| 11-132      | Acq  | 2011                  | Broad Dyke Wetlands Natural Area | Purchased 60 acres north of the Broad Dike adjacent to the Delaware River for the purpose of protecting the natural habitat and for passive recreation. | \$ 400,000      | \$ 1,300,000       |
| 02-005GW    | Dev  | 2002                  | Community Trail                  | Constructed a pathway along Young Street from 8th St. to Route 273.   | \$ 35,000       | \$ 70,000          |
| 02-009      | Dev  | 2002                  | Young Street Park                | Enhanced park with regrading, seeding, tree planting, and park benches.   | \$ 10,000       | \$ 20,000          |
| 94-094      | Dev  | 1994                  | Battery Park                     | Constructed a public restroom facility.   | \$ 35,943       | \$ 72,641          |
| Total       |      |                       |                                  |   | \$ 480,943      | \$ 1,462,641       |

## Outdoor Recreation, Parks and Trails (ORPT) Program

Delaware Land & Water Conservation Trust Fund

### New Castle County

1988-2019

| Completed   |      |                       |   |  |                 |                    |
|-------------|------|-----------------------|---|--|-----------------|--------------------|
| Project No. | Type | Year Project Approved | Park Name   | Project Description  | ORPT Investment | Total Project Cost |
| 17-167      | Dev  | 2017                  | Edgemoor Gardens Park                                     | Constructed a basketball court, playground, perimeter pathway and other improvements   | \$ 100,000      | \$ 204,594         |
| 15-161      | Dev  | 2015                  | Glasgow Regional Park                                     | Designed and constructed a new sensory playground at Glasgow Regional Park.  | \$ 200,000      | \$ 400,000         |
| 15-228T     | Dev  | 2015                  | Jester Park   | Constructed a pedestrian/bike perimeter pathway within the County-owned Jester Park. The paved pathway will connect Handy School with neighboring communities (Project in progress). | \$ 275,000      | \$ 600,000         |
| 14-152      | Dev  | 2014                  | Roser Park  | Installed irrigation system, bermuda grass, back stop system, bleachers, benches and paved pathway at the soccer field adjacent to the parking lot.                                  | \$ 45,000       | \$ 122,840         |
| 09-124      | Dev  | 2009                  | Delcastle Recreation Area                                 | Enlarged the quad softball fields to national standards including re-grading, lighting and fencing.  | \$ 200,000      | \$ 408,138         |
| 07-106      | Dev  | 2007                  | Glasgow Regional Park                                     | Designed and constructed a concrete skate park with pathway to the parking lot.  | \$ 350,000      | \$ 701,311         |
| 07-208GW    | Dev  | 2007                  | Industrial Track Trail                                    | Constructed a 4-mile asphalt pathway from Route 273 near the City of New Castle to the Christina River along an abandoned rail line.   | \$ 500,000      | \$ 1,487,718       |
| 06-004GW    | Dev  | 2006                  | DelCastle Recreation Area                                 | Designed and constructed a segment of the Mill Creek Greenway Trail connecting the Northpointe community with the Delcastle Recreation Area.   | \$ 175,000      | \$ 788,243         |
| 06-005GW    | Dev  | 2006                  | Mill Creek Greenway                                       | Designed and constructed a segment of the Mill Creek Greenway Trail at Camp Wright.  | \$ 175,000      | \$ 368,304         |
| 05-001      | Dev  | 2005                  | Woods Haven Kruse Park                                    | Restored entrance pillars, installed signage and landscape.  | \$ 20,900       | \$ 41,800          |
| 05-002      | Dev  | 2005                  | Iron Hill Park  | Installed new playground equipment.  | \$ 51,848       | \$ 103,697         |
| 05-004GW    | Acq  | 2005                  | Camp Wright   | Acquired a 7 acre property along Mill Creek for conservation and pathway.  | \$ 200,000      | \$ 400,034         |
| 03-008GW    | Acq  | 2003                  | Red Clay Riparian Buffer                                  | Acquired two properties 13.6 acres between Brandywine Springs Park and Greenbank Mill on Red Clay Creek.   | \$ 59,700       | \$ 131,219         |
| 01-001      | Dev  | 2001                  | Llangollen Park   | Installed new playground equipment, benches and swings.  | \$ 20,950       | \$ 45,850          |
| 01-013      | Acq  | 2001                  | Jayson Dr Open Space                                      | Acquired 18.3 acres along Del Route 896 adjacent to the Porter Square Subdivision for a county park and open space.  | \$ 77,400       | \$ 339,400         |
| 98-004      | Acq  | 1998                  | Rosar Park  | Acquired 17.3 acres for a county park.   | \$ 241,995      | \$ 483,990         |
| 97-001      | Dev  | 1997                  | Townsend Elementary School                                | Installed new playground equipment pathways and lighting.  | \$ 16,047       | \$ 92,047          |
| 97-002GW    | Dev  | 1997                  | Swift Bicentennial Park and Rosar Park                    | Planned and developed of a system of trails in the Hockessin area in partnership with Delaware Greenways Inc.  | \$ 12,821       | \$ 34,271          |
| 97-004GW    | Dev  | 1997                  | Lewden Green Park and James T. Concoran Jr. Memorial Park | Constructed 1.75 mile asphalt pathway along Christina River from Main St in the Town of Christiana to James T. Concoran Jr. Memorial Park (Coventry Ridge Park).                     | \$ 20,775       | \$ 305,775         |
| 96-001GW    | Dev  | 1996                  | Bringhurst Woods  | Designed and installed a bridge crossing Matson Run and 3 informational/directional nodes.   | \$ 38,753       | \$ 77,506          |
| 96-002GW    | Dev  | 1996                  | Brandywine Park   | Designed and constructed a sensory trail (Brandywine Park is now managed by DNREC, Division of Parks and Recreation).  | \$ 12,500       | \$ 36,602          |
| 94-081GW    | Dev  | 1994                  | Bringhurst Woods  | Constructed a bike/ped trail from Bellevue State Park to Rockwood Museum.  | \$ 100,000      | \$ 214,682         |
| 92-031GW    | Plan | 1992                  | Map Greenways   | Developed a map of all public and private open space lands utilizing the NCC GIS Mapping System.   | \$ 33,271       | \$ 66,542          |
| 91-022      | Acq  | 1991                  | Middle Run Valley Natural Area                            | Purchased 40 acres as an addition to Middle Run Valley Natural Area.   | \$ 850,000      | \$ 2,803,000       |
| 89-013      | Acq  | 1989                  | Middle Run Valley Natural Area                            | Purchased 21.5 acres as an addition to Middle Run Valley Natural Area.   | \$ 495,500      | \$ 991,000         |
| Total       |      |                       |   |  | \$ 4,272,461    | \$ 11,248,564      |

