## Notes for Cape Henlopen State Park

16.0 additional trail miles for the park is attributed mainly to expanding single track pedestrian and biking experiences on both the east and west side of the park.

15 miles of hardened trail would be added to the trail system. Currently 16.1 of the 19.3 trail miles are hardened (stone or paved) and open to pedestrian and bicycle users. Under the proposed trail plan, hardened surfacing would increase to improve sustainability and provide a wider range of accessible trail opportunities in the park.

### Current Accessible Trails within park boundary:

- Junction & Breakwater Trail (3.8 miles)
- Gordons Pond Trail (3.1 miles)
- Cape Bike Loop (3.3 miles)
- Walking Dune Trail (2.6 miles)

### Future Accessible Trails:

- Great Dune Trail (1.8 miles)
- Spray Field Site (1.0 mile)
- Holland Glade Road Loop (2.6 miles)

### Other Future Trails:

- Spray Field Outer Loop (5.8 miles)
- Barrow Pit Loop (1.5 miles)
