/20/7-de-admin-code-1102-natural-minor-permit-application-messer-llc/>

#### **Title V Permit Renewal Application: BASF Colors and Effects USA LLC**

Notice is hereby given that BASF Colors and Effects USA LLC having a facility at 205 South James Street, Newport, Delaware, has submitted a request for a permit renewal pursuant to 7 DE Admin. Code 1130, Section 7 for operating Permit: AQM-003/00003-Renewal 3. Based on the data and certifications contained in the application, the Division of Air Quality concludes that the applicant meets all applicable requirements promulgated by the Environmental Protection Agency (EPA) and the Department of Natural Resources and Environmental Control (DNREC). Therefore a "draft/proposed" permit renewal has been prepared. This "draft/proposed" permit renewal will update the permit to meet applicable regulatory requirements. The application, the "draft/proposed" permit renewal Permit: AQM-003/00003-Renewal 3, all materials that the applicant has submitted (other than those granted confidential treatment under DNREC rules), and a copy of summary of other materials, if any, considered in preparing the "draft/proposed" permit renewal may be inspected at the offices of the Division of Air Quality, State Street Commons, 100 W. Water Street, Suite 6A, Dover, Delaware and 715 Grantham Lane, New Castle, Delaware. To submit comments, for additional information or for an appointment to inspect the application, please contact Tracy Mattson at the Dover Office at 739-9402.

The "draft/proposed" permit renewal is being submitted to EPA for concurrent processing. If there are no significant comments, the "draft/proposed" permit renewal will be issued as a final permit after expiration of the EPA review period.

A public hearing concerning the permitting action will not be held unless the Secretary of the Department of Natural Resources and Environmental Control receives a request for such hearing within thirty (30) days from the date of this notice, ending **November 18**. A request for a hearing shall be in writing and must show a familiarity with the application and a reasoned statement of the permit renewal's probable impact. Division of Air Quality, State Street Commons, Suite 6A, 100 W. Water Street, Dover 19904, (302) 739-9402. For more information visit: <https://dnrec.alpha.delaware.gov/2019/10/20/title-v-permit-renewal-application-basf-colors-and-effects-usa-llc/>

### **DIVISION OF WASTE AND HAZARDOUS SUBSTANCES**

**COMPLIANCE AND PERMITTING SECTION** - The Compliance and Permitting Section (CAPS) hereby gives notice that a permit application has been received from the following companies for the management of solid wastes in the State of Delaware. The application and associated documents are available for review during business hours at our agency Compliance and Permitting Section office at 89 Kings Highway, Dover and also at our Lukens Drive office at 391 Lukens Drive in New Castle.

### **Permits Pending**

The Department of Natural Resources and Environmental Control, Division of Waste and Hazardous Substances, hereby gives notice that a permit application has been received from the following companies to transport regulated RCRA hazardous and/or non-hazardous solid wastes in, out of, or through the State of Delaware:

- A&B Salvage, Inc.
- AES Asset Acquisition Corporation, dba American Transportation Solutions
- AMS Waste Disposal, Inc.
- Blue Bridge Trucking, LLC
- Central Jersey Wrecking & Recycling, Inc.
- D. Sabatelli, Inc.
- DE Cavalho Group
- Delphi Engineering
- Folcher Enterprises
- Grady & Sons Excavation
- Greene's Trucking
- Liquid Environmental Solutions of Texas, LLC
- Plymouth Environmental Co.
- Robert C. People's
- Selective Dismantlement, Inc.
- Shiery Construction
- Sun Communities Operating Limited Partnership

The applications may be inspected by appointment from 8:00 AM to 4:30 PM Monday through Friday at the offices of DNREC. For additional information or an appointment to inspect the applications, please contact Tara Grazier, DWHS/CAPS, 89 Kings Hwy, Dover, DE 19901, 302.739.9403.

