**MEMORANDUM**

TO: Class E System Contractors

FROM: Groundwater Discharges Section (GWDS)

SUBJECT: Board Representative Term Expiration

DATE: March 1, 2018

---

With the promulgation of the Regulations Governing the Design, Installation and Operation of On-Site Wastewater Treatment and Disposal Systems (Regulations), the GWDS is soliciting those Class E System Contractors interested in applying for consideration to become a member of the On-Site Systems Advisory Board (OSSAB) representing your peers. The successful candidate will serve a three year term. The term begins July 1, 2018 and expires June 30, 2021. The OSSAB meets the first Wednesday of every month in the DNREC R & R Building. The OSSAB handles all matters involving licensure of on-site professionals performing work within the State of Delaware. Some duties include, but are not limited to, reviewing new license applications, enforcement issues, license revocation, policy adoption, etc.

You are a Class E System Contractor at this time which makes you eligible to apply for consideration. OSSAB members serve at the discretion of the Secretary and make recommendations on behalf of the DNREC licensed professionals to the Secretary. This notification will also be posted on the DNREC website and advertised in the Delaware State News and News Journal newspapers. The Regulations require notification of licensee's 60 days prior to term expiration via the above mentioned methods and by way of this letter. The complete details regarding the OSSAB may be found in Section 4.14 of the Regulations.

If you would like to apply for the Class E System Contractor representative on the OSSAB, please submit an application along with an updated resume by May 1, 2018 to:

DNREC/GWDS  
OSSAB Licensing Coordinator  
89 Kings Highway  
Dover, DE 19901
