

DNREC/Air Quality Management

LEGAL NOTICE

The Secretary of the Department of Natural Resources and Environmental Control has signed Secretary's Order No. 2012-A-0040, amending 7 Admin. Code 1120 – NEW SOURCE PERFORMANCE STANDARDS. This amendment repeals Section 29, which was applicable to hospital, medical, and infectious waste incineration (HMIWI) units. Since the adoption of Section 29 in September 1998, all existing HMIWI units in Delaware have been shut down and the equipment dismantled and removed. The purpose of this repeal was to eliminate outdated regulatory requirements that are no longer justified by present realities. The effective date of the repeal of Section 29 is December 11, 2012.

Final Section 29, the Secretary's Order, and the Department's public hearing materials are available for public inspection at the Department of Natural Resources and Environmental Control's offices at the Blue Hen Corporate Center, 655 S. Bay Road Suite 5N, Dover and at 715 Grantham Lane, New Castle. This information can also be obtained from the Department's regulatory website
