Re: 601 Christiana Avenue
Zoned M-2

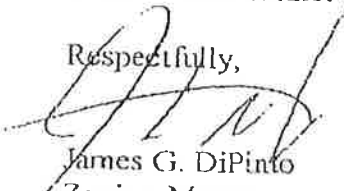

Dear Ms. Carre:

Pursuant to your request, please be advised that the subject property is located in an area zoned M-2 and that the proposed use of the premises for a composting and recycling facility is permitted as a "special exception" use, subject to the review and approval of the City of Wilmington Zoning Board of Adjustment, in accordance with Wilmington City Code sections 48-247(3) and 48-247(c).

A copy of the definition of such a facility is attached for your convenience.

If I can be of further assistance with this matter, please don't hesitate to call or write.

Respectfully,

James G. DiPinto
Zoning Manager
Department of Licenses & Inspection

City of Wilmington
Board of Adjustment Decision

CITY OF WILMINGTON
BUILDING ZONE ORDINANCE
DECISION

Case # 8.2.08
Zoned M-2/F-2

Decision of the Zoning Board Of Adjustment on the appeal or application of:

NAME: Donald N. Isken, Esq. On behalf of Peninsula Compost Company LLC
ADDRESS: 601 Christiana Avenue
Wilmington, Delaware 19801

Applicant requesting permission to: develop and operate a commercial composting and recycling facility at 601 Christiana Avenue and to do so within an F-2 Flood District.

Permit referred to the Board of Adjustment under its' original jurisdiction.

See Code Section: 48-70 Variances

and now on the 27th day of February, 2008 the application of the Donald N. Isken, Esq. coming on to be heard at this meeting of the Board of Adjustment.

And the Board having held a public hearing and having heard all the testimony and considering the location, is of the unanimous opinion that the application could be granted without substantially impairing the general purpose and intent of the Building Zone Ordinance and that it would not adversely affect the character of the neighborhood, with such a determination being necessary for the granting of a special exception; and considering that the proposed operation would bring a substantial benefit to the community with respect to employment and minimizing the diminution of existing landfill capacity; and considering that the proposed buildings and appurtenant equipment will be elevated to a point at least one foot above the base flood elevation; and there being significant public support for the request;

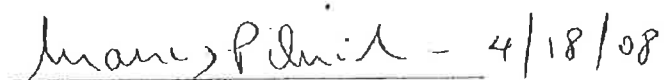

Therefore, it was ordered that the application be granted and the decision of the Zoning Administrator be reversed.

Case # 8.2.08
Zoned M-2/F-2

Conditions of Approval:

Result of Vote: Harold Lindsay- To Grant
David Blankenship- To Grant
Mark Pilnick – To Grant

I hereby certify that the foregoing is
the decision of the Board of Adjustment
in the above captioned matter held on
February 27, 2008.

Mark Pilnick
Chairman
