Subject: INVISTA Seaford Plant Solid Waste Permit Renewal

Dear Mr. Ratchford:

We received the information on this project. Because there will be no expansions to the existing ash landfill, no historic properties will be affected by this project.

Please let me know if you have any questions about these comments.

Sincerely,

Alice H. Guerrant

RE: DuPont Scaford Nylon Plant environmental assessment

Dear Ms. Vitek:

I have reviewed our records for the area of the waste permit, and there are two recorded archaeological sites there. However, in speaking with you and with Mike Terry, I understand that this is a re-issuance of a permit for an existing solid waste disposal area. Also I understand that the disposal area will not be increased in size. With that understanding, no historic properties will be affected by this project.

Please let me know if you have any questions about these comments.

Sincerely,
