RE: Signing of a Consent Decree for Natural Resources Damages for the Fox Point State Park Site (DE X015)

Dear Mr. Ratsep:

I would like to request a public hearing about the above-referenced consent decree.

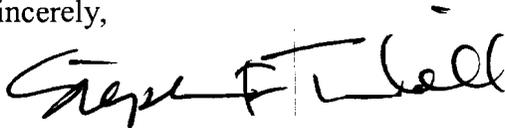

As a resident of a community near Fox Point State Park and a frequent user of the park, I believe that a more thorough understanding of the history leading up to the consent decree and the logic behind it are in the public interest and health.

As I understand it, compensation received for environmental damages should be utilized to repair, correct or mitigate the damages. A public hearing would be a good way to explain how the consent decree conforms to that concept.

I look forward to a speedy response to my request.

Thank you for your consideration.

Sincerely,

Stephen F. Tindall