A public hearing concerning these applications will NOT be held unless the Secretary of DNREC, in care of Karen J'Anthony, receives a meritorious request for a hearing by **October 29**, which is within fifteen (15) days from the date of this notice. A request for a hearing must be in writing and shall state the nature of the issues to be raised at the hearing. It must also show a familiarity with the application and a reasoned statement of the activity's probable impact. For more information visit: <https://dnrec.alpha.delaware.gov/2019/10/14/permits-pending/>

### **Eco Plastic Products of Delaware, Inc. Recycling Permit Application**

Notice is hereby given by the Department of Natural Resources and Environmental Control (DNREC) that Eco Plastic Products of Delaware, Inc. has applied for a permit to operate a recycling facility located at 18 Gerday Drive in Wilmington. The facility proposes to team with schools, libraries, and other similar community organizations to collect plastic bags and bottles, which will be processed to produce plastic lumber and a variety of goods constructed of plastic lumber, such as park benches, picnic tables, and parking stops. The proposed recycling facility has requested to accept up to one (1) ton of plastic wastes per week and to store up to one (1) ton of plastic waste feedstocks at the referenced location.

The application and associated documents are available for review during business hours at DNREC's Compliance and Permitting Section office at 89 Kings Highway in Dover and at DNREC's Division of Waste and Hazardous Substances office at 391 Lukens Drive in New

Castle. The application is also available online at:

<http://www.dnrec.delaware.gov/dwhs/SHWMB/Pages/SolidWasteFacilities.aspx>.

A public hearing on the above permit application will NOT be held unless the Secretary of DNREC receives a meritorious request for such a hearing within fifteen (15) days from the date of this notice, ending **November 5**. A request for a hearing shall be in writing and shall state the nature of the issues to be raised at the hearing. It must also show a familiarity with the application and a reasoned statement of the activity's probable impact.

For additional information, to submit comments, or to request a hearing, please contact Jeff Martin at 89 Kings Highway, Dover, DE 19901; at (302) 739-9403; or at

[Jeffrey.Martin@state.de.us](mailto:Jeffrey.Martin@state.de.us). For more information visit: <https://dnrec.alpha.delaware.gov/2019/10/20/eco-plastic-products-of-delaware-inc-recycling-permit-application/>

**REMEDIATION SECTION (RS)** is responsible for the identification, evaluation, and remediation of sites in Delaware that have releases of hazardous substances, corrective actions related to petroleum releases and hazardous waste. The section manages the contaminated sites under three major programs in accordance with the Hazardous Substance Cleanup Act (HSCA). The three programs are the **Brownfields Development Program, the Voluntary Cleanup Program (VCP), and the HSCA Enforcement Program**. In addition, Remediation Section also manages **Corrective Action Programs** for Petroleum release sites, and **Corrective Action Program** for Hazardous Wastes sites.

**The Brownfields Development Program** encourages the cleanup and redevelopment of either the entire property, the expansion of the property, or the reuse of the property which may be hindered by the reasonable held belief that the property may be contaminated. A party seeking to develop such a property negotiates with SIRS for a **Brownfields Development Agreement (BDA)** to perform an investigation and, if necessary, a remedy, for the purpose of addressing the risks posed by past releases of hazardous substances at these sites. However, a BDA is only available to parties that are not current owners or operators of the site. The **Voluntary Cleanup Program (VCP) Agreement** is available to site owners who want to clean up their sites and are already liable as a potentially responsible party for the site.

#### **Notification of Public Comment for a Brownfield Development Agreement for the Kaiser Yacht Property Site (DE-1563)**

Pursuant to the Hazardous Substance Cleanup Act (HSCA), 7 Del. C. Chapter 91, §9126, the Department of Natural Resources and Environmental Control (DNREC) is required to issue a public notice within twenty days after entering into negotiations for a Brownfield Development Agreement (BDA). A BDA is an agreement between DNREC and a Brownfield developer with respect to a Certified Brownfield Site.

