Additional Information:

Explanation & Instructions:

Exact Location: give relative to nearest mapped town; additional information is useful, such as "McDaniel Crest, 3 mi. NE of Wilmington. Include USGS quadrangle and block position if known.

Nest Site: describe relative to ground in feet; include type of structure or tree used, e.g. "hole in fence post", "50 ft. up in elm", etc.

Habitat: Use whatever description is appropriate, e.g. "oak woodland", "riparian woodland", "suburban yard", etc.

Breeding Evidence: give basis for report (e.g. nest, dependant young), and basis for assignment to listed species (e.g. "adult seen at nest", "nest and eggs identified"). Be brief but complete.

Dates & Comments: note what was observed in nest and/or nearby, e.g. "under construction", "3 eggs", "bird incubating", "feeding young", etc.

Additional Information: note cowbird parasitism; photographs taken; birds banded; give extraordinary details.

**DO NOT JEOPARDIZE SUCCESSFUL NESTING BY TOO MANY VISITS!**

Mail Completed Nest Cards to:

Delmarva Ornithological Society  
P.O. Box 4247  
Greenville, DE 19807
