NOTE: The list of check stations is subject to change without notice. Visit the Division's website and click on [Hunting Information](#) after March 27th for any changes before the season begins. Check station hours may vary, so hunters are advised to call the station where they are likely to check a bird to confirm the hours of operation. Hunters who want to have their bird scored and entered into the National Wild Turkey Federation records are reminded to have their bird's live weight recorded on a certified scale. If the check station does not have a certified scale, hunters will be directed to another station to have the turkey re-weighed.