DNREC's Remediation Section (DNREC-RS) negotiated a BDA with the Delaware Division of Historical and Cultural Affairs regarding the Kaiser Yacht Property Site located at 1122 East Seventh Street and 0 East Seventh Street in Wilmington, Delaware. Identified by New Castle County as tax parcel numbers 26.044.00.011, and 26.044.00.031, the Site may have had a release of hazardous substances as a result of historical activities on site. For more information about this Site, please see DNREC's navigator at: <http://www.nav.dnrec.delaware.gov/DEN3> or by contacting the DNREC-RS Project Manager, Lindsay Hall, at (302) 395-2600 or [Lindsay.Hall@delaware.gov](mailto:Lindsay.Hall@delaware.gov).

The public comment period begins Monday, October 21 and will close at the end of the business day (4:30 p.m.) on Tuesday, **November 12**. Please submit written comments to the DNREC-RS Project Manager, Lindsay Hall, 391 Lukens Drive, New Castle, DE 19720. A copy of the BDA is available at the office of DNREC – RS or by accessing the DNREC's site files database. Learn more about Brownfields sites by accessing DNREC-RS' web page at <https://de.gov/brownfields>.

For more information visit: <https://dnrec.alpha.delaware.gov/2019/10/20/notification-of-public-comment-for-a-brownfield-development-agreement-for-the-kaiser-yacht-property-site-de-1563/>

#### **Notification of Public Comment for a Brownfield Development Agreement for the Jackson Avenue-Wilmington University Site (DE-1706)**

Pursuant to the Hazardous Substance Cleanup Act (HSCA), 7 Del. C. Chapter 91, §9126, the Department of Natural Resources and Environmental Control (DNREC) is required to issue a public notice within twenty days after entering into negotiations for a Brownfield Development Agreement (BDA). A BDA is an agreement between DNREC and a Brownfield developer with respect to a Certified Brownfield Site that sets forth a scope of work and schedule of remedial activities during the development of the Site.

DNREC's Remediation Section (DNREC-RS) negotiated a BDA with Wilmington University, Inc. regarding the Jackson Avenue-Wilmington University Site (Site), located at 3 East Jackson Avenue, New Castle, Delaware. Identified by New Castle County as tax parcel numbers 10-019.10-158 and 10-019.00-007, the Site may have had a release of hazardous substances as a result of historical activities on site. For more information, please see DNREC's navigator at: <http://www.nav.dnrec.delaware.gov/DEN3>.

The public comment period begins Monday, October 21 and will close at the end of the business day (4:30 p.m.) on Tuesday, **November 12**. Please submit written comments to the DNREC-SIRS Project Manager, Morgan Price at DNREC-RS, 391 Lukens Drive, New Castle, DE 19720. A copy of the BDA is available at the office of DNREC – RS or by accessing the DNREC-SIRS' site files database. Learn more about this Site and other Brownfields sites by accessing DNREC-RS' web page at <https://de.gov/brownfields> by contacting the DNREC-RS Project Manager Morgan Price, at (302) 395-2600 or [Morgan.Price@delaware.gov](mailto:Morgan.Price@delaware.gov). For more information visit: <https://dnrec.alpha.delaware.gov/2019/10/20/notification-of-public-comment-for-a-brownfield-development-agreement-for-the-jackson-avenue-wilmington-university-site-de-1706/>

#### **Notification of Public Comment for a Brownfield Development Agreement for the 12 and 14 Gordon Street Site (DE-1697)**

Pursuant to the Hazardous Substance Cleanup Act (HSCA), 7 Del. C. Chapter 91, §9126, the Department of Natural Resources and Environmental Control (DNREC) is required to issue a public notice within twenty days after entering into negotiations for a Brownfield Development Agreement (BDA). A BDA is an agreement between DNREC and a Brownfield developer with respect to a Certified Brownfield Site that sets forth a scope of work and schedule of remedial activities during the development of the Site.

DNREC's Remediation Section (DNREC-RS) negotiated a BDA with the Wilmington Neighborhood Conservancy Land Bank regarding the 12 and 14 Gordon Street Site (Site), located at 12 and 14 Gordon Street in Wilmington, Delaware. Identified by New Castle County as tax parcel numbers 26-022.30-367 and 26-022.30-366, the Site may have had a release of hazardous substances as a result of historical activities on site.

