2. During field trial and organized training events, permitted by the Division, dog training areas may be closed to the public. A signage system at appropriate access areas will be used to provide notice when a permitted field trail or training event is occurring and that the dog training area is closed.
3. No permits are needed to train dogs on designated dog training areas provided live birds are not being used for training activities. If live birds are being used then a dog training permit is required and can be obtained by calling (302) 739-9911.
3. Individuals are not permitted to drive or operate motorized vehicles off established and maintained roadways on lands administered by the Division, including dog training areas.

2. In a cooperative stewardship agreement with the Division of Fish and Wildlife, the Delaware Bay Retriever Club is assisting the Division in the management of this area. **Except during permitted field trial and organized training events, the club does not maintain any exclusive use of the area and the area is open to all members of the public engaged in the retriever training of their dogs.**
3. The Summit Retriever Training Area is closed to hunting except during the archery and firearm deer seasons (See Exception below). No dog training is permitted during any firearm deer seasons, except on Sundays (See Exception Below).
