**Subject:** In the matter of the exemption of the Premcor Delaware City Refinery

To: Ms Vest and Ms Gray:

Comment on the matter of the exemption of the Premcor Delaware City Refinery refinery from the "RGGI" greenhouse gas program:

I want Premcor to pay its share for its greenhouse gas emissions. The regulation must require full participation by the Delaware City Refinery.

Christine Whitehead

Wilmington, DE 19808

P.S. Can you please find some money in DNREC to pay for more air quality monitors for northern New Castle County? They are badly needed. Thank you.