For more information, please see DNREC's navigator at: <http://www.nav.dnrec.delaware.gov/DEN3>.

The public comment period begins Monday, October 21 and will close at the end of the business day (4:30 p.m.) on Tuesday, **November 12**. Please submit written comments to the DNREC-SIRS Project Manager, Mariya Chiger at DNREC-RS, 391 Lukens Drive, New Castle, DE 19720. A copy of the BDA is available at the office of DNREC – RS or by accessing the DNREC-SIRS' site files database. Learn more about this Site and other Brownfields sites by accessing DNREC-RS' web page at <https://de.gov/brownfields> by contacting the DNREC-RS Project Manager Mariya Chiger, at (302) 395-2600 or [Mariya.Chiger@delaware.gov](mailto:Mariya.Chiger@delaware.gov).

#### **Notification of Negotiations for a Brownfields Development Agreement for Paulsen Property Site, 394 West Front Street, Laurel, Delaware (DE-1712)**

Pursuant to the Hazardous Substance Cleanup Act (HSCA), 7 Del. C. Chapter 91, §9126, the Department of Natural Resources and Environmental Control (DNREC) is required to issue a public notice within twenty days after entering into negotiations for a Certified Brownfields Development Agreement (BDA). A BDA is an agreement between DNREC and a Certified Brownfields Developer with respect to a Certified Brownfield Site that sets forth a scope of work and schedule of remedial activities during the development of the Site.

DNREC's Remediation Section (DNREC-RS) is negotiating a BDA with Sussex County Habitat for Humanity, Inc. regarding the Paulsen Property Site (Site), located at 394 West Front Street, Laurel, Delaware. Identified by Sussex County as tax parcel number 432-8.06-73.00 the Site

may have had a release of hazardous substances as a result of historical activities on site. For more information, please see DNREC's navigator at: [www.nav.dnrec.delaware.gov/DEN3](http://www.nav.dnrec.delaware.gov/DEN3). Learn more about this Site and other Certified Brownfield sites by accessing the web page at [de.gov/brownfields](http://de.gov/brownfields) or by contacting the DNREC-RS Project Manager, Mariya Chiger at (302) 395-2600 or [Mariya.Chiger@delaware.gov](mailto:Mariya.Chiger@delaware.gov). You may also visit: <https://dnrec.alpha.delaware.gov/2019/10/27/notification-of-negotiations-for-a-brownfields-development-agreement-for-paulsen-property-site-394-west-front-street-laurel-delaware-de-1712/>

**The Proposed and Final Plans of Remedial Action** listed below outline site cleanup activities and covenants and are available online at: <http://www.dnrec.delaware.gov/whs/awm/SIRB/Pages/SIRBPlans.aspx> under "Announcements." For site-specific information, please see DNREC's Environmental Navigator at: <http://www.nav.dnrec.delaware.gov/DEN3>.

### **Amended Final Plan of Remedial Action for the Cavaliers County Club – Operable Unit 1B (DE-1600)**

The Department has adopted a plan regarding the clean-up of Cavaliers Country Club located in Newark. The Site, operating as a golf course dating back to 1958, requires surface soil excavation, blending, and disposal, termination of pumping operations from the Christina River, and a deed restriction for the site, which will include a limitation to groundwater. DNREC issued a public notice of the Amended Proposed Plan for the Cavaliers Country Club on September 15, 2019. There were no comments or questions from the public regarding the Amended Proposed Plan. Details of the Amended Final Plan are available at the office of DNREC-RS located at 391 Lukens Drive, New Castle, DE, 19720 and online at:

<http://www.nav.dnrec.delaware.gov/DEN3/>

For additional information, please contact Caleb Melvin, Project Manager at (302) 395-2600 or via email at [caleb.melvin@delaware.gov](mailto:caleb.melvin@delaware.gov). For more information