| In Progress |      |                       |                                 |   |                                  |                               |

| Project No. | Type | Year Project Approved | Park Name                       | Project Description   | ORPT Award (reimbursement-based) | Minimum Expected Project Cost |
| 19-252T     | Plan | 2019                  | Commons Blvd. Pathway, Phase 1b | Design and engineer an approximately 10-foot wide, multi-use pathway and related improvements from the Jack Markell Trail at Interstate 295 to Creekwood Road | \$ 100,000                       | \$ 200,000                    |
| 18-181      | Dev  | 2018                  | Banning Park                    | Design and install an all-weather synthetic turf field on an existing soccer field  | \$ 100,000                       | \$ 200,000                    |
| 15-228T     | Dev  | 2015                  | Jester Park                     | Construct a pedestrian/bike perimeter pathway that is paved and connects Handy School with neighboring communities  | \$ 275,000                       | \$ 550,000                    |
| Total       |      |                       |                                 |   | \$ 475,000                       | \$ 950,000                    |

## Outdoor Recreation, Parks and Trails (ORPT) Program

Delaware Land & Water Conservation Trust Fund

**City of Newark**  
1988-2019

| Completed   |      |                       |  |  |                 |                    |
|-------------|------|-----------------------|--|--|-----------------|--------------------|
| Project No. | Type | Year Project Approved | Park Name  | Project Description  | ORPT Investment | Total Project Cost |
| 18-244T     | Dev  | 2018                  | Pomeroy Trail Connector  | Constructed a 0.3 mile, paved trail connection between North College Avenue/Creek Road and Fremont Road  | \$ 37,000       | \$ 115,344         |
| 17-166      | Dev  | 2017                  | Reservoir Park   | Installed an inclusive, accessible playground  | \$ 78,000       | \$ 257,863         |
| 15-229T     | Dev  | 2015                  | Curtis Mill Park   | Survey, design, engineer, permit and construct a pedestrian/bike bridge over the White Clay Creek. The bridge will be located just north of the Paper Mill Road bridge and will connect Kershaw Park and Curtis Mill Park (Project in progress). | \$ 200,000      | \$ 1,000,000       |
| 13-146      | Dev  | 2013                  | LeRoy Hill Park  | Improved drainage by replacing clay soil with sand/topsoil mixture and resodding outfield  | \$ 78,500       | \$ 157,871         |
| 11-140      | Dev  | 2011                  | Curtis Mill Park   | Designed and constructed parking area, walking/biking pathways, a plaza area, landscaping, meadow restoration, and interpretive signage.   | \$ 380,000      | \$ 1,145,996       |
| 11-141      | Dev  | 2011                  | Norma B. Handloff Park and Phillips Park                         | Design and build skate spots at Norma B. Handloff Park and Phillips Park including access and signage.   | \$ 85,000       | \$ 176,432         |
| 11-218GW    | Dev  | 2011                  | William Redd Park  | Constructed an all-weather trail and bridges including community connections.  | \$ 97,211       | \$ 205,972         |
| 09-121      | Dev  | 2009                  | Elan Park  | Resurfaced the basketball court.   | \$ 7,875        | \$ 15,751          |
| 09-122      | Dev  | 2009                  | LeRoy Hill Park  | Rehabilitated the ball field including dugouts, backstop and fencing.  | \$ 31,629       | \$ 63,257          |
