- 1. **Type of Action:** Amend 7 DE Admin. Code 1124, "Control of Volatile Organic Compound Emissions," Section 13.0, "Automobile and Light-Duty Truck Coating Operations."

Purpose of Action: The purpose of this action is to amend 7 DE Admin Code 1124, Section 13.0 to conform to an EPA Control Techniques Guidelines (CTG) for "Automobile and Light-Duty Truck Assembly Coatings." The Clean Air Act provides that ozone non-attainment areas must submit State Implementation Plan revisions consistent with a CTG. The current version of 13.0 is based upon a 1977 CTG supplemented by a 1980 New Source Performance Standards for Automobile and Light-Duty Truck Surface Coating Operations. The VOC limits in the new CTG have been decreased based upon current nationwide experience and suggestions from the Alliance of Automobile Manufacturers.

- 3. **Statutory Basis:** 7 Del. C. Chapter 60, Environmental Control.
- 4. **Likely Affected Public:** Any person who supplies, sells, offers for sale, distributes, manufactures for use, uses, applies or solicits the use or application of motor vehicle assembly line coatings within the State of Delaware.
- 5. **Proposed Schedule of Activities:**

Public Hearing (6/10) Compliance Date (1/1/12)

- 6. **Review Committee:** The Department knows of no issues requiring review committee discussion prior to the Department's developing and releasing the proposed amendment for public comment. The Department believes that the holding of a public hearing will provide adequate opportunity for public education, review, and comment.
