

News from the DNREC Sediment and Stormwater Program:
DNREC Sediment & Stormwater Listserve Update: February 2008

This months topics:

1. March CCR Course Now Full
2. Regulatory Advisory Subcommittee Meetings Underway
3. Upcoming Workshops on Stormwater Pond Maintenance

1. March 2008 CCR Course Now Full

The upcoming CCR course in March 2008 is now full. The next course will be offered March 2009. To be placed on the waiting list, please send an e-mail to Joanne.Gedney@state.de.us

2. Regulatory Advisory Subcommittee (RAC) Meetings Underway

Six subcommittees have been identified through the Regulatory Advisory Committee (RAC), which currently meet monthly to guide the revisions of the Delaware Sediment and Stormwater Regulations.

Committees include:

- o Economic Impacts
- o Maintenance
- o Planning
- o Policies & Procedures
- o Technical
- o Urban Considerations

All committees met for the first time between February 4th and 6th 2008. Subcommittees will continue to meet throughout the next few months to continue to identify priorities for the new regulations.

3. Upcoming Workshops on Stormwater Pond Maintenance

Property owners living in a community or development in Sussex County who want to learn more about how to maintain stormwater management areas still have time to sign up for a free, two-hour workshop being offered Feb. 13 and 20, through the Department of Natural Resources and Environmental Control's Sediment and Stormwater Section, DNREC Watershed Assessment Section, Sussex Conservation District and the Center for Inland Bays.

The two workshops will be held from 6:30 to 8:30 p.m. on the following dates:

- o Wednesday, Feb. 13 - Millville Town Hall, Millville

- Wednesday, Feb. 20 - Carvel Research and Education Center, Georgetown

The workshops are offered free of charge. Pre-registration is required. To register, or for more information or directions, please contact the Sussex Conservation District at 302-856-7219.