| 09-123      | Plan | 2009                  | Curtis Mill Park   | Master planned the Curtis Mill property and the property between the reservoir and White Clay Creek for active and passive recreation.   | \$ 20,250       | \$ 41,432          |
| 08-116      | Dev  | 2008                  | Norma B. Handloff Park, Devon Park, Stafford Park and Kells Park | Installed new playground equipment.  | \$ 8,772        | \$ 17,545          |
| 07-107      | Dev  | 2007                  | Norma B. Handloff Park   | Installed subsurface drainage system and regraded playing fields to improve drainage.  | \$ 6,593        | \$ 13,186          |
| 07-200GW    | Dev  | 2007                  | William Redd Park  | Installed drainage pipes, subsurface fabric and stone for trail improvements.  | \$ 17,422       | \$ 34,843          |
| 07-201GW    | Dev  | 2007                  | Phillips Park  | Constructed a hard surface trail connection from the parking lot to the James F. Hall Trail.   | \$ 17,111       | \$ 34,221          |
| 06-001      | Dev  | 2006                  | Fairfield Park   | Installed new playground equipment.  | \$ 7,093        | \$ 14,186          |
| 06-003GW    | Dev  | 2006                  | Newark Reservoir   | Designed and constructed a pedestrian and bicycle pathway along Old Paper Mill Road south of the Newark Reservoir including landscaping.   | \$ 73,001       | \$ 146,002         |
| 05-012      | Dev  | 2005                  | Kells Park   | Installed subsurface drainage system and regraded playing fields to improve drainage.  | \$ 43,140       | \$ 86,280          |
| 04-003      | Dev  | 2004                  | Rittenhouse Park   | Replaced pavilion roof.  | \$ 11,800       | \$ 23,600          |
| 02-008      | Dev  | 2002                  | Fairfield Park, Rahway Park and Stafford Park                    | Installed new playground equipment.  | \$ 10,000       | \$ 22,889          |
| 01-002      | Dev  | 2001                  | Folk Memorial Park   | Constructed a tennis court, a basketball court, softball field, park signage, picnic tables, bleachers and benches.  | \$ 100,000      | \$ 339,000         |
| 01-005GW    | Dev  | 2001                  | Folk Memorial Park   | Constructed a paved walkway as part of the Mason-Dixon Trail within the park.  | \$ 16,786       | \$ 42,886          |
| 00-001GW    | Dev  | 2000                  | James F. Hall Trail and Lewis Park                               | Designed and constructed a multi-purpose 1.7 mile paved pathway north of the rail line.  | \$ 200,000      | \$ 1,950,000       |
| 98-005      | Dev  | 1998                  | Norma B. Handloff Park and Lumbrook Park                         | Installed new playground equipment.  | \$ 19,624       | \$ 39,248          |
| 94-092      | Acq  | 1994                  | Iron Glen  | Acquired 12.7 acre Iron Glen parcel near Elkton Rd and the Maryland border for open space.   | \$ 53,800       | \$ 550,000         |
| 91-021      | Acq  | 1991                  | Karpinski Park and Coleman Park                                  | Purchased Karpinski (8.0 acres) and Coleman (5.7 acres) parcels for City parkland.   | \$ 203,500      | \$ 407,000         |
| 89-012      | Acq  | 1989                  | Elkton Road Open Space   | Purchased 4.3 acres at the intersection of Elkton Rd and Christina Parkway for open space.   | \$ 58,825       | \$ 117,650         |
| Total       |      |                       |  |  | \$ 1,747,931    | \$ 6,645,248       |

| In Progress |      |                       |                                   |  |                                  |                               |
