HUNTING REGULATIONS FOR INDUSTRIAL FOREST LANDS
LEASED FOR PUBLIC HUNTING

Persons may hunt on the Industrial Forest Lands tracts only as directed by these rules, which have been established by Regulation 25 of the Division of Fish and Wildlife, pursuant to Section 103, 7 Delaware Code. **Violators of wildlife area regulations may be subject to fines and/or revocation of their hunting privilege on state wildlife areas for up to one year.**

This public hunting program provides access to private industrial forestlands in Delaware through permanent hunting easements on lands owned by or previously owned by the Glatfelter Pulpwood Company. The State holds **perpetual hunting rights** to several tracts formerly leased annually (**Whitesville, Edwin Bell, and Ralph's Corner & Barr Tract**). The regulations on Industrial Forest Lands, Midlands, and Old Furnace are the same. All areas carry the full force of Wildlife Area Regulations.

NEW IN 2011 - Open for special October firearms antlerless season, and handgun deer hunting. During the month of September, ALL dove hunting on State Wildlife Areas will require the use of non-toxic shot. Red fox hunting in season is allowed.

Special Note - The Barr Tract Complex is owned by Glatfelter Pulpwood Company and the hunting program is managed by the Division of Fish and Wildlife. The Day and Tunnell Tracts of the Redden State Forest are adjacent to the Barr Tract. Different rules apply on State Forest Lands. Call 856-2893 for State Forest hunting maps/rules.
