Michael Sheehy, DPA
Sally Buttner, DPA
Cara Lampton, DNREC
Tom Noyes, Environmental Representative

I. Welcome

Carolyn Snyder discussed the agenda to review the report and recommended voting on the report. Several workgroup members voiced their concern with voting today and it was agreed the vote would be postponed to a separate meeting, most likely by phone.

II. Page by Page Review of the Report

The Workgroup walked through each section of the report and addressed all of the previous revisions and comments. All new revisions were made in track changes and will be distributed to the group for one final review. If workgroup members have any additional edits, they will need to submit them to the group by early next week. A clean copy with any remaining formatting changes and an updated table of contents will be distributed after these comments are submitted. The next meeting will be a conference call vote to approve the report.

III. Schedule

A revised final schedule was agreed to by the workgroup. It is as follows:

1. Comments on the new version will be due June 7.
2. Revisions incorporated in FINAL report sent out June 9.
3. Conference call to discuss/vote to accept report on June 14th at 1pm.
