

DNREC - Air Quality Management

PUBLIC WORKSHOP NOTICE

PLANNED ADOPTION OF NEW REGULATION
Regulation No. 1144, "Control of Stationary Generator Emissions"
(Formerly Labeled as Regulation No. 44)

The Department of Natural Resources and Environmental Control (DNREC), Air Quality Management Section (AQM) will conduct public workshops on the planned adoption of a new regulation, **Regulation No. 1144, "Control of Stationary Generator Emissions."** This regulation may impact any owner or operator of a stationary generator, regardless of size, except the owner or operator of any: mobile generator; residential generator for emergency use only; or certain generators whose emissions are already well controlled.

Delaware is not in compliance with federal standards for ground-level ozone and fine particulate matter (PM_{2.5}). Among other things, the purpose of this regulation is to help ensure that the air emissions from new and existing stationary electric generating units do not cause or contribute to these existing air quality problems. The regulation is planned to establish emissions standards, operating requirements, fuel sulfur content limits, and recordkeeping requirements applicable to covered generators.

The purpose of the workshop will be to review the draft regulation's requirements, and to solicit public comments or recommendations for revisions from the public. The draft regulation can be viewed on AQM's website found at:

http://www.dnrec.state.de.us/air/aqm_page/pro_regs.htm

Based on comments and suggestions received at these workshops, AQM may make revisions before formally proposing the rule for final adoption, which is currently planned for mid-year. Any person that owns a stationary generator or that plans to install a stationary generator in the future, for emergency use or any other purpose, should consider attending one of the workshops to learn about the details of the requirements.

WORKSHOPS SCHEDULE

Workshop #1	Workshop #2	Workshop #3
Tuesday, 5/3/05 6:00 – 9:00 pm Del Tech Stanton Campus Stanton, DE	Wednesday 5/4/05 6:00 – 9:00 pm Del Tech Owens Campus Georgetown, DE	Thursday, 5/5/05 6:00 – 9:00 pm Priscilla Building 156 S. State St Dover, DE

For additional information, please contact Mark A. Prettyman or Ron Amirikian, in Dover, at 302-739-4791.

THIS IS THE ONLY TIME THIS NOTICE WILL APPEAR
