Re: Route 9, Sussex County to Hawthorne Force Main Permit Application WPCC 3007-20

Dear Department of Natural Resources & Environmental Control,

I, JOHN VINCENT, am writing to you in support of Artesian Wastewater Management, Inc.'s (Artesian) sewer force main construction permit application referenced above. The project and use that Artesian is proposing will benefit property owners by providing necessary sewer utility service.

Yours truly,

A handwritten signature in cursive script that reads "John Vincent". The signature is written in black ink and is positioned above a horizontal line.
