

New Rabbit Hunting Season Proposed by Division

This proposed regulatory change would extend the rabbit hunting season from its current ending date of February 15th to the last day of February or the last Saturday of February should February end on a Sunday. This season extension was requested by Delaware hunters. The short season extension should not have a significant impact on the well being of the rabbit population.

This regulatory change will be presented at a public hearing on December 2, 2009 beginning at 6:30 p.m. in the DNREC Auditorium, 89 Kings Highway, Dover, Delaware. Interested parties may submit comments in writing on this proposed amendment prior to the public hearing and/or comments may be presented orally or in writing at the hearing.
